

STATE OF NEW YORK

10624

IN ASSEMBLY

June 20, 2024

Introduced by COMMITTEE ON RULES -- (at request of M. of A. Paulin) --
read once and referred to the Committee on Environmental Conservation

AN ACT to amend the environmental conservation law and the state finance
law, in relation to establishing extended producer responsibility for
household appliances and refrigerants

The People of the State of New York, represented in Senate and Assem-
bly, do enact as follows:

1 Section 1. Article 27 of the environmental conservation law is amended
2 by adding a new title 34 to read as follows:

TITLE 34

EXTENDED PRODUCER RESPONSIBILITY FOR HOUSEHOLD APPLIANCES AND REFRIGERANTS

Section 27-3401. Definitions.

7 27-3403. Household appliance and refrigerant disposal ban.

8 27-3405. Producer plan.

9 27-3407. Producer responsibilities.

10 27-3409. Retailer requirements.

11 27-3411. Department responsibilities.

12 27-3413. Post-consumer requirements.

13 27-3415. Enforcement and penalties.

14 27-3417. Preemption.

15 27-3419. Rules and regulations.

§ 27-3401. Definitions.

17 As used in this title:

18 1. "Brand" means a name, symbol, word, or mark that attributes the
19 product to the owner or licensee of the brand as the producer.

20 2. "Bulk refrigerant" means a regulated refrigerant in any amount that
21 is in a container for the transportation or storage of that substance
22 such as cylinders, drums, ISO tanks, and small cans, as defined under 40
23 CFR § 84. A regulated refrigerant that must first be transferred from a
24 container to another container, vessel, or piece of equipment in order
25 to realize its intended use is a bulk refrigerant. This definition does
26 not include a regulated refrigerant in an aerosol can, in a foam, or in
27 a manufactured product such as an appliance.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

LBD10469-06-4

1 3. "Collection program" or "program" means a program financed and
2 implemented by producers, either individually, or through a represen-
3 tative organization, that provides for, but is not limited to, the
4 collection, transportation, reuse, recycling, proper end-of-life manage-
5 ment, or an appropriate combination thereof, or discarded products.

6 4. "Collection site" means a permanent location in the state at which
7 discarded products may be returned by a consumer. Collection sites shall
8 accept all types of discarded products as defined by this title regard-
9 less of brand.

10 5. "Closed loop recycling" means recycling in which materials that are
11 reclaimed are returned to the original process or processes in which
12 they were generated and they are reused in the production process.

13 6. "Consumer" means a person located in the state who purchases, owns,
14 leases, or uses covered products, including but not limited to an indi-
15 vidual, a business, corporation, limited partnership, not-for-profit
16 corporation, the state, a public corporation, public school, school
17 district, private or parochial school, or board of cooperative educa-
18 tional services or governmental entity.

19 7. "Covered product" means any product that is a household appliance,
20 pre-charged equipment, or regulated refrigerant, as defined in this
21 section.

22 8. "Destruction" means the expiration of a regulated refrigerant to
23 the destruction and removal efficiency actually achieved, as defined
24 under 40 CFR § 84.3. Such destruction might result in a commercially
25 useful end product, but such usefulness would be secondary to the act of
26 destruction. Technologies used for destruction of regulated refrigerants
27 should be limited to federally approved destruction methods under 40 CFR
28 § 84.29.

29 9. "Discarded product" means a covered product that a consumer has
30 used and disposed of in the state and is no longer used for its manufac-
31 tured purpose.

32 10. "Distributor" or "wholesaler" means any person or entity engaged
33 in the distribution, wholesale, sale, or other commercial furnishing of
34 refrigerant in the state, except for service technicians transferring
35 refrigerant to end-user consumers as part of a service call.

36 11. "Energy recovery" means the process by which all or a portion of
37 solid waste materials are processed or combusted in order to utilize the
38 heat content or other forms of energy derived from such solid waste
39 materials.

40 12. "Household appliance" means any appliance generally intended for
41 household or commercial use including, but not limited to, any refriger-
42 ator, dishwasher, range, range hood and ventilation, cooktop, wall oven,
43 microwave, freezer, ice maker, air fryer, deep fryer, toaster, toaster
44 oven, blender, juicer, coffee or espresso machine, microwave, mixer,
45 pressure cooker, washing machine for clothes, clothes dryer, air condi-
46 tioner, audio or stereo equipment, vacuum, robot vacuum, corded cleaner,
47 air purifier, humidifier, space heater, router, modem, security camera
48 or surveillance equipment, smart device intended as a home appliance,
49 sewing machine, tape and video recorder, boiler or furnace that provides
50 heat or hot water, and any device that contains refrigerant and can be
51 used for household or commercial purposes including, but not limited to,
52 any room air conditioner, heat pump, refrigerator, water cooler, or
53 freezer.

