AN ACT to amend the retirement and social security law, in relation to calculating certain pensions

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Subdivision a of section 504 of the retirement and social
2 security law, as amended by chapter 18 of the laws of 2012, is amended
3 to read as follows:
4 a. The service retirement benefit for general members at normal
5 retirement age with twenty or more years of credited service shall be a
6 pension equal to one-fiftieth of final average salary times years of
7 credited service, not in excess of thirty years, less fifty percent of
8 the primary social security retirement benefit as provided in section
9 five hundred eleven of this article. The service retirement benefit for
10 general members at normal retirement age with twenty or more years of
11 service who first become members of the New York state and local employ-
12 ees' retirement system on or after April first, two thousand twelve at
13 normal retirement age shall be a pension equal to the sum of [~~thirty-~~
14 ~~five~~] forty per centum and one-fiftieth of final average salary for each
15 year of service in excess of twenty, but not in excess of thirty, times
16 final average salary times years of credited service.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

LBD06271-10-4

§ 2. Subdivisions a, b and b-1 of section 604 of the retirement and social security law, subdivision a as amended and subdivision b-1 as added by chapter 18 of the laws of 2012, subdivision b as amended by chapter 266 of the laws of 1998 and the opening paragraph of subdivision b as amended by section 8-b of part B of chapter 504 of the laws of 2009, are amended to read as follows:

a. The service retirement benefit at normal retirement age for a member with less than twenty years of credited service[~~, or less than twenty-five years credited service for a member who joins the New York state teachers' retirement system on or after January first, two thousand ten,~~] shall be a retirement allowance equal to one-sixtieth of final average salary times years of credited service. Normal retirement age for members who first become members of a public retirement system of the state on or after April first, two thousand twelve shall be age sixty-three.

b. The service retirement benefit at normal retirement age for a member with twenty years or more of credited service[~~, or with twenty-five or more years credited service for a member who first joins the New York state teachers' retirement system on or after January first, two thousand ten,~~] shall be a retirement allowance equal to one-fiftieth of final average salary times years of credited service not in excess of thirty years.

Credited service in excess of thirty years shall provide an additional retirement allowance equal to three-two hundredths of the final average salary for each year of credited service in excess of thirty years.

b-1. Notwithstanding any other provision of law to the contrary, the service retirement benefit for members with twenty or more years of credit service who first become a member of a public retirement system of the state on or after April first, two thousand twelve at age sixty-three shall be a pension equal to the sum of [~~thirty-five~~ forty] per centum and one-fiftieth of final average salary for each year of service in excess of twenty times final average salary times years of credited service. In no event shall any retirement benefit payable without optional modification be less than the actuarially equivalent annuitized value of the member's contributions accumulated with interest at five percent per annum compounded annually to the date of retirement.

§ 3. Section 1312 of the retirement and social security law, as added by chapter 18 of the laws of 2012, is amended to read as follows:

§ 1312. Benefit enhancements. Notwithstanding any other law to the contrary, eligible employees shall be permitted to retire, without penalty, upon reaching age fifty-seven and completing at least thirty years of credited service. Employees retiring pursuant to this section shall receive a pension allowance equal to the sum of [~~thirty-five~~ forty] per centum and one-fiftieth of final average salary for each year of service in excess of twenty times final average salary times years of credited service.

§ 4. Notwithstanding any other provision of law to the contrary, none of the provisions of this act shall be subject to section 25 of the retirement and social security law.

§ 5. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would change the benefit fraction for a Tier 6 Article 15 member for service greater than 20 years to 40% of FAS plus 2% per year of service greater than 20. Currently the benefit for service greater than 20 years is 35% of FAS plus 2% per year of service greater than 20.

Insofar as this bill affects the New York State and Local Employees' Retirement System (NYSLERS), the increased costs would be shared by the State of New York and the local participating employers in the NYSLERS. If this bill were enacted during the 2024 Legislative Session, the increase in the present value of benefits would be approximately \$1.74 billion.

