31 ter 57 of the laws of 2023, is amended to read as follows:
32 § 40. The superintendent of financial services shall establish rates
33 for policies providing coverage for physicians and surgeons medical
34 malpractice for the periods commencing July 1, 1985 and ending June 30,
35 [2024] 2025; provided, however, that notwithstanding any other provision
36 of law, the superintendent shall not establish or approve any increase
37 in rates for the period commencing July 1, 2009 and ending June 30,
38 2010. The superintendent shall direct insurers to establish segregated
39 accounts for premiums, payments, reserves and investment income attrib-
40 utable to such premium periods and shall require periodic reports by the
41 insurers regarding claims and expenses attributable to such periods to
42 monitor whether such accounts will be sufficient to meet incurred claims
43 and expenses. On or after July 1, 1989, the superintendent shall impose
44 a surcharge on premiums to satisfy a projected deficiency that is
45 attributable to the premium levels established pursuant to this section
46 for such periods; provided, however, that such annual surcharge shall
47 not exceed eight percent of the established rate until July 1, [2024]
48 2025, at which time and thereafter such surcharge shall not exceed twen-
49 ty-five percent of the approved adequate rate, and that such annual
50 surcharges shall continue for such period of time as shall be sufficient
51 to satisfy such deficiency. The superintendent shall not impose such
52 surcharge during the period commencing July 1, 2009 and ending June 30,
53 2010. On and after July 1, 1989, the surcharge prescribed by this
54 section shall be retained by insurers to the extent that they insured
55 physicians and surgeons during the July 1, 1985 through June 30, [2024]
56 2025 policy periods; in the event and to the extent physicians and

1 surgeons were insured by another insurer during such periods, all or a
2 pro rata share of the surcharge, as the case may be, shall be remitted
3 to such other insurer in accordance with rules and regulations to be
4 promulgated by the superintendent. Surcharges collected from physicians
5 and surgeons who were not insured during such policy periods shall be
6 apportioned among all insurers in proportion to the premium written by
7 each insurer during such policy periods; if a physician or surgeon was
8 insured by an insurer subject to rates established by the superintendent
9 during such policy periods, and at any time thereafter a hospital,
10 health maintenance organization, employer or institution is responsible
11 for responding in damages for liability arising out of such physician's
12 or surgeon's practice of medicine, such responsible entity shall also
13 remit to such prior insurer the equivalent amount that would then be
14 collected as a surcharge if the physician or surgeon had continued to
15 remain insured by such prior insurer. In the event any insurer that
16 provided coverage during such policy periods is in liquidation, the
17 property/casualty insurance security fund shall receive the portion of
18 surcharges to which the insurer in liquidation would have been entitled.
19 The surcharges authorized herein shall be deemed to be income earned for
20 the purposes of section 2303 of the insurance law. The superintendent,
21 in establishing adequate rates and in determining any projected defi-
22 ciency pursuant to the requirements of this section and the insurance
23 law, shall give substantial weight, determined in his discretion and
24 judgment, to the prospective anticipated effect of any regulations
25 promulgated and laws enacted and the public benefit of stabilizing
26 malpractice rates and minimizing rate level fluctuation during the peri-

28 experience as to the efficacy of such laws and regulations affecting
29 medical, dental or podiatric malpractice enacted or promulgated in 1985,
30 1986, by this act and at any other time. Notwithstanding any provision
31 of the insurance law, rates already established and to be established by
32 the superintendent pursuant to this section are deemed adequate if such
33 rates would be adequate when taken together with the maximum authorized
34 annual surcharges to be imposed for a reasonable period of time whether
35 or not any such annual surcharge has been actually imposed as of the
36 establishment of such rates.
37 § 5. Section 5 and subdivisions (a) and (e) of section 6 of part J of

(a) **(i)** [~~As a condition for participation in pool distributions authorized pursuant to this section and section twenty-eight hundred seven-w of this article for~~] **For** periods on and after January first, two thousand nine, general hospitals shall, effective for periods on and after January first, two thousand [~~seven, establish~~] **twenty-five, adopt and implement the uniform** financial [~~aid policies and procedures, in accordance with the provisions of this subdivision,~~] **assistance form and policy, to be developed and issued by the commissioner. This section shall apply to any general hospital including any affiliated providers or entity acting on the general hospital's or affiliated provider's behalf. As used in this section, "affiliated provider" means a provider that is billing for medical goods or services that were delivered at a general hospital that is: (A) employed by the hospital; (B) under a professional services agreement with the hospital; or (C) a clinical faculty member of a medical school or other school that trains individuals to be providers and that is affiliated with the hospital or health system. General hospitals, shall implement the uniform policy and form** for reducing **general hospital** charges otherwise applicable to low-income individuals [~~without health insurance, or who have exhausted their health insurance benefits, and~~] who can demonstrate an inability to pay full charges, and also, at the hospital's discretion, for reducing or discounting the collection of co-pays and deductible payments from those individuals who can demonstrate an inability to pay such amounts. **Immigration status shall not be an eligibility criterion for the purpose of determining financial assistance under this section.**

(ii) A general hospital may use the New York state of health marketplace eligibility determination page to establish the patient's household income and residency in lieu of the financial application form, provided it has secured the consent of the patient. A general hospital shall not require a patient to apply for coverage through the New York state of health marketplace in order to receive care or financial assistance.

(iii) Upon submission of a completed application form, the patient is not liable for any bills and no interest may accrue until the general hospital has rendered a decision on the application in accordance with this subdivision.

