§ 4. Subdivision l of section 601 of the retirement and social security law is amended by adding a new paragraph (e) to read as follows:

§ 6. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would change the allowable overtime compensation included in the final average salary calculation beginning January 1, 2024 to thirty percent of a member's annual wages if greater than the limits currently defined in section 601 of the Retirement and Social Security Law for local county correction officers. Current limits were set at $15,000 at the inception of each tier, with the Tier 5 limit increasing 3% annually and the Tier 6 limit increasing annually with inflation.

If this bill is enacted during the 2023 legislative session, we anticipate that there will be an increase in the annual contributions of the counties employing these correction officers of 0.4% of salary for Tier 5 and 0.9% of salary for Tier 6 for the fiscal year ending March 31, 2024.

In addition to the annual contributions discussed above, there will be an immediate past service cost of approximately 5.00% of the affected correction officers' compensation which will be borne by the counties employing these correction officers as a one-time payment. This estimate assumes that payment will be made on February 1, 2024.

The exact number of members who would be affected by this cannot be readily determined.
