27 shall offer for sale at retail a spice which exceeds the maximum limits  
28 for lead set forth below.

29 2. The presence of any lead in any spice offered for sale at retail  
30 shall not exceed 0.60 parts per million (ppm) for fruit and berry spic-  
31 es, 1.5 ppm for root and rhizome spices, 2 ppm for bark spices, 1 ppm  
32 for bud spices, leaf spices and flower pistil spices, and 0.9 ppm for  
33 seed and aril spices.

34 3. The department shall be authorized to utilize its enforcement  
35 authority to recall spices that exceed the levels set forth in subdivi-  
36 sion two of this section.

37 § 389-w. Enforcement. Whenever there shall be a violation of subdivi-  
38 sion two of section three hundred eighty-nine-v of this article an  
39 application may be made by the attorney general in the name of the  
40 people of the state of New York to a court or justice having jurisdic-  
41 tion by a special proceeding to issue an injunction, and upon notice to  
42 the defendant of not less than five days, to enjoin and restrain the  
43 continuance of such violation; and if it shall appear to the satisfac-  
44 tion of the court or justice that the defendant has, in fact, violated  
45 subdivision two of section three hundred eighty-nine-v of this article,  
46 an injunction may be issued by the court or justice, enjoining and  
47 restraining any further violations, without requiring proof that any  
48 person has, in fact, been injured or damaged thereby. In any such  
49 proceeding, the court may make allowances to the attorney general as  
50 provided in paragraph six of subdivision (a) of section eighty-three  
51 hundred three of the civil practice law and rules, and direct restitu-  
52 tion. Whenever the court shall determine that a violation of subdivision  
53 two of section three hundred eighty-nine-v of this article has occurred,  
54 the court may impose a civil penalty of not more than five hundred  
55 dollars for each violation. Each retail sale of a spice contaminated  
56 with lead in excess of the maximum limits shall constitute a separate

1 violation. In connection with any such proposed application, the attor-  
2 ney general is authorized to take proof and make a determination of the  
3 relevant facts and to issue subpoenas in accordance with the civil prac-  
4 tice law and rules.

5 § 389-x. Preemption and severability. 1. In the event that the federal  
6 government whether by statute or regulation has established a maximum  
7 limit of lead in spices sold at retail, such limit shall supersede the  
8 provisions of this article and shall apply on and after the effective  
9 date of such change. Provided, however, that unless and until such  
10 adoption, the maximum limit established in this article shall govern,  
11 and any provision of any local law, ordinance or any rule or regulation  
12 promulgated by the department shall upon the effective date of this  
13 section be preempted. Nothing in this section shall be construed to  
14 restrict a municipality from enforcing the provisions of this subdivi-  
15 sion as it relates to inspection or monitoring of food safety as  
16 required by the commissioner or the department.

17 2. If any provision of this article or the application thereof to any  
18 person or circumstance is held unconstitutional, such invalidity shall  
19 not affect other provisions or applications of this section which can be  
20 given effect without the invalid provision or application, and to this  
21 end the provisions of this section are severable.

22 § 2. This act shall take effect one year after it shall have become a  
23 law. Effective immediately, the addition, amendment and/or repeal of any  
24 rule or regulation necessary for the implementation of this act on its  
25 effective date are authorized to be made and completed on or before such  
26 effective date.