(b) Such reductions from charges for [~~uninsured~~] patients with incomes below at least [~~three~~] **six** hundred percent of the federal poverty level shall result in a charge to such individuals that does not exceed [~~the~~

greater of] the amount that would have been paid for the same services [by the "highest volume payor" for such general hospital as defined in subparagraph (v) of this paragraph, or for services provided pursuant to title XVIII of the federal social security act (medicare), or for services] provided pursuant to title XIX of the federal social security act (medicaid), and provided further that such amounts shall be adjusted according to income level as follows:

(i) For patients with incomes [at or] below at least [one] two hundred percent of the federal poverty level, the hospital shall [collect no more than a nominal payment amount, consistent with guidelines established by the commissioner] waive all charges. No nominal payment shall be collected;

(ii) For patients with incomes between at least [one] two hundred [one] percent and [one] up to four hundred [fifty] percent of the federal poverty level, the hospital shall collect no more than the amount identified after application of a proportional sliding fee schedule under which patients with lower incomes shall pay the lowest amount. Such schedule shall provide that the amount the hospital may collect for such patients increases from the nominal amount described in subparagraph (i) of this paragraph in equal increments as the income of the patient increases, up to a maximum of twenty percent of the [greater of the] amount that would have been paid for the same services [by the "highest volume payor" for such general hospital, as defined in subparagraph (v) of this paragraph, or for services provided pursuant to title XVIII of the federal social security act (medicare) or for services] provided pursuant to title XIX of the federal social security act (medicaid). After receipt of thirty-six payments at the agreed upon monthly amount, the patient's bill shall be considered paid in full and any and all collection activities on any balance that remains unpaid shall be prohibited;

(iii) [For patients with incomes between at least one hundred fifty-one percent and two hundred fifty percent of the federal poverty level, the hospital shall collect no more than the amount identified after application of a proportional sliding fee schedule under which patients with lower income shall pay the lowest amounts. Such schedule shall provide that the amount the hospital may collect for such patients increases from the twenty percent figure described in subparagraph (ii) of this paragraph in equal increments as the income of the patient increases, up to a maximum of the greater of the amount that would have been paid for the same services by the "highest volume payor" for such general hospital, as defined in subparagraph (v) of this paragraph, or for services provided pursuant to title XVIII of the federal social security act (medicare) or for services provided pursuant to title XIX of the federal social security act (medicaid); and

(iv)] For patients with incomes between at least [two] four hundred [fifty-one] percent and [three] six hundred percent of the federal poverty level, the hospital shall collect no more than the [greater of the] amount that would have been paid for the same services [by the "highest volume payor" for such general hospital as defined in subparagraph (v) of this paragraph, or for services provided pursuant to title XVIII of the federal social security act (medicare), or for services] provided pursuant to title XIX of the federal social security act (medicaid). After receipt of sixty payments at the agreed upon monthly amount, the patient's bill shall be considered paid in full and any and all collection activities on any balance that remains unpaid shall be prohibited; and

[~~(v) For the purposes of this paragraph, "highest volume payor" shall mean the insurer, corporation or organization licensed, organized or certified pursuant to article thirty-two, forty-two or forty-three of the insurance law or article forty-four of this chapter, or other third-party payor, which has a contract or agreement to pay claims for services provided by the general hospital and incurred the highest volume of claims in the previous calendar year.~~

~~(vi) A hospital may implement policies and procedures to permit, but not require, consideration on a case-by-case basis of exceptions to the requirements described in subparagraphs (i) and (ii) of this paragraph based upon the existence of significant assets owned by the patient that should be taken into account in determining the appropriate payment amount for that patient's care, provided, however, that such proposed policies and procedures shall be subject to the prior review and approval of the commissioner and, if approved, shall be included in the hospital's financial assistance policy established pursuant to this section, and provided further that, if such approval is granted, the maximum amount that may be collected shall not exceed the greater of the amount that would have been paid for the same services by the "highest volume payor" for such general hospital as defined in subparagraph (v) of this paragraph, or for services provided pursuant to title XVIII of the federal social security act (medicare), or for services provided pursuant to title XIX of the federal social security act (medicaid). In the event that a general hospital reviews a patient's assets in determining payment adjustments such policies and procedures shall not consider as assets a patient's primary residence, assets held in a tax-deferred or comparable retirement savings account, college savings accounts, or cars used regularly by a patient or immediate family members.~~

~~(vii)~~] **(iv)** Nothing in this [~~paragraph~~] **subdivision** shall be construed to limit a hospital's ability to establish patient eligibility for payment discounts at income levels higher than those specified herein and/or to provide greater payment discounts for eligible patients than those required by this [~~paragraph~~] **subdivision**.

(c) [~~Such policies and procedures shall be clear, understandable, in writing and publicly available in summary form and each~~] **Each** general hospital [~~participating in the pool~~] shall ensure that every patient is made aware of the existence of [~~such policies and procedures~~] **the uniform financial assistance form and policy** and is provided, in a timely manner, with a [~~summary~~] **copy** of [~~such policies and procedures upon request~~] **the policy and form at intake and discharge**. [~~Any summary provided to patients shall, at a minimum, include specific information as to income levels used to determine eligibility for assistance, a description of the primary service area of the hospital and the means of applying for assistance. For general hospitals with twenty-four hour emergency departments, such policies and procedures~~] **A plain language summary of the collections process must also be made available. A general hospital** shall require the **written** notification of patients **or their authorized representatives** during the intake and registration process, **during discharge of the patient,** through the conspicuous posting of language-appropriate information in the general hospital**, including emergency departments, waiting areas and other places patients congregate**, and **through** information on bills and statements sent to patients, that financial [~~aid~~] **assistance** may be available to qualified patients and how to obtain further information. For specialty hospitals without twenty-four hour emergency departments, such notification shall take

