AN ACT to amend the public officers law, in relation to time frames for responding to requests for records under the freedom of information act

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Subdivision 3 of section 89 of the public officers law, as
2 amended by chapter 223 of the laws of 2008 and paragraph (c) as added by
3 chapter 47 of the laws of 2018, is amended to read as follows:

4 3. (a) Each entity subject to the provisions of this article, within
5 five business days of the receipt of a written request for a record
6 reasonably described, shall make such record available to the person
7 requesting it, deny such request in writing or furnish a written
8 acknowledgement of the receipt of such request [~~and a statement of the~~
9 ~~approximate date, which shall be reasonable under the circumstances of~~
10 ~~the request, when such request will be granted or denied~~], including,
11 where appropriate, a statement that access to the record will be deter-
12 mined in accordance with subdivision five of this section. If such
13 acknowledgement is not furnished within five business days, such request
14 shall be deemed denied and is appealable.

15 (i) (A) An acknowledgement shall include a statement of the approxi-
16 mate date, which shall be reasonable under the circumstances of the
17 request and which shall not exceed thirty days from receipt of the
18 original request, when such request will be granted or denied, and a
19 statement explaining why such delay is necessary under the circumstance
20 of the request. If a response is not issued by the date stated in the
21 acknowledgment, the request shall be deemed denied and is appealable,
22 except as provided for in clause (B) of this subparagraph.

23 (B) An agency may only extend the response date beyond thirty days if
24 such agency determines to grant a request in whole or in part and if the
25 agency is unable to complete its response within thirty days. In such
26 case, such agency shall state in writing both the reason that the

response could not be completed within thirty days and provide a date no later than sixty days from receipt of the original request when such request shall be granted in whole or in part. In no case shall an agency take longer than sixty days to respond to a request. If a full response is not issued within sixty days, the request shall be deemed denied and is appealable.

(ii) An agency shall not deny a request on the basis that the request is voluminous or that locating or reviewing the requested records or providing the requested copies is burdensome because the agency lacks sufficient staffing or on any other basis if the agency may engage an outside professional service to provide copying, programming or other services required to provide the copy, the costs of which the agency may recover pursuant to paragraph (c) of subdivision one of section eighty-seven of this article.

(iii) An agency may require a person requesting lists of names and addresses to provide a written certification that such person will not use such lists of names and addresses for solicitation or fund-raising purposes and will not sell, give or otherwise make available such lists of names and addresses to any other person for the purpose of allowing that person to use such lists of names and addresses for solicitation or fund-raising purposes. If an agency determines to grant a request in whole or in part, and if circumstances prevent disclosure to the person requesting the record or records within twenty business days from the date of the acknowledgement of the receipt of the request, the agency shall state, in writing, both the reason for the inability to grant the request within twenty business days and a date certain within a reasonable period, depending on the circumstances, when the request will be granted in whole or in part.

(iv) Upon payment of, or offer to pay, the fee prescribed therefor, the entity shall provide a copy of such record and certify to the correctness of such copy if so requested, or as the case may be, shall certify that it does not have possession of such record or that such record cannot be found after diligent search.

(v) Nothing in this article shall be construed to require any entity to prepare any record not possessed or maintained by such entity except the records specified in subdivision three of section eighty-seven and subdivision three of section eighty-eight of this article. When an agency has the ability to retrieve or extract a record or data maintained in a computer storage system with reasonable effort, it shall be required to do so. When doing so requires less employee time than engaging in manual retrieval or redactions from non-electronic records, the agency shall be required to retrieve or extract such record or data electronically. Any programming necessary to retrieve a record maintained in a computer storage system and to transfer that record to the medium requested by a person or to allow the transferred record to be read or printed shall not be deemed to be the preparation or creation of a new record.

(b) All entities shall, provided such entity has reasonable means available, accept requests for records submitted in the form of electronic mail and shall respond to such requests by electronic mail, using forms, to the extent practicable, consistent with the form or forms developed by the committee on open government pursuant to subdivision one of this section and provided that the written requests do not seek a response in some other form.

1 (c) Each state agency, as defined in subdivision five of this section,
2 that maintains a website shall ensure its website provides for the
3 online submission of a request for records pursuant to this article.
4 § 2. This act shall take effect January 1, 2025.
