21 § 5801. Statement of objectives and legislative findings. New York's
22 existing system of voting and election administration has developed over
23 the course of two centuries and has evolved in response to changing
24 understandings of civil rights and the importance of equitable partic-
25 ipation in government. The legislature hereby finds that equitable,
26 efficient, and accountable elections require transparency and reliable
27 data to better inform the public and the legislative process in decision
28 making regarding election administration and voting rights in the state.
29 Therefore, the legislature finds that it is in the public interest to
30 establish a central institution to reduce the burden on boards of
31 elections, local governments and school districts with regard to storing
32 and sharing election data, provide a nonpartisan and accurate set of
33 data that the public can rely upon, encourage the enactment of
34 evidence-based election policies and legislation, and improve transpar-
35 ency and allow voters to detect inequitable election policies and racial
36 discrimination.

37 § 5802. Establishment of the New York voting and elections database
38 and institute. There is hereby established jointly within the state