1 place through written materials provided to patients during the intake
2 and registration process prior to the provision of any health care
3 services or procedures, **during discharge of the patient,** and through
4 information on bills and statements sent to patients, that financial
5 [~~aid~~] **assistance** may be available to qualified patients and how to
6 obtain further information. Application materials shall include a notice
7 to patients that upon submission of a completed application, including
8 any information or documentation needed to determine the patient's
9 eligibility pursuant to the hospital's financial assistance policy, the
10 patient may disregard any bills until the hospital has rendered a deci-
11 sion on the application in accordance with this paragraph. **General**
12 **hospitals shall post the uniform financial assistance application policy**
13 **and form, and the summary of the collection process, in a conspicuous**
14 **location and downloadable form on the general hospital's website. The**
15 **commissioner shall post the uniform financial assistance form and policy**
16 **in downloadable form on the department's hospital profile page or any**
17 **successor website.**
18 (d) [~~Such policies and procedures~~] **The commissioner shall provide**
19 **application materials to general hospitals, including the uniform finan-**
20 **cial assistance application form and policy. These application materials**
21 **shall include a notice to patients that upon submission of a completed**
22 **application form, the patient shall not be liable for any bills until**
23 **the general hospital has rendered a decision on the application in**
24 **accordance with this subdivision. The application materials shall**
25 **include specific information as the income levels used to determine**
26 **eligibility for financial assistance and the means to apply for assist-**
27 **ance. Nothing in this subdivision shall be construed as precluding the**
28 **use of presumptive eligibility determinations by hospitals on behalf of**
29 **patients. The uniform application form and policy** shall include clear,
30 objective criteria for determining a patient's ability to pay and for
31 providing such adjustments to payment requirements as are necessary. In
32 addition to adjustment mechanisms such as sliding fee schedules and
33 discounts to fixed standards, [~~such policies and procedures~~] **the uniform**
34 **policy** shall also provide for the use of installment plans for the
35 payment of outstanding balances by patients [~~pursuant to the provisions~~
36 ~~of the hospital's financial assistance policy~~]. The monthly payment
37 under such a plan shall not exceed [~~ten~~] **five** percent of the gross
38 monthly income of the patient[~~, provided, however, that if patient~~
39 ~~assets are considered under such a policy, then patient assets which are~~
40 ~~not excluded assets pursuant to subparagraph (vi) of paragraph (b) of~~
41 ~~this subdivision may be considered in addition to the limit on monthly~~
42 ~~payments~~]. **Installment plan payments shall not be required to begin**
43 **before one hundred eighty days after the date of the service or**
44 **discharge, whichever is later. The policy shall allow the patient and**
45 **the hospital to mutually agree to modify the terms of an installment**
46 **plan.** The rate of interest charged to the patient on the unpaid balance,
47 if any, shall not exceed [~~the rate for a ninety-day security issued by~~
48 ~~the United States Department of Treasury, plus .5~~] **two** percent and no
49 plan shall include an accelerator or similar clause under which a higher
50 rate of interest is triggered upon a missed payment. [~~If such policies~~
51 ~~and procedures~~] **The uniform policy shall not** include a requirement of a
52 deposit prior to [~~non-emergent,~~] medically-necessary care[~~, such deposit~~
53 ~~must be included as part of any financial aid consideration~~]. [~~Such~~
54 ~~policies and procedures~~] **The hospital shall refund any payments made by**
55 **the patient before the determination of eligibility for financial**
56 **assistance that exceeds the patient's liability after discounts are**

1 applied. The uniform policy shall be applied consistently to all eligi-
2 ble patients.
3 (e) [Such policies and procedures] The uniform policy shall permit
4 patients to apply for assistance [within at least ninety days of the
5 date of discharge or date of service and provide at least twenty days
6 for patients to submit a completed application] at any time during the
7 collection process. [Such policies and procedures may require that] A
8 determination that a patient is eligible for financial assistance shall
9 be valid for a minimum of twelve months and will apply to all outstand-
10 ing medical bills. A hospital may use credit scoring software for the
11 purposes of establishing income eligibility and approving financial
12 assistance, but only if the hospital makes clear to the patient that
13 providing a social security number is not mandatory and the scoring does
14 not negatively impact the patient's credit score. However, credit scor-
15 ing software shall not be solely relied upon by the hospital in denying
16 a patient's application for financial assistance. Further, propensity-
17 to-pay scores shall not disqualify patients who otherwise qualify for
18 eligibility from receiving financial assistance. The uniform policy and
19 form shall allow patients seeking [payment adjustments] financial
20 assistance to provide [appropriate] the following financial information
21 and documentation in support of their application[, provided, however,
22 that such application process shall not be unduly burdensome or
23 complex.]: paychecks or paystubs; unemployment documentation; social
24 security income; rent receipts; a letter from the patient's employer
25 attesting to the patient's gross income; documentation of eligibility
26 for other means-tested government benefits; or, if none of the aforemen-
27 tioned information and documentation are available, a written self-
28 attestation of the patient's income may be used. General hospitals
29 shall[, upon request,] take measurable steps to assist patients in
30 understanding the [hospital's policies and procedures] uniform policy
31 and form and in applying for [payment adjustments] financial assistance.
32 [Application forms shall be printed] The commissioner shall translate
33 the uniform financial assistance application form and policy into the
34 "primary languages" of each general hospital. Each general hospital
35 shall post these materials to its website and make such materials avail-
36 able to patients through printed copies in the "primary languages" of
37 patients served by the general hospital. For the purposes of this para-
38 graph, "primary languages" shall include any language that is either (i)
39 used to communicate, during at least five percent of patient visits in a
40 year, by patients who cannot speak, read, write or understand the
41 English language at the level of proficiency necessary for effective
42 communication with health care providers, or (ii) spoken by [non-Engl-
43 ish] limited-English speaking individuals comprising more than one
44 percent of the primary hospital service area population, as calculated
45 using demographic information available from the United States Bureau of
46 the Census, supplemented by data from school systems. Decisions regard-
47 ing such applications shall be made within thirty days of receipt of a
48 completed application. [Such policies and procedures] The uniform finan-
49 cial assistance policy shall require that the hospital issue any
50 [denial/approval] denial or approval of such application in writing,
51 which clearly communicates the amount of assistance granted, any amounts
52 still owed, with information on how to appeal the [denial] decision and
53 shall require the hospital to establish an appeals process under which
54 it will evaluate the denial of an application. Nothing in this subdivi-
55 sion shall be interpreted as prohibiting a hospital from making the
56 availability of financial assistance contingent upon the patient first