54 13. "Producer" means any person who manufactures a covered product
55 that is sold, offered for sale, or distributed in the state under the
56 manufacturer's own name or brand. "Producer" includes:

1 (a) the owner of a trademark or brand under which a covered product is
2 sold, offered for sale, or distributed in this state, whether or not
3 such trademark or brand is registered in the state; and

4 (b) any person who imports a covered product into the United States
5 that is sold or offered for sale in the state and that is manufactured
6 by a person who does not have a presence in the United States. With
7 respect to regulated refrigerants, "producer" means any person or entity
8 who is the first point of sale for regulated refrigerants or pre-charged
9 equipment that are sold, offered for sale, distributed, or otherwise
10 entered into commerce in the state.

11 14. "Pre-charged equipment" means any refrigeration, air conditioning,
12 or heat pump equipment or appliance containing a quantity of regulated
13 refrigerant that is pre-charged prior to sale or distribution or offer
14 for sale or distribution in the state.

15 15. "Reclaimer" means any person undertaking reclamation of regulated
16 refrigerants in compliance with federal requirements, including all
17 requirements of 40 CFR § 84.

18 16. "Reclamation" or "reclaim", as defined in 40 CFR § 84.3, means the
19 reprocessing of recovered regulated refrigerant to at least the purity
20 standard in the Air-Conditioning, Heating, and Refrigeration Institute
21 (AHRI) Standard 700-2016 and verifying this purity using the analytical
22 methodology prescribed in the standard, and meets the reclamation stand-
23 ard for content of virgin material referenced therein.

24 17. "Recovery" means the process by which a regulated refrigerant is:
25 (a) removed, in any condition, from equipment; and (b) stored in an
26 external container, with or without testing or processing of the regu-
27 lated refrigerant.

28 18. "Recovery rate" means the proportion of the total amount of regu-
29 lated refrigerant that is collected for reclamation or destruction as a
30 fraction of the total amount of regulated refrigerant that is available
31 for recovery from equipment in a given year, as determined by the
32 department.

33 19. "Recycling" or "recycle" means to separate, dismantle or process
34 the materials, components, or commodities contained in covered products
35 for the purpose of preparing the materials, components or commodities
36 for use or reuse in new products or components. "Recycling" or "recycle"
37 does not include: (a) energy recovery or energy generation by any means,
38 including but not limited to, combustion, incineration, pyrolysis, gasi-
39 fication, solvolysis, or waste to fuel; (b) any chemical conversion
40 process; or (c) landfill disposal. When referring to regulated refriger-
41 ants "recycling" or "recycle" means to extract refrigerant from an
42 appliance and clean the refrigerant for reuse in equipment of the same
43 owner without meeting all of the requirements for reclamation. In gener-
44 al, recycled refrigerant is cleaned using oil separation and single or
45 multiple passes through devices, such as replaceable core filter-driers,
46 which reduce moisture, acidity, and particulate matter.

47 20. "Recycling rate" means the percentage of discarded product that is
48 managed through recycling or reuse, as defined by this title, and is
49 computed by dividing the amount of recycled output derived from
50 collected covered product, plus any pounds sent for reuse by the esti-
51 mated total of discarded product generated during a program year.

52 21. "Regulated refrigerant" means any fluorinated substance consisting
53 in whole or in part of a class I or class II ozone-depleting substance
54 as defined by 42 USC § 7671a r a hydrofluorocarbon regulated under 42
55 USC § 7675 and blends thereof, which are used for heat transfer purposes
56 and provide a cooling or heating effect.

1 22. "Representative organization" means a not-for-profit organization
2 established by a producer or group of producers to implement a
3 collection program.

4 23. "Retailer" means any person who sells or offers for sale covered
5 products to consumers in the state.

6 24. "Reuse" means the return of a product into the economic stream for
7 use in the same kind of application as the product was originally
8 intended to be used, without a change in the product's identity.

9 25. "Sell" or "sale" means any transfer for consideration of title or
10 the right to use, from a manufacturer or retailer to a person, includ-
11 ing, but not limited to, transactions conducted through retail sales
12 outlets, catalogs, mail, the telephone, the internet, or any electronic
13 means; this does not include donations or reuse.