NYSLERS	Increase in present value benefits	Increase in required contributions
Tiers 1 - 5	\$0	\$332 million
Tier 6	\$1.74 billion	\$1.41 billion
Total	\$1.74 billion	\$1.74 billion

In the NYSLERS, this benefit improvement will be funded by increasing the billing rates charged annually to cover both retrospective and prospective benefit increases. The annual contribution required of all participating employers in NYSLERS is 0.6% of billable salary, or approximately \$76 million to the State of New York and approximately \$110 million to the local participating employers. This permanent annual cost will increase as Tier 6 salary grows and will vary by employer based upon the plan coverage and salary reported in Tier 6.

Summary of relevant resources:

Membership data as of March 31, 2023 was used in measuring the impact of the proposed change, the same data used in the April 1, 2023 actuarial valuation. Distributions and other statistics can be found in the 2023 Report of the Actuary and the 2023 Annual Comprehensive Financial Report.

The actuarial assumptions and methods used are described in the 2023 Annual Report to the Comptroller on Actuarial Assumptions, and the Codes, Rules and Regulations of the State of New York: Audit and Control.

The Market Assets and GASB Disclosures are found in the March 31, 2023 New York State and Local Retirement System Financial Statements and Supplementary Information.

I am a member of the American Academy of Actuaries and meet the Qualification Standards to render the actuarial opinion contained herein.

This fiscal note does not constitute a legal opinion on the viability of the proposed change nor is it intended to serve as a substitute for the professional judgment of an attorney.

This estimate, dated January 25, 2024, and intended for use only during the 2024 Legislative Session, is Fiscal Note No. 2024-43, prepared by the Actuary for the New York State and Local Retirement System.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would amend Section 604 of the Retirement and Social Security Law to improve the retirement benefit formula for Tiers 5 and 6 members of the New York State Teachers' Retirement System. The Tier 5 benefit formula would match the Tier 4 formula with eligibility for the 2.0% multiplier at 20 years of service instead of 25 years as it is currently. The retirement benefit formula for Tier 6 members with 20 or more years of service would be 40% of final average salary plus 2% for each year of service in excess of 20 years. Currently, the benefit formula for Tier 6 members with 20 or more years of service is 35% of final average salary plus 2% for each year of service in excess of 20 years.

The annual cost to the employers of members of the New York State Teachers' Retirement System for this benefit is estimated to be \$75.3 million or 0.39% of payroll if this bill is enacted.

The System's "new entrant rate", a hypothetical employer contribution rate that would occur if we started a new Retirement System without any assets, is equal to 5.31% of pay under the current Tier 6 benefit structure. This can be thought of as the long-term expected employer cost of Tier 6, based on the current actuarial assumptions. For the proposed change to the Tier 6 benefit structure under this bill, this new entrant rate is estimated to increase to 5.99% of pay, an increase of 0.68% of pay.

Member data is from the System's most recent actuarial valuation files as of June 30, 2023, consisting of data provided by the employers to the Retirement System. The most recent data distributions and statistics can be found in the System's Annual Report for fiscal year ended June 30, 2023. System assets are as reported in the System's financial statements and can also be found in the System's Annual Report. Actuarial assumptions and methods are provided in the System's Actuarial Valuation Report as of June 30, 2023.

The source of this estimate is Fiscal Note 2024-6 dated February 2, 2024 prepared by the Office of the Actuary of the New York State Teachers' Retirement System and is intended for use only during the 2024 Legislative Session. I, Richard A. Young, am the Chief Actuary for the New York State Teachers' Retirement System. I am a member of the American Academy of Actuaries and I meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

SUMMARY: This proposed legislation, as it relates to the New York City Retirement Systems and Pension Funds (NYCRS) would increase the percentage of Final Average Salary payable to Tier 6 NYCERS, TRS, and BERS members who retire with 20 or more years of Credited Service.