applying for coverage that will provide reimbursement for the services that were rendered in relation to such financial assistance application under title XIX of the social security act (medicaid) or another publicly-subsidized insurance program if[, in the judgment of the hospital,] the patient [may be] is eligible for medicaid or another publicly-subsidized insurance program, and upon the patient's cooperation in following the [hospital's] uniform financial assistance application [requirements] policy and form, including the provision of information needed to make a determination on the patient's application in accordance with the [hospital's financial assistance] uniform policy, provided, however, this requirement shall not apply to any patient that would otherwise not qualify for coverage based on their immigration status. Any information gathered for such coverage determination shall be kept confidential and shall not be utilized or disclosed by the general hospital, or any other party, for any purpose except to assist the patient in obtaining coverage. The hospital shall inform patients on how to file a complaint against the hospital or a debt collector that is contracted on behalf of the hospital regarding the patient's bill. General hospitals are required to take reasonable measures to determine if a patient is eligible for financial assistance including prior to making a referral to a third-party debt collector or other extraordinary collections measures.

(f) [Such policies and procedures] The uniform financial assistance policy shall provide that patients with incomes below [three] six hundred percent of the federal poverty level are deemed [presumptively] eligible for payment adjustments and shall conform to the requirements set forth in paragraph (b) of this subdivision, provided, however, that nothing in this subdivision shall be interpreted as precluding hospitals from extending such payment adjustments to other patients, either generally or on a case-by-case basis. [Such policies and procedures shall provide financial aid for emergency hospital services, including emergency transfers pursuant to the federal emergency medical treatment and active labor act (42 USC 1395dd), to patients who reside in New York state and for medically necessary hospital services for patients who reside in the hospital's primary service area as determined according to criteria established by the commissioner. In developing such criteria, the commissioner shall consult with representatives of the hospital industry, health care consumer advocates and local public health officials. Such criteria shall be made available to the public no less than thirty days prior to the date of implementation and shall, at a minimum:

(i) prohibit a hospital from developing or altering its primary service area in a manner designed to avoid medically underserved communities or communities with high percentages of uninsured residents;

(ii) ensure that every geographic area of the state is included in at least one general hospital's primary service area so that eligible patients may access care and financial assistance; and

(iii) require the hospital to notify the commissioner upon making any change to its primary service area, and to include a description of its primary service area in the hospital's annual implementation report filed pursuant to subdivision three of section twenty-eight hundred three-l of this article.]

(g) [Nothing in this subdivision shall be interpreted as precluding hospitals from extending payment adjustments for medically necessary non-emergency hospital services to patients outside of the hospital's primary service area.] For patients determined to be eligible for financial [aid] assistance under the terms of [a hospital's] the uniform financial [aid] assistance policy, [such policies and procedures] the

1 uniform financial assistance policy shall prohibit any limitations on
2 financial [aid] assistance for services based on the medical condition
3 of the applicant, other than typical limitations or exclusions based on
4 medical necessity or the clinical or therapeutic benefit of a procedure
5 or treatment.
6 (h) [Such policies and procedures shall not permit the forced] The
7 uniform policy shall prohibit the denial of admission or denial of
8 treatment for services that are reasonably anticipated to be medically
9 necessary because the patient has an unpaid medical bill. A hospital or
10 its agent shall not commence a legal action or force a sale or foreclo-
11 sure of a patient's primary residence in order to collect an outstanding
12 medical bill, and shall [require the hospital to refrain from sending]
13 not send an account to collection [if the patient has submitted a
14 completed application for financial aid, including any required support-
15 ing documentation, while the hospital determines the patient's eligibil-
16 ity for such aid. Such policies and procedures] until the hospital has
17 determined that the patient is not eligible for financial assistance.
18 The uniform policy shall prohibit the sale or transfer of medical debt
19 accumulated pursuant to this section to a third party, unless the third
20 party explicitly purchases such medical debt in order to relieve the
21 debt of the patient. The uniform policy shall provide for written
22 notification, which shall include notification on a patient bill, to a
23 patient not less than thirty days prior to the referral of debts for
24 collection and shall require that the collection agency obtain the
25 hospital's written consent prior to commencing a legal action. [Such
26 policies and procedures] The uniform policy shall prohibit a hospital
27 from commencing a legal action related to the recovery of medical debt
28 or unpaid bills against patients with incomes at or below six hundred
29 percent of the federal poverty level. In any legal action related to the
30 recovery of medical debt or unpaid bills by or on behalf of a hospital,
31 the complaint shall be accompanied by an affidavit by the hospital's
32 chief financial officer stating that based upon the hospital's reason-
33 able effort to determine the patient's income, the patient whom they are
34 taking legal action against does not have an income at or below six
35 hundred percent of the federal poverty level. The uniform policy shall
36 require all general hospital staff who interact with patients or have
37 responsibility for billing and collections to be trained in [such poli-
38 cies and procedures] the uniform policy, and require the implementation
39 of a mechanism for the general hospital to measure its compliance with
40 [such policies and procedures] the uniform policy. [Such policies and
41 procedures] The uniform policy shall require that any collection agency,
42 or agent of the general hospital under contract with a general hospital
43 for the collection of debts follow the hospital's financial assistance
44 policy, including providing information to patients on how to apply for
45 financial assistance where appropriate. [Such policies and procedures]
46 The uniform policy shall prohibit collections from a patient who is
47 determined to be eligible for medical assistance pursuant to title XIX
48 of the federal social security act at the time services were rendered
49 and for which services medicaid payment is available.
50 (i) Reports required to be submitted to the department by each general
51 hospital [as a condition for participation in the pools, and which
52 contain], in accordance with applicable regulations, shall at a minimum
53 contain: (i) a certification from an independent certified public
54 accountant or independent licensed public accountant or an attestation
55 from a senior official of the hospital that the hospital is in compli-