14 26. "Service technician" means any person who in the course of mainte-
15 nance, service, repair, or disposal of an appliance or equipment
16 containing regulated refrigerant could be reasonably expected to violate
17 the integrity of the refrigerant circuit and therefore release refriger-
18 ants into the environment. Activities reasonably expected to violate the
19 integrity of a refrigerant circuit include but are not limited to:
20 attaching or detaching hoses and gauges to and from the appliance;
21 adding or removing refrigerant; adding or removing components; and
22 cutting the refrigerant line. Activities such as painting the appliance,
23 rewiring an external electrical circuit, replacing insulation on a
24 length of pipe, or tightening nuts and bolts are not reasonably expected
25 to violate the integrity of the refrigerant circuit.

26 § 27-3403. Household appliance and refrigerant disposal ban.

27 No person shall knowingly dispose of any household appliance or regu-
28 lated refrigerant as solid waste in the state at any time on or after
29 January first, two thousand twenty-eight.

30 § 27-3405. Producer plan.

31 1. No later than December thirty-first, two thousand twenty-five, a
32 producer, either individually or cooperatively in a group with one or
33 more producers or with a representative organization, shall submit to
34 the department for the department's approval a plan for the establish-
35 ment of a collection program that meets the requirements of the program
36 described in this section.

37 2. A producer or representative organization shall update the plan, as
38 needed, when there are changes proposed to the current program. A new
39 plan or amendment shall be required to be submitted to the department
40 for approval when:

41 (a) there is a revision of the program's goals; or

42 (b) every three years from the date of approval of a previous plan.

43 3. The plan submitted by the producer or representative organization
44 to the department under this section shall, at a minimum:

45 (a) provide a list of each participating producer and brands covered
46 by the program;

47 (b) provide information on the products covered by the program;

48 (c) describe how the producer or representative organization will
49 collect, transport, recycle, process covered products, and with respect
50 to regulated refrigerants, describe how the producer or representative
51 organization will safely collect, transport, reclaim or destroy recov-
52 ered regulated refrigerants, including identifying proposed brokers,
53 transporters, processors, and facilities to be used by the program for
54 the reclamation, destruction, and final disposition of regulated refri-
55 gerants;

1 (d) describe how the program will provide for the collection of
2 covered products in the state, free of cost and in a manner convenient
3 to consumers, including how the program will achieve, at a minimum, a
4 convenience standard that ensures that all counties of the state and all
5 municipalities that have a population of ten thousand or greater have at
6 least one permanent collection site and one additional permanent
7 collection site for every thirty thousand people located in those areas,
8 that accepts covered products from consumers during normal business
9 hours; however, with respect to a city having a population of one
10 million or more, after consultation with the department of sanitation of
11 such city, the department may otherwise establish an alternative conven-
12 ience standard. The producer or representative organization may coordi-
13 nate the program with existing municipal waste collection infrastructure
14 as is mutually agreeable. Convenience standards shall be evaluated by
15 the department periodically and the department may require additional
16 collection locations to ensure adequate consumer convenience;

17 (e) describe how a producer or representative organization and any
18 person hired by a producer or representative organization is to carry
19 out services related to refrigerant recovery, transport, collection, or
20 reclamation must manage regulated refrigerants in a manner consistent
21 with best practices that minimize the release into the environment and
22 in compliance with all applicable state and federal regulations;

23 (f) with respect to regulated refrigerants, describe how a producer or
24 representative may suspend or terminate a collection site that does not
25 adhere to the collection site criteria in the approved plan and that
26 poses an immediate health and safety concern. A producer or represen-
27 tative organization shall notify the department upon suspending or
28 terminating a collection site;

29 (g) describe in detail education and outreach efforts to inform
30 consumers and others engaged in the management of discarded covered
31 products about the program including, at a minimum, an internet website
32 and a toll-free telephone number and written information included at the
33 time of sale of covered products that provides sufficient information to
34 allow a consumer to learn how to return such covered product for
35 disposal, recycling or reuse;

36 (h) describe the methods to be used to reclaim, reuse or recycle
37 discarded products;

38 (i) describe the methods to be used to manage or destroy recovered
39 regulated refrigerants that cannot be reclaimed;

40 (j) describe the methods to be used to manage or dispose of discarded
41 covered products that cannot be recycled or reused;

42 (k) estimate the amounts of regulated refrigerants that were previous-
43 ly sold, offered for sale, or distributed in the state under each
44 participating producer's name or brand in the state annually and
45 describe the sources of data and methodology for estimating such amount;

