AN ACT to amend the executive law, in relation to amendments to a tribal-state compact with the Seneca Nation of Indians

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Legislative intent. The state legislature finds that the continued operation of the Seneca Nation of Indians' Class III gaming operations will create continued economic benefit for the people of the state of New York, and further recognizes that the state and the Seneca Nation of Indians must negotiate a tribal-state compact in good faith in compliance with the Indian Gaming Regulatory Act, 25 U.S.C. 2701 et seq. 7 The state legislature also acknowledges that the prior tribal-state compact between the state and the Seneca Nation of Indians granted certain gaming exclusivity rights to the Nation, and that any new 9 10 tribal-state gaming compact must preserve the exclusivity rights within 11 the exclusivity zone. The state legislature also finds that the state 12 continues to have a significant interest in ensuring that any tribalstate compact is consistent with, to the fullest extent possible, certain state laws, including, but not limited to, the labor law, the 14 workers' compensation law, and the human rights law. These laws provide 15 for the granting of benefits, rights and privileges which improve the 16 economic quality of life and personal safety of persons who will be 17 employed within a gaming facility either by the Nation or by any person, 19 corporation, firm or entity engaged by the Nation, to operate, adminis-20 ter or manage the gaming facility. § 2. Section 12 of the executive law is amended by adding a new subdi-