1 ance with conditions of participation in the pools, shall also contain,
2 for reporting periods on and after January first, two thousand seven:
3 [(i)] (ii) a report on hospital costs incurred and uncollected amounts
4 in providing services to eligible patients without insurance[, including
5 the amount of care provided for a nominal payment amount,] during the
6 period covered by the report;
7 [(ii)] (iii) hospital costs incurred and uncollected amounts for
8 deductibles and coinsurance for eligible patients with insurance or
9 other third-party payor coverage;
10 [(iii)] (iv) the number of patients, including their age, race,
11 ethnicity, gender and insurance status, organized according to United
12 States postal service zip code, who applied for financial assistance
13 pursuant to the hospital's financial assistance policy, and the number,
14 organized according to United States postal service zip code, whose
15 applications were approved and whose applications were denied;
16 [(iv)] (v) the reimbursement received for indigent care from the pool
17 established pursuant to this section;
18 [(v)] (vi) the amount of funds that have been expended on charity care
19 from charitable bequests made or trusts established for the purpose of
20 providing financial assistance to patients who are eligible in accord-
21 ance with the terms of such bequests or trusts;
22 [(vi)] (vii) for hospitals located in social services districts in
23 which the district allows hospitals to assist patients with such appli-
24 cations, the number of applications for eligibility under title XIX of
25 the social security act (medicaid) that the hospital assisted patients
26 in completing and the number denied and approved;
27 [(vii)] (viii) the hospital's financial losses resulting from services
28 provided under medicaid; and
29 [(viii)] (ix) the number of referrals to collection agents or
30 contracted external collection vendors, court cases, and liens placed on
31 [the primary] any residences of patients through the collection process
32 used by a hospital.
33 (j) [Within ninety days of the effective date of this subdivision each
34 hospital shall submit to the commissioner a written report on its poli-
35 cies and procedures for financial assistance to patients which are used
36 by the hospital on the effective date of this subdivision. Such report
37 shall include copies of its policies and procedures, including material
38 which is distributed to patients, and a description of the hospital's
39 financial aid policies and procedures. Such description shall include
40 the income levels of patients on which eligibility is based, the finan-
41 cial aid eligible patients receive and the means of calculating such
42 aid, and the service area, if any, used by the hospital to determine
43 eligibility.] The commissioner shall include the data collected under
44 paragraph (i) of this subdivision in regular audits of the annual gener-
45 al hospital institutional cost report.
46 (k) [In the event it is determined by the commissioner that the state
47 will be unable to secure all necessary federal approvals to include, as
48 part of the state's approved state plan under title nineteen of the
49 federal social security act, a requirement, as set forth in paragraph
50 one of this subdivision, that compliance with this subdivision is a
51 condition of participation in pool distributions authorized pursuant to
52 this section and section twenty-eight hundred seven-w of this article,
53 then such condition of participation shall be deemed null and void and,
54 notwithstanding] Notwithstanding section twelve of this chapter, failure
55 to comply with the provisions of this subdivision by a hospital on and
56 after the date of such determination shall make such hospital liable for

1 a civil penalty not to exceed ten thousand dollars for each such
2 violation. The imposition of such civil penalties shall be subject to
3 the provisions of section twelve-a of this chapter.
4 (l) A hospital or its collection agent shall not commence a civil
5 action against a patient or delegate a collection activity to a debt
6 collector for nonpayment for at least one hundred eighty days after the
7 first post-service bill is issued and until a hospital has made reason-
8 able efforts to determine whether a patient qualifies for financial
9 assistance. A hospital or its collection agency, lawyer or firm shall
10 not commence a civil action against a patient or delegate a collection
11 activity to a debt collector, if: the hospital was notified that an
12 appeal or a review of a health insurance decision is pending within the
13 immediately preceding sixty days; or the patient has a pending applica-
14 tion for or qualifies for financial assistance.
15 § 3. The public health law is amended by adding a new section 18-c to
16 read as follows:
17 § 18-c. Separate patient consent for treatment and payment for health
18 care services. Informed consent from a patient to provide any treatment,
19 procedure, examination or other direct health care services shall be
20 obtained separately from such patient's consent to pay for the services.
21 Consent to pay for any health care services by a patient shall not be
22 given prior to the patient receiving such services and discussing treat-
23 ment costs. For purposes of this section, "consent" means an action
24 which: (a) clearly and conspicuously communicates the individual's
25 authorization of an act or practice; (b) is made in the absence of any
26 mechanism in the user interface that has the purpose or substantial
27 effect of obscuring, subverting, or impairing decision-making or choice
28 to obtain consent; and (c) cannot be inferred from inaction.
29 § 4. The general business law is amended by adding two new sections
30 349-g and 519-a to read as follows:
31 § 349-g. Restrictions on applications for and use of credit cards and
32 medical financial products. 1. For purposes of this section, the follow-
33 ing terms shall have the following meanings:
34 (a) "Medical financial products" shall mean medical credit cards and
35 third-party medical installment loans.
36 (b) "Health care provider" shall mean a health care professional
37 licensed, registered or certified pursuant to title eight of the educa-
38 tion law.
39 (c) "Provider offices" shall mean either of the following:
40 (i) An office of a health care provider in solo practice; or
41 (ii) An office in which services or goods are personally provided by
42 the health care provider or by employees in that office, or personally
43 by independent contractors in that office, in accordance with law.
44 Employees and independent contractors shall be licensed or certified
45 when licensure or certification is required by law.
46 2. It shall be prohibited for any individual to complete any portion
47 of an application for medical financial products for the patient or
48 otherwise arrange for or establish an application that is not completely
49 filled out by the patient.
50 § 519-a. Medical financial products; payment for health care services.
51 1. For purposes of this section, the following terms shall have the
52 following meanings:
53 (a) "Credit card" shall have the same meaning as in section five
54 hundred eleven of this article.