46 (l) (i) describe how the program will meet annual performance goals,
47 as determined by the department, provided that at a minimum, the program
48 shall achieve the following recycling rates for household appliances:

49 (A) a thirty percent recycling rate for household appliances, of which
50 ten percent shall be closed loop recycling, by five years after the plan
51 is approved by the department pursuant to section 27-3411 of this title;

52 (B) a fifty percent recycling rate for household appliances, of which
53 twenty percent shall be closed loop recycling by ten years after the
54 plan is approved by the department pursuant to section 27-3411 of this
55 title;

1 (C) a seventy-five percent recycling rate for household appliances, of
2 which forty percent shall be closed loop recycling, by fifteen years
3 after the plan is approved by the department pursuant to section 27-3411
4 of this title; and

5 (ii) provided, further, that at a minimum, the program shall achieve
6 the following recovery rates for regulated refrigerants:

7 (A) a fifty percent recovery rate for regulated refrigerants by five
8 years after the plan is approved pursuant to section 27-3411 of this
9 title;

10 (B) a seventy percent recovery rate for regulated refrigerants by ten
11 years after the plan is approved pursuant to section 27-3411 of this
12 title; and

13 (C) a ninety percent recovery rate for regulated refrigerants by
14 fifteen years after the plan is approved pursuant to section 27-3411 of
15 this title;

16 (m) describe what, if any, incentives will be used to encourage
17 retailer participation;

18 (n) describe the outreach and education methods that will be used to
19 encourage municipal landfill and transfer station participation;

20 (o) describe the sources of data and methodology for estimating the
21 amount of covered product discarded in the state annually; and

22 (p) any other information specified by the department.

23 § 27-3407. Producer responsibilities.

24 1. Beginning no later than July first, two thousand twenty-six, the
25 producer or representative organization shall implement the collection
26 program utilizing collection sites established pursuant to paragraph (d)
27 of subdivision three of section 27-3405 of this title.

28 2. A producer shall not sell, or offer for sale, covered products to
29 any person in the state unless the producer is implementing or partic-
30 ipating under an approved plan.

31 3. The program shall be free to the consumer, convenient, and adequate
32 to serve the needs of such consumers in all areas of the state on an
33 ongoing basis.

34 4. Any entities that sell, resell, distribute, or otherwise enter into
35 commerce bulk refrigerants after the first point of sale shall register
36 as non-producer participants in a representative organization. The non-
37 producer participants may include, but are not limited to, refrigerant
38 distributors, wholesalers, reclaimers, and service technicians. The
39 non-producer participants shall be subject to reporting and record keep-
40 ing requirements that help a representative organization fulfill its
41 reporting requirements.

42 5. A producer or representative organization shall maintain records
43 demonstrating compliance with the provisions of this title and make them
44 available for audit and inspection by the department for a period of
45 three years. The department shall make such records available to the
46 public upon request in accordance with the provisions of the state free-
47 dom of information law and the regulations promulgated thereunder.
48 Record holders shall submit the records required to comply with such
49 request within sixty working days of written notification by the depart-
50 ment of receipt of the request.

51 6. A producer or representative organization shall be responsible for
52 all costs associated with the implementation of the collection program,
53 including but not limited to the cost of collection. A producer,
54 producers, or representative organization shall pay costs incurred by
55 the department in the administration and enforcement of this title.

1 Exclusive of fines and penalties, the department shall only be reim-
2 bursed its actual cost of administration and enforcement.

3 7. Any person who becomes a producer on or after December thirty-
4 first, two thousand twenty-five shall submit a plan to the department,
5 or notify the department that it has joined an existing plan, prior to
6 selling or offering for sale in the state any covered product, and shall
7 comply with the requirements of this title.

8 8. On or before July first, two thousand twenty-seven, and annually
9 thereafter, a producer or representative organization shall submit a
10 report to the department that includes, for the previous program year, a
11 description of the program, including, but not limited to, the follow-
12 ing:

13 (a) a detailed description of the methods used to collect, transport,
14 and process covered products in the state, including detailing
15 collection methods made available to consumers and an evaluation of the
16 program's collection convenience;

17 (b) identification of all collection sites in the state;

18 (c) the weight of all of the producer's covered product collected in
19 the state by method of disposition, including reuse, recycling and other
20 methods of processing or disposal;

21 (d) an evaluation of whether the performance goals and recycling rates
22 have been achieved and a description of any modifications necessary to
23 achieve such goals;

24 (e) the total cost of implementing the program;

25 (f) samples of all educational materials provided to consumers, a
26 detailed list of efforts undertaken and an evaluation of methods used to
27 disseminate such materials, including recommendations, if any, for how
28 the educational component of the program can be improved; and

29 (g) any other information required by the department.

