41 and three-quarters per centum of annual wages; and

42 (5) members with wages greater than one hundred thousand per annum
43 shall contribute six per centum of annual wages.

44 Notwithstanding the foregoing, during each of the first three plan
45 years (January first to December thirty-first) in which such member has
46 established membership in the Board of Higher Education Optional Retire-
47 ment Program, such employee shall contribute a percent of annual wages
48 in accordance with the preceding schedule based upon a projection of
49 annual wages provided by the employer.

50 Notwithstanding the foregoing, on and after the effective date of this
51 paragraph, the rate of contribution for members with ten or more years
52 of membership shall be three per centum of annual wages.

53 § 8. Notwithstanding any other provision of law to the contrary, none
54 of the provisions of this act shall be subject to section 25 of the
55 retirement and social security law.

1 § 9. No employee contributions made by a member of a public retire-
 2 ment system prior to the effective date of this act shall be refunded as
 3 a result of this act becoming a law.

4 § 10. This act shall take effect April 1, 2024.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would decrease the member contribution rate to three (3) percent for Tier 5 uniformed court officers and peace officers in the unified court system (UCPO) and all Tier 6 members of the New York State and Local Retirement System (NYSLRS) with ten or more years of membership, effective April 1, 2024. The current member contribution rate for a Tier 5 UCPO is four (4) percent, regardless of membership tenure. The current member contribution rate for Tier 6 members is variable, depending on annual compensation, between three (3) percent and six (6) percent, regardless of membership tenure. There will be no refund of member contributions.

It is anticipated that this proposal will not become law until after the effective date of April 1, 2024, in which case member contribution rates will need to be revised retroactively. This will result in significant administrative costs to the NYSLRS and its more than 3,000 participating employers.

Insofar as this bill affects the New York State and Local Employees' Retirement System (NYSLERS), the increased costs would be shared by the State of New York and the local participating employers in the NYSLERS. If this bill were enacted during the 2024 Legislative Session, the increase in the present value of future costs would be approximately \$2.73 billion.

	Increase in Present Value of Future Costs	Increase in Required Contributions
NYSLERS		
Tiers 1 - 5	\$0.003 billion	\$0.42 billion
Tier 6	\$2.73 billion	\$2.31 billion
Total	\$2.73 billion	\$2.73 billion

In the NYSLERS, this benefit improvement will be funded by (1) billing a past service cost to all participating employers to cover retrospective benefit increases and (2) increasing the Tier 5 UCPO and Tier 6 billing rates charged annually to cover prospective benefit increases, as follows:

(1) To fund retrospective costs, we anticipate an increase in the billing rates charged annually to all participating employers by approximately 0.3% of salary, beginning with the fiscal year ending March 31, 2026.

(2) To fund prospective costs, there would be a further increase in the annual billing rate for any Tier 5 UCPO by 0.4% of salary (for a 0.7% total annual rate increase) and further increase the annual billing rates for all Tier 6 members in the NYSLERS by 1.2% of salary (for a 1.5% total annual rate increase) beginning with the fiscal year ending March 31, 2026. This permanent annual cost will vary in subsequent billing cycles with changes in the billing rate and salary of the affected members.

Insofar as this bill affects the New York State and Local Police and Fire Retirement System (NYSLPFRS), the increased costs would be shared by the State of New York and the local participating employers in the NYSLPFRS. If this bill were enacted during the 2024 Legislative Session,

the increase in the present value of future costs would be approximately \$555 million.

NYSLPFRS	Increase in Present Value of Future Costs	Increase in Required Contributions
Tiers 1 - 5	\$0	\$45 million
Tier 6	\$555 million	\$510 million
Total	\$555 million	\$555 million

In the NYSLPFRS, this benefit improvement will be funded by (1) billing a past service cost to all participating employers to cover retrospective benefit increases and (2) increasing the Tier 6 billing rates charged annually to cover prospective benefit increases, as follows:

(1) To fund retrospective costs, we anticipate an increase in the billing rates charged annually to all participating employers by approximately 0.2% of salary, beginning with the fiscal year ending March 31, 2026.

(2) To fund prospective costs, there would be a further increase in the annual billing rate for all Tier 6 members in the NYSLPFRS by 1.6% of salary (for a 1.8% total annual rate increase) beginning with the fiscal year ending March 31, 2026. This permanent annual cost will vary in subsequent billing cycles with changes in the billing rate and salary of the affected members.

These estimated costs are based on 265,829 Tier 5 UCPO and Tier 6 members with annual salary of approximately \$12 billion in the NYSLERS and 16,538 Tier 6 members with annual salary of approximately \$1.5 billion in the NYSLPFRS, as of March 31, 2023.

Membership data as of March 31, 2023 was used in measuring the impact of the proposed change, the same data used in the April 1, 2023 actuarial valuation. Distributions and other statistics can be found in the 2023 Report of the Actuary and the 2023 Annual Comprehensive Financial Report.

The actuarial assumptions and methods used are described in the 2023 Annual Report to the Comptroller on Actuarial Assumptions, and the Codes, Rules and Regulations of the State of New York: Audit and Control.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

As it relates to the New York State Teachers' Retirement System, this bill would amend Section 613 of the Retirement and Social Security Law to reduce the required employee contribution rate for Tier 5 and 6 members who have attained ten or more years of membership to a flat 3.0% of salary, payable over the remainder of their careers. Currently, Tier

5 members are required to contribute at a rate of 3.5% of salary, and Tier 6 members are required to contribute between 3.0% and 6.0% of salary, according to a salary-based schedule. No contributions made before the effective date of this bill would be refunded. This change would be effective on April 1, 2024.

The annual cost to the employers of members of the New York State Teachers' Retirement System for this benefit is estimated to be \$134.9 million or 0.70% of payroll if this bill is enacted.

The System's "new entrant rate", a hypothetical employer contribution rate that would occur if we started a new Retirement System without any assets, is equal to 5.31% of pay under the current Tier 6 benefit structure. This can be thought of as the long-term expected employer cost of Tier 6, based on current actuarial assumptions. For the proposed change to the Tier 6 benefit structure under this bill, this new entrant rate is estimated to increase to 6.26% of pay, an increase of 0.95% of pay.

Member data is from the System's most recent actuarial valuation files as of June 30, 2023, consisting of data provided by the employers to the Retirement System. The most recent data distributions and statistics can be found in the System's Annual Report for fiscal year ended June 30, 2023. System assets are as reported in the System's financial statements and can also be found in the System's Annual Report. Actuarial assumptions and methods are provided in the System's Actuarial Valuation Report as of June 30, 2023.

graphics were developed based on data for recent new hires and actuarial judgement.

RISK AND UNCERTAINTY: The costs presented in this Fiscal Note depend highly on the actuarial assumptions, methods, and models used, demographics of the impacted population, and other factors such as investment, contribution, and other risks. If actual experience deviates from actuarial assumptions, the actual costs could differ from those presented herein. Quantifying these risks is beyond the scope of this Fiscal Note.