1 (b) "Medical credit card" means a credit card issued under an open-
2 ended or closed-ended plan offered specifically for the payment of
3 health care services, products, or devices provided to a person.
4 2. No health care provider shall require credit card pre-authorization
5 nor require the patient to have a credit card on file prior to providing
6 emergency or medically necessary medical services to such patient.
7 3. Health care providers shall notify all patients about the risks of
8 paying for medical services with a credit card. Such notification shall
9 highlight the fact that by using a credit card to pay for medical
10 services, the patient is forgoing state and federal protections that
11 regard medical debt. The commissioner of health shall have the authori-
12 ty and sole discretion to set requirements for the contents of such
13 notices.
14 § 5. This act shall take effect January 1, 2025; provided, however,
15 that if section 1 of subpart C of part Y of chapter 57 of the laws of
16 2023 shall not have taken effect on or before such date then section one
17 of this act shall take effect on the same date and in the same manner as
18 such chapter of the laws of 2023 takes effect.

19 PART P

20 Section 1. Section 8 of part C of chapter 57 of the laws of 2022
21 amending the public health law and the education law relating to allow-
22 ing pharmacists to direct limited service laboratories and order and
23 administer COVID-19 and influenza tests and modernizing nurse practi-
24 tioners, is amended to read as follows:
25 § 8. This act shall take effect immediately and shall be deemed to
26 have been in full force and effect on and after April 1, 2022; provided,
27 however, that sections [~~one, two,~~] three[~~,~~] and four[~~, six and seven~~] of
28 this act shall expire and be deemed repealed [~~two years after it shall~~
29 ~~have become a law~~] April 1, 2026.
30 § 2. Section 5 of chapter 21 of the laws of 2011 amending the educa-

The department shall not consider the availability of an option for an accelerated payment of death benefits or special surrender value pursuant to paragraph one of subsection (a) of section one thousand one hundred thirteen of the insurance law, or an option to enter into a viatical settlement pursuant to the provisions of article seventy-eight of the insurance law, as an available resource in determining eligibility for an amount of such assistance, provided, however, that the payment of such benefits shall be considered in determining eligibility for and amount of such assistance. There shall not be taken into consideration the financial responsibility of any individual for any applicant or recipient of assistance under this title unless such applicant or recipient is such individual's spouse or such individual's child who is under twenty-one years of age. In determining the eligibility of a child who is categorically eligible as blind or disabled, as determined under regulations prescribed by the social security act for medical assistance, the income [~~and resources~~] of parents or spouses of parents are not considered available to that child if [~~she/he~~] **"the child"** does not regularly share the common household even if the child returns to the common household for periodic visits. In the application of standards of eligibility with respect to income, costs incurred for medical care, whether in the form of insurance premiums or otherwise, shall be taken into account. Any person who is eligible for, or reasonably appears to meet the criteria of eligibility for, benefits under title XVIII of the federal social security act shall be required to apply for and fully utilize such benefits in accordance with this chapter.

(2) In evaluating the income [~~and resources~~] available to an applicant for or recipient of medical assistance, for purposes of determining eligibility for and the amount of such assistance, the department must consider assets [~~held in or~~] paid from trusts created by such applicant or recipient, as determined pursuant to the regulations of the department, in accordance with the provisions of this subparagraph.

(i) In the case of a revocable trust created by an applicant or recipient, as determined pursuant to regulations of the department: [~~the trust corpus must be considered to be an available resource;~~] payments made from the trust to or for the benefit of such applicant or recipient must be considered to be available income; and any other payments from

