1 Section 1. Section 1000 of the retirement and social security law is  
2 amended by adding a new subdivision 8-a to read as follows:

3 8-a. A person who retired prior to May thirty-first, two thousand  
4 sixteen and who would have been entitled to the provisions of this  
5 section, may make application to such retirement system no later than  
6 December thirty-first, two thousand twenty-four for a supplemental mili-  
7 tary retirement allowance pursuant to this subdivision. The supple-  
8 mental retirement allowance provided by this subdivision shall be in  
9 lieu of any benefit otherwise provided pursuant to this section and any  
10 credit granted for military service with any retirement system of this  
11 state pursuant to any other section of law. Upon receipt of an applica-  
12 tion, the retirement system shall determine the amount of service credit  
13 such person would have been entitled to receive pursuant to subdivisions  
14 one and two of this section, subject to the limitations contained in  
15 this section. The supplemental military retirement allowance shall equal  
16 the retirement allowance of such person, computed without optional  
17 modification and not to exceed fifteen thousand dollars, multiplied by

5 exclude any annuity derived from voluntary contributions made by the  
6 individual, except those made pursuant to elections under subdivision  
7 one of section five hundred eleven-a or paragraph c of subdivision three

12 pursuant to this subdivision shall be payable for the life of the  
13 retired member only, except that the surviving spouse of a deceased  
14 member who retired under an option providing a benefit to be continued

9 ment and social security law. Said percentage is set forth in subdivi-  
10 sion d of this section.

11 § 6. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would amend Section 1000 of the Retirement and Social Security Law to allow retirees of the New York State and Local Retirement Systems to apply for a supplemental pension benefit based upon prior military service that was not creditable to the member prior to retirement. The member must have retired prior to May 31, 2016. The amount of the supplemental benefit is equal to the single life allowance plus any cost-of-living adjustment, not to exceed \$15,000, multiplied by 3% for each year of military service credit granted, not to exceed three years. The surviving spouse and lifetime beneficiary of a deceased retiree shall receive half of what the deceased member would have received.

An eligible retiree must file an application for the supplemental pension no later than December 31, 2024, but will not be required to make any payment to obtain the benefit. The payment of the supplemental benefit will begin with the first monthly pension payment issued at least 30 days after receipt of the application.

Insofar as this bill affects the New York State and Local Employees' Retirement System (NYSLERS), pursuant to Section 25 of the Retirement and Social Security Law, the increased costs would be borne entirely by the State of New York and would require an itemized appropriation sufficient to pay the cost of the provision. If this bill were enacted during the 2024 Legislative Session, the increase in the present value of benefits would be approximately \$52.9 million.

In the NYSLERS, this benefit improvement will be funded entirely by billing a past service cost to cover retrospective benefit increases. To fund these retrospective costs, the State of New York will be required to pay \$59.0 million (including interest) as of March 1, 2025.

Insofar as this bill affects the New York State and Local Police and Fire Retirement System (NYSLPFRS), the increased costs would be shared by the State of New York and the local participating employers in the NYSLPFRS. If this bill were enacted during the 2024 Legislative Session, the increase in the present value of benefits would be approximately \$25 million.

NYSLPFRS	Increase in present value benefits	Increase in required contributions
Tiers 1 - 5	\$25 million	\$12 million
Tier 6	\$0 million	\$13 million
Total	\$25 million	\$25 million

In the NYSLPFRS, this benefit improvement is funded by increasing the billing rates charged annually to cover the retrospective benefit increases. The annual contribution required of all participating employers in NYSLPFRS is 0.1% of billable salary, or approximately \$860,000 to

the State of New York and approximately \$3.52 million to the local participating employers. This permanent annual cost will vary in subsequent billing cycles with changes in the billing rate and salary of the members in the NYSLPFRS.

The exact number of retirees that could be affected by this legislation cannot be readily determined.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

CENSUS DATA: The number of members who will receive an additional benefit due to this proposed legislation is unknown. The estimates presented herein are based on preliminary census data collected as of June 30, 2023 and military service purchased under Chapter 41 of the Laws of 2016. The census data for the potentially impacted population is summarized below.

	NYCERS	TRS	BERS	POLICE	FIRE
Receiving Members					
- Number Count:	98,370	64,179	11,736	41,101	12,498
- Average Age:	76.0	78.0	79.0	66.0	71.0

A NYCERS retiree would be eligible to receive the Supplemental Retirement Allowance (Eligible Recipient) if he or she:

- o Retired prior to May 31, 2016 and was therefore ineligible for Chapter 41 of the Laws of 2016 due to its May 31, 2016 effective date,
- o Would have otherwise met the current eligibility criteria of Retirement and Social Security Law Section 1000, and
- o Files an application for such benefit by December 31, 2024.

IMPACT ON MEMBER BENEFITS: The annual Supplemental Retirement Allowance would be equal to 0.25% for each month of qualifying military service (not to exceed 36 months) multiplied by the retirement allowance, not to exceed \$15,000. The initial maximum Supplemental Retirement Allowance would not exceed \$1,350 per year (i.e., \$15,000 x 0.25% x 36 months = \$1,350 per year). The Supplemental Retirement Allowance would be in lieu of any other retirement benefit provided for military service.

The full Supplemental Retirement Allowance would be payable for the Eligible Recipient's lifetime and half of the Supplemental Retirement Allowance would be payable to a surviving spouse if the retiree chose an optional form of payment. The initial Supplemental Retirement Allowance would be subject to the Cost-of-Living Adjustment (COLA) provisions, but only to the extent that the total retirement allowance including the Supplemental Retirement Allowance is less than \$18,000 per year.

ASSUMPTIONS AND METHODS: The estimates presented herein have been calculated based on the Revised 2021 Actuarial Assumptions and Methods of the impacted retirement systems. In addition:

- o Military service for members who retired prior to May 31, 2016 would be consistent with active military service purchased under Chapter 41 of the Law of 2016 (i.e., percent of population with eligible service, eligible military service of 2.5 years).

- o Joint and Survivor elections would be the same percentage as current retirees.

- o The average COLA applicable to the Supplemental Retirement Allowance was assumed to be zero.

- o The Supplemental Retirement Allowance was assumed to be provided without cost to Eligible Recipients.

The number of retirees who will benefit from this fiscal note is unknown. The cost of this proposed legislation could vary greatly depending on the number of retirees who benefit.

RISK AND UNCERTAINTY: The costs presented in this Fiscal Note depend highly on the actuarial assumptions, methods, and models used, demographics of the impacted population, and other factors such as investment, contribution, and other risks. If actual experience deviates from actuarial assumptions, the actual costs could differ from those presented herein. Quantifying these risks is beyond the scope of this Fiscal Note.

This Fiscal Note is intended to measure pension-related impacts and does not include other potential costs (e.g., administrative and Other Postemployment Benefits).

STATEMENT OF ACTUARIAL OPINION: Marek Tyszkiewicz and Gregory Zelikovsky are members of the Society of Actuaries and the American Academy of Actuaries. We are members of NYCERS but do not believe it impairs our objectivity and we meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein. To the best of our knowledge, the results contained herein have been prepared in accordance with generally accepted actuarial principles and procedures and with the Actuarial Standards of Practice issued by the Actuarial Standards Board.

FISCAL NOTE IDENTIFICATION: This Fiscal Note 2024-65 dated May 21, 2024 was prepared by the Chief Actuary for the New York City Retirement Systems and Pension Funds. This estimate is intended for use only during the 2024 Legislative Session.
