IMPACT ON ELIGIBILITY: Currently, active Tier 3 POLICE and FIRE enhanced plan members with at least five years of credited service are only eligible for an ODR benefit if they are approved for primary Social Security disability benefits (SSDI).

Under the proposed legislation, Tier 3 POLICE and FIRE enhanced plan members with at least five years of credited service would be eligible for an ODR benefit, irrespective of SSDI eligibility.

The formula for calculating Enhanced Plan ODR benefits would remain unchanged.

ASSUMPTIONS AND METHODS: The estimates presented herein have been calculated based on the Revised 2021 Actuarial Assumptions and Methods of the impacted retirement systems. In addition:

* New entrants were assumed to replace exiting members so that total payroll increases by 3% each year for impacted groups. New entrant demographics were developed based on data for recent new hires and actuarial judgement.

* For purposes of this Fiscal Note, it has been assumed that 100% of members exiting for ODR under current ODR rates would be ineligible for SSDI.

* It is assumed that the Medical Board will be responsible for determining the eligibility for ODR benefits in place of the SSDI requirement.

RISK AND UNCERTAINTY: The costs presented in this Fiscal Note depend highly on the actuarial assumptions, methods, and models used, demographics of the impacted population, and other factors such as investment, contribution, and other risks. If actual experience deviates from actuarial assumptions, the actual costs could differ from those presented herein. Quantifying these risks is beyond the scope of this Fiscal Note.

This Fiscal Note is intended to measure pension-related impacts and does not include other potential costs (e.g., administrative and Other Postemployment Benefits).

We are members of NYCERS but do not believe it impairs our objectivity and we meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein.