1 the trust must be considered to be assets disposed of by such applicant
2 or recipient for purposes of paragraph (d) of subdivision five of this
3 section.
4 (ii) In the case of an irrevocable trust created by an applicant or
5 recipient, as determined pursuant to regulations of the department: any
6 portion of the trust corpus, and of the income generated by the trust
7 corpus, from which no payment can under any circumstances be made to
8 such applicant or recipient must be considered, as of the date of estab-
9 lishment of the trust, or, if later, the date on which payment to the
10 applicant or recipient is foreclosed, to be assets disposed of by such
11 applicant or recipient for purposes of paragraph (d) of subdivision five
12 of this section; [~~any portion of the trust corpus, and of the income~~
13 ~~generated by the trust corpus, from which payment could be made to or~~
14 ~~for the benefit of such applicant or recipient must be considered to be~~
15 ~~an available resource;~~] payments made from the trust to or for the bene-
16 fit of such applicant or recipient must be considered to be available
17 income; and any other payments from the trust must be considered to be
18 assets disposed of by such applicant or recipient for purposes of para-
19 graph (d) of subdivision five of this section.
20 (iii) Notwithstanding the provisions of clauses (i) and (ii) of this
21 subparagraph, in the case of an applicant or recipient who is disabled,
22 as such term is defined in section 1614(a)(3) of the federal social
23 security act, the department must not consider as available income [~~or~~
24 ~~resources~~] the [~~corpus or~~] income of the following trusts which comply
25 with the provisions of the regulations authorized by clause (iv) of this
26 subparagraph: (A) a trust containing the assets of such a disabled indi-
27 vidual which was established for the benefit of the disabled individual
28 while such individual was under sixty-five years of age by the individ-
29 ual, a parent, grandparent, legal guardian, or court of competent juris-
30 diction, if upon the death of such individual the state will receive all
31 amounts remaining in the trust up to the total value of all medical
32 assistance paid on behalf of such individual; (B) and a trust containing
33 the assets of such a disabled individual established and managed by a
34 non-profit association which maintains separate accounts for the benefit
35 of disabled individuals, but, for purposes of investment and management
36 of trust funds, pools the accounts, provided that accounts in the trust
37 fund are established solely for the benefit of individuals who are disa-
38 bled as such term is defined in section 1614(a)(3) of the federal social
39 security act by such disabled individual, a parent, grandparent, legal
40 guardian, or court of competent jurisdiction, and to the extent that
41 amounts remaining in the individual's account are not retained by the
42 trust upon the death of the individual, the state will receive all such
43 remaining amounts up to the total value of all medical assistance paid
44 on behalf of such individual. Notwithstanding any law to the contrary,
45 a not-for-profit corporation may, in furtherance of and as an adjunct to
46 its corporate purposes, act as trustee of a trust for persons with disa-
47 bilities established pursuant to this subclause, provided that a trust
48 company, as defined in subdivision seven of section one hundred-c of the
49 banking law, acts as co-trustee.
50 (iv) The department shall promulgate such regulations as may be neces-
51 sary to carry out the provisions of this subparagraph. Such regulations
52 shall include provisions for: assuring the fulfillment of fiduciary
53 obligations of the trustee with respect to the remainder interest of the
54 department or state; monitoring pooled trusts; applying this subdivision
55 to legal instruments and other devices similar to trusts, in accordance
56 with applicable federal rules and regulations; and establishing proce-

1 dures under which the application of this subdivision will be waived
2 with respect to an applicant or recipient who demonstrates that such
3 application would work an undue hardship on him or her, in accordance
4 with standards specified by the secretary of the federal department of
5 health and human services. Such regulations may require: notification of
6 the department of the creation or funding of such a trust for the bene-
7 fit of an applicant for or recipient of medical assistance; notification
8 of the department of the death of a beneficiary of such a trust who is a
9 current or former recipient of medical assistance; in the case of a
10 trust, the corpus of which exceeds one hundred thousand dollars, notifi-
11 cation of the department of transactions tending to substantially
12 deplete the trust corpus; notification of the department of any trans-
13 actions involving transfers from the trust corpus for less than fair
14 market value; the bonding of the trustee when the assets of such a trust
15 equal or exceed one million dollars, unless a court of competent juris-
16 diction waives such requirement; and the bonding of the trustee when the
17 assets of such a trust are less than one million dollars, upon order of
18 a court of competent jurisdiction. The department, together with the
19 department of financial services, shall promulgate regulations governing
20 the establishment, management and monitoring of trusts established
21 pursuant to subclause (B) of clause (iii) of this subparagraph in which
22 a not-for-profit corporation and a trust company serve as co-trustees.
23 (v) Notwithstanding any acts, omissions or failures to act of a trus-
24 tee of a trust which the department or a local social services official
25 has determined complies with the provisions of clause (iii) and the
26 regulations authorized by clause (iv) of this subparagraph, the depart-
27 ment must not consider the [~~corpus or~~] income of any such trust as
28 available income [~~or resources~~] of the applicant or recipient who is
29 disabled, as such term is defined in section 1614(a)(3) of the federal
30 social security act. The department's remedy for redress of any acts,
31 omissions or failures to act by such a trustee which acts, omissions or
32 failures are considered by the department to be inconsistent with the
33 terms of the trust, contrary to applicable laws and regulations of the
34 department, or contrary to the fiduciary obligations of the trustee
35 shall be the commencement of an action or proceeding under subdivision
36 one of section sixty-three of the executive law to safeguard or enforce
37 the state's remainder interest in the trust, or such other action or
38 proceeding as may be lawful and appropriate as to assure compliance by
39 the trustee or to safeguard and enforce the state's remainder interest
40 in the trust.
41 (vi) The department shall provide written notice to an applicant for
42 or recipient of medical assistance who is or reasonably appears to be
43 eligible for medical assistance except for having income exceeding
44 applicable income levels. The notice shall inform the applicant or
45 recipient, in plain language, that in certain circumstances the medical
46 assistance program does not count the income of disabled applicants and
47 recipients if it is placed in a trust described in clause (iii) of this
48 subparagraph. The notice shall be included with the eligibility notice
49 provided to such applicants and recipients and shall reference where
50 additional information may be found on the department's website. This
51 clause shall not be construed to change any criterion for eligibility
52 for medical assistance.

54 services law, as amended by chapter 110 of the laws of 1971, is amended

1 (a) Medical assistance shall be furnished to applicants in cases

4 by the regulations of the department, the income [~~and resources~~] of the
5 responsible relative are not available to such applicant because of the
6 absence of such relative or the refusal or failure of such relative to
7 provide the necessary care and assistance. In such cases, however, the

18 PART SS

19 Section 1. Legislative findings and intent. The Legislature affirms
20 the finding of the U.S. Surgeon General's Advisory on Protecting Youth
21 Mental Health that the COVID-19 pandemic has dramatically altered young
22 peoples' experiences at home, at school, and in the community and has
23 exacerbated the unprecedented stresses young people face. The Legisla-
24 ture also finds that there exists an obligation to act to assist our
25 children and their families in this moment of need. The Legislature
26 intends, then, to provide actionable solutions for young people and
27 their families in support of the mental health of children, adolescents,
28 and young adults.
29 § 2. Section 5.05 of the mental hygiene law is amended by adding a new
30 subdivision (f) to read as follows:

36 from the COVID-19 pandemic, and for youth or families that may not have
37 access to mental health professionals in-person. Such program shall

46 a competitive bidding process.
47 § 3. This act shall take effect on the one hundred twentieth day after
48 it shall have become a law.

