6 percent or more of the daily value for added sugars, as established by
7 the federal Food and Drug Administration.

8 f. "Menu" means the primary writing of a covered establishment from

13 g. "Menu board" means a menu posted inside a covered establishment as
14 well as a menu posted outside a covered establishment, including a
15 drive-through menu.

16 h. "Food item" means a food or beverage item offered for sale by a
17 covered establishment that is listed on a menu, menu board, or food tag,

21 sixty days per calendar year.

22 i. "Point of purchase" means a place where a customer may order food
23 within a covered establishment.

24 j. "Self-serve dispensing point" means a location at which a customer

27 2. Added sugars warning. a. A covered establishment not exempted under
28 subdivision six of this section shall display an added sugars warning
29 next to or directly under the name of each food item with high added
30 sugars content wherever such food item is listed on a menu, menu board,
31 or food tag, and by any self-serve dispensing point at which such food
32 item is dispensed. This requirement applies to any menu item that comes
33 in different flavors, varieties, or combinations if any flavor, variety,
34 or combination has high added sugars content.

35 b. A food item that consists of more than one discrete serving
36 requires an added sugars warning only if each discrete serving has a
37 high added sugars content.

38 c. No later than one year after the department issues the rules and
39 regulations required pursuant to paragraph d of this subdivision, a
40 covered establishment is required to display at least one clearly visi-
41 ble warning on a menu, menu board, food tag, or by a self-serve dispens-
42 ing point pursuant to paragraph a of this subdivision, and shall make a
43 factual warning statement about high added sugars intake prominently,
44 clearly, and conspicuously visible at the point of purchase.

45 d. No later than one year after the effective date of this section,
46 the department shall promulgate rules and regulations designating a
47 warning and factual warning statement.

48 3. Reporting requirement. Once every ninety days, every chain menu

53 4. Report. No later than six years after the effective date of this
54 section, the department shall issue a report reviewing evidence of the
55 impact of this section on food item reformulation and consumer behavior

1 and recommend additional nutrients that should be considered for menu
2 warnings.

3 5. Violations. Any chain restaurant that violates the provisions of
4 this section shall be subject to a civil penalty of not more than two
5 hundred fifty dollars per day for each location not in compliance.

6 6. Exemptions. The added sugars warning required pursuant to subdivi-
7 sion two of this section shall not be required to be displayed next to a
8 food item that is already labeled with an added sugars warning equal or
9 greater in size and similar in general appearance, when such icon is
10 required pursuant to a rule, regulation, ordinance, local law, order, or
11 policy issued by another jurisdiction having the same or substantially
12 similar effect as determined by the commissioner. Food service estab-
13 lishments exempted from the added sugars warning labeling requirement by
14 this subdivision shall be used in determining if a particular food
15 service establishment is a chain restaurant.

16 § 2. Severability. If any provision of this act, or any application of
17 any provision of this act, is held to be invalid, or to violate or be
18 inconsistent with any federal law or regulation, that shall not affect
19 the validity or effectiveness of any other provision of this act, or of
20 any other application of any provision of this act, which can be given
21 effect without that provision or application; and to that end, the
22 provisions and applications of this act are severable.

23 § 3. This act shall take effect one year after it shall have become a
24 law. Effective immediately, the addition, amendment and/or repeal of any
25 rule or regulation necessary for the implementation of this act on its
26 effective date are authorized to be made and completed on or before such
27 effective date.