2049	136.8	191.8	17.3	345.9

Employer Contribution impact beyond Fiscal Year 2049 is not shown.
Projected contributions include future new hires that may be impacted.

The initial increase in employer contributions of \$121.4 million is estimated to be \$94.4 million for New York City and \$27.0 million for the other obligors of NYCERS.

INITIAL INCREASE (DECREASE) IN ACTUARIAL LIABILITIES
as of June 30, 2023 (\$ in Millions)

Present Value (PV)	NYCERS	TRS	BERS
PV of Benefits:	551.1	868.1	74.2
PV of Employee Contributions:	0.0	0.0	0.0
PV of Employer Contributions:	551.1	868.1	74.2
Unfunded Accrued Liabilities:	168.2	232.6	23.8

AMORTIZATION OF UNFUNDED ACCRUED LIABILITY

	NYCERS	TRS	BERS
Number of Payments:	15	19	13
Fiscal Year of Last Payment:	2039	2043	2037
Amortization Payment:	19.1 M	23.3 M	2.9 M
Additional One-time Payment:	0.2 M	0.1 M	0.0 M

Unfunded Accrued Liability (UAL) increases for active members were amortized over the expected remaining working lifetime of those impacted by the benefit changes using level dollar payments. UAL attributable to terminated vested members was recognized in the first year.

CENSUS DATA: The estimates presented herein are based on preliminary census data collected as of June 30, 2023. The census data for the impacted population is summarized below.

	NYCERS	TRS	BERS
Active Members			
- Number Count:	85,203	60,663	12,932
- Average Age:	42.4	38.1	46.9
- Average Service:	4.4	5.0	4.0
- Average Salary:	78,900	80,000	56,200
Term. Vested Members			
- Number Count:	3,665	3,999	397
- Average Age:	42.0	37.9	44.6

IMPACT ON MEMBER BENEFITS: Currently, the service retirement benefit for Tier 6 basic plan members of NYCERS, TRS, and BERS who have 20 or more years of Credited Service is equal to 35% of Final Average Salary (FAS) plus 2% of FAS for each year of Credited Service in excess of 20.

Under the proposed legislation, the service retirement benefit for Tier 6 basic plan members of NYCERS, TRS, and BERS who have 20 or more years of Credited Service would be equal to 40% of FAS plus 2% of FAS for each year of Credited Service in excess of 20.

ASSUMPTIONS AND METHODS: The estimates presented herein have been calculated based on the Revised 2021 Actuarial Assumptions and Methods of the impacted retirement systems. In addition:

* New entrants were assumed to replace exiting members so that total payroll increases by 3% each year for impacted groups. New entrant demographics were developed based on data for recent new hires and actuarial judgement.

RISK AND UNCERTAINTY: The costs presented in this Fiscal Note depend highly on the actuarial assumptions, methods, and models used, demographics of the impacted population, and other factors such as investment, contribution, and other risks. If actual experience deviates from actuarial assumptions, the actual costs could differ from those presented herein. Quantifying these risks is beyond the scope of this Fiscal Note.

This Fiscal Note is intended to measure pension-related impacts and does not include other potential costs (e.g., administrative and Other Postemployment Benefits).

STATEMENT OF ACTUARIAL OPINION: Marek Tyszkiewicz and Gregory Zelikovsky are members of the Society of Actuaries and the American Academy of Actuaries. We are members of NYCERS but do not believe it impairs our objectivity and we meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein. To the best of our knowledge, the results contained herein have been prepared in accordance with generally accepted actuarial principles and procedures and with the Actuarial Standards of Practice issued by the Actuarial Standards Board.

FISCAL NOTE IDENTIFICATION: This Fiscal Note 2024-34 dated March 22, 2024 was prepared by the Chief Actuary for the New York City Retirement Systems and Pension Funds. This estimate is intended for use only during the 2024 Legislative Session.
