Introduced by COMMITTEE ON RULES -- (at request of M. of A. K. Brown) -- read once and referred to the Committee on Corporations, Authorities and Commissions

AN ACT to amend the public authorities law, in relation to requiring all trains and stations operated by the Long Island Rail Road and the Metro-North Commuter Railroad Company have automated external defibrillators

**The People of the State of New York, represented in Senate and Assembly, do enact as follows:**

Section 1. Paragraph a of subdivision 1 of section 1266-b of the public authorities law, as amended by chapter 396 of the laws of 2005, is amended to read as follows:

a. The authority in consultation with the Long Island Rail Road is hereby authorized and directed to implement a comprehensive medical emergency services program, including an emergency response protocol, not later than September first, two thousand five, for the benefit of persons utilizing transportation and other related services of the Long Island Rail Road. Such program shall include but not be limited to provision for the following: The training of designated employees in first aid, emergency techniques and procedures, handling and positioning of stricken commuters, knowledge of procedures and equipment used for respiratory and cardiac emergencies [~~and~~], an emergency response protocol for all employees**, and provide and maintain on each train and at each station an automated external defibrillator**.

§ 2. Subdivision 1 of section 1266-f of the public authorities law, as added by chapter 581 of the laws of 1985, is amended to read as follows:

1. The authority is hereby authorized and directed to implement a medical emergency services program not later than April first, nineteen hundred eighty-six, for the benefit of persons utilizing transportation and other related services of the Metro-North Commuter Railroad Company. Such program shall include but not be limited to provision for the following: The training of conductors, trainmen and other designated employees in first aid, emergency techniques and procedures, handling and positioning of stricken commuters, [~~and~~] knowledge of procedures and
