2023-2024 Regular Sessions

IN SENATE

April 18, 2023

Introduced by Sen. JACKSON -- read twice and ordered printed, and when printed to be committed to the Committee on Civil Service and Pensions

AN ACT to amend the retirement and social security law, in relation to the overtime ceiling for correction officers of the Westchester county correction department

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Subdivision l of section 601 of the retirement and social security law is amended by adding a new paragraph (e) to read as follows:

(e) Notwithstanding the provisions of paragraph (c) and subparagraph one of paragraph (d) of this subdivision, commencing on January first, two thousand twenty-four "overtime ceiling" for any correction officer of the Westchester county correction department as defined in section eighty-nine-e of this chapter shall mean the greater of: (i) the overtime ceiling as defined in this subdivision; or (ii) thirty percent of the regular compensation earned by and paid to such member by Westchester county for such member's service as a correction officer.

§ 2. Notwithstanding any provision of law to the contrary, none of the provisions of this act shall be subject to the appropriation requirement of section 25 of the retirement and social security law.

§ 3. All past service costs associated with implementing the provisions of this act shall be borne by the county of Westchester and may be amortized over a period of ten years.

§ 4. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would change the allowable overtime compensation included in the final average salary calculation beginning January 1, 2024 to thirty percent of a member's annual wages if greater than the limits currently defined in Section 601 of the Retirement and Social Security Law for Tier 5 and Tier 6 Westchester County correction officers. Current limits

were set at $15,000 at the inception of each tier, with the Tier 5 limit increasing 3% annually and the Tier 6 limit increasing annually with inflation.

If this bill is enacted during the 2023 legislative session, we anticipate that there will be an increase of approximately $430,000 in the annual contributions of Westchester County for the fiscal year ending March 31, 2024. In future years, this cost will vary as the billing rates and salary of the affected members change.

In addition to the annual contributions discussed above, there will be an immediate past service cost of approximately $2.63 million which will be borne by Westchester County as a one-time payment. This estimate assumes that payment will be made on February 1, 2024. If Westchester County elects to amortize this cost over a 10 year period, the cost for the first year including interest would be $336,000.

These estimated costs are based on 474 affected Tier 5 and Tier 6 correction officers employed by Westchester County, with annual salary of approximately $48.3 million as of March 31, 2022.