4. In establishing and operating the program, the commissioner shall consult a range of experts including but not limited to individuals and entities providing abortion care, abortion funds and other organizations whose mission is to expand access to abortion care, to ensure the program structure and expenditures reflect the needs of abortion providers, abortion funds and consumers. The commissioner may make regulations necessary for implementing the program.

5. 3 § 2. Severability clause. If any clause, sentence, paragraph, section

42 have been in full force and effect on and after April 1, 2024.

43 PART VV

44 Section 1. Legislative findings. The legislature acknowledges that
45 doulas face exclusionary measures in gaining recognition and overall
46 integration within the maternal health continuum, such as hospitals and
47 birthing centers. The legislature declares that the purpose of this act
48 is to study and report on the integration of doula care and services in
49 the healthcare continuum and to recommend best practices to designate
50 doula friendly spaces in New York state.
51 § 2. The public health law is amended by adding a new section 2803-j-1
52 to read as follows:

§ 2803-j-1. Designating doula friendly spaces study. 1. The department shall conduct a study to examine and evaluate current practices on the integration of doula care, services, and support within birthing centers, hospitals, and other healthcare delivery facilities. This study shall report such findings through comprehensive metrics on doula friendliness in facilities across the geographic diversity of the state that are licensed under this article. Factors and metrics to be reported by the study shall include but not be limited to:

(a) Identifying and engaging with doula led and centered organizations on their current programs regarding doula integration;

(b) Identifying hospitals and birthing centers that are doula friendly in their operation;

(c) Identifying successful doula integration programs and initiatives in hospitals and birthing centers in New York state; and

(f) Criteria for inclusion of doulas in the healthcare continuum;

(g) Best practices and criteria for the collection of data regarding doula friendliness and integration; and

(h) Best practices for the reporting of metrics for doula friendliness and integration.

3. On or before December thirty-first, two thousand twenty-five, the department shall submit a final report containing all findings and recommendations to the governor, the temporary president of the senate, and the speaker of the assembly.

§ 3. This act shall take effect immediately and shall be deemed to have been in full force and effect on and after April 1, 2024.

PART WW

Section 1. Legislative findings. The legislature hereby declares that poor maternal and infant health outcomes, especially when it comes to racial disparities, are a public health crisis that pose a threat to the health, welfare, and quality of life of child bearing people, infants and their families. The legislature hereby acknowledges that community-based doula care is one solution in addressing this public health crisis. The legislature also acknowledges imbalances in how doula care is accessed in different communities. The legislature also acknowledges how doulas in the BIPOC community are integrated, or lack integration into the maternal health continuum. The legislature acknowledges that those seeking to become community-based doulas face a multitude of barriers, including institutional barriers, within the healthcare continuum. The legislature hereby finds the importance in establishing a

1 dedicated fund to support community-based doulas and community-based
2 doula organizations. This fund would be assisting those trying to navi-
3 gate the Federal and State Medicaid frameworks for doula care to become
4 community-based doulas. Which would be one step in solving the existing
5 barriers to those seeking equitable prenatal, intranatal, and postpartum
6 care services.
7 § 2. Article 25 of the public health law is amended by adding a new
8 title 3-A to read as follows:
9 TITLE III-A
10 COMMUNITY DOULA EXPANSION PROGRAM

22 culturally sensitive pregnancy and childbirth education, early linkage
23 to health care, and aids birthing persons in navigating other services
24 and supports that they may need to be healthy.
25 § 2562. Rules and regulations. 1. The commissioner shall establish a
26 community doula expansion grant program for eligible providers to
27 receive funding in the performance of recruitment, training, certif-

31 capable of providing culturally congruent care.
32 2. The commissioner is authorized, within amounts appropriated for
33 such purpose, to make grants in accordance with this subdivision. Such
34 grants may be used for but not limited to the administration, faculty
35 recruitment and development, start-up costs and other costs incurred for
36 providing recruitment, training, certification, supporting, and/or
37 mentoring of community-based doulas.
38 3. There shall be an emphasis of appropriating grants to eligible
39 providers that specifically train, recruit, and employ doulas from
40 historically vulnerable communities, BIPOC doulas, and bilingual doulas.
41 This can include grants for doula apprentice programs.
42 4. The commissioner shall create and maintain an awareness and
43 outreach program. The awareness and outreach program shall be estab-
44 lished for the purpose of providing education and awareness of the
45 available grants and funds to eligible providers in the state.

50 assembly. The report shall include the comprehensive list of reporting
51 metrics and shall include, but not be limited to, the total amount of
52 grants issued, the number of eligible providers, and the region of the
53 state where the eligible provider is located.
54 § 3. The state finance law is amended by adding a new section 99-rr to
55 read as follows:

§ 99-rr. Community doula expansion grant program fund. 1. There is hereby established in the joint custody of the state comptroller and commissioner of taxation and finance a special fund to be known as the "Community doula expansion grant program fund".

2. Such fund shall consist of all monies appropriated thereto from any other fund or source pursuant to law. Nothing contained in this section shall prevent the state from receiving grants, gifts or bequests for the purposes of the fund as defined in this section and depositing them into the fund according to law.

3. Monies shall be payable from the fund on the audit and warrant of the comptroller on vouchers approved and certified by the commissioner of health.

4. The monies in such fund shall be expended for the community doula expansion grant program in accordance with the provisions of section twenty-five hundred sixty-two of the public health law.