30 § 27-3409. Retailer requirements.

31 1. Beginning July first, two thousand twenty-six, no retailer may sell
32 or offer for sale covered products in the state unless the producer of
33 such covered product is participating in a collection program. A retail-
34 er shall be in compliance with this section if, on the date the covered
35 product was offered for sale, the producer is listed on the department's
36 website as implementing or participating in an approved program or if
37 the covered product brand is listed on the department's website as being
38 included in the program.

39 2. Any retailer may participate, on a voluntary basis, as a designated
40 collection site pursuant to a collection program and in accordance with
41 all applicable laws and regulations.

42 3. Retail establishments, refrigerant service providers, producers, or
43 representative organizations may not charge a point-of-sale to consumers
44 to cover the administrative or operational costs of the program.

45 § 27-3411. Department responsibilities.

46 1. The department shall (a) maintain a list of producers who are
47 implementing or participating pursuant to section 27-3405 of this title,
48 (b) maintain a list of each such producer's brands, and (c) post such
49 lists on the department's website.

50 2. Beginning July first, two thousand twenty-six, the department shall
51 post on its website the location of all collection sites identified to
52 the department by the producer in its plans and annual reports.

53 3. The department shall post on its website each producer plan
54 approved by the department.

55 4. Within ninety days after receipt of a proposed plan or plan amend-
56 ment, the department shall approve or reject the plan or the plan amend-

1 ment. If the plan or plan amendment is approved, the department shall
2 notify the producer or representative organization in writing. If the
3 department rejects the plan or plan amendment, the department shall
4 notify the producer or representative organization in writing stating
5 the reason for rejecting the plan or plan amendment. A producer or
6 representative organization whose plan is rejected shall submit a
7 revised plan to the department within thirty days of receiving a notice
8 of rejection. If the department rejects the subsequent proposal, the
9 producer or producers at issue shall be out of compliance and subject to
10 enforcement provisions.

11 5. The department shall submit a report regarding the implementation
12 of this title in this state to the governor and legislature by April
13 first, two thousand twenty-seven and every two years thereafter. The
14 report shall include, at a minimum, an evaluation of:

15 (a) the stream of covered products in the state;

16 (b) reclamation and destruction rates in the state for regulated
17 refrigerants;

18 (c) disposal, recycling and reuse rates in the state for covered
19 products;

20 (d) a discussion of compliance and enforcement related to the require-
21 ments of this title; and

22 (e) recommendations for any changes to this title.

23 6. Starting four years after the plan is approved by the department
24 pursuant to this section, the department shall impose a penalty of twen-
25 ty-five cents per pound to be assessed on the producer or represen-
26 tative organization for the number of additional pounds of covered prod-
27 uct that would have been needed to be recycled through the program to
28 achieve the performance goals specified in the approved stewardship
29 plan. All penalties collected pursuant to this section shall be paid
30 over to the commissioner for deposit to the dedicated household appli-
31 ances and regulated refrigerants fund established pursuant to section
32 ninety-seven-uuuu of the state finance law.

33 § 27-3413. Post-consumer requirements.

34 All covered products sold in the state shall be manufactured with the
35 following minimum amounts from post-consumer sources:

36 1. Within one year after the plan is approved by the department pursu-
37 ant to section 27-3411 of this title, a minimum of ten percent post-con-
38 sumer content;

39 2. Within four years thereafter, a minimum of twenty percent post-con-
40 sumer content; and

41 3. Five years thereafter, a minimum of thirty percent post-consumer
42 content.

43 § 27-3415. Enforcement and penalties.

44 1. Any producer, representative organization or retailer who violates
45 any provisions of or fails to perform any duty imposed pursuant to this
46 title shall be liable for a civil penalty not to exceed five hundred
47 dollars for each violation and an additional penalty of not more than
48 five hundred dollars for each day during which such violations continue.
49 Civil penalties shall be assessed by the department after a hearing or
50 opportunity to be heard pursuant to the provisions of section 71-1709 of
51 this chapter.

52 2. In a city with a population of one million or more, such city
53 shall, in addition to any authority otherwise conferred in this chapter,
54 have concurrent authority to enforce, by an agency or agencies desig-
55 nated for such purpose by the mayor of such city, the provisions of
56 sections 27-3403 and 27-3409 of this title. Any notice of violation

issued by an agency designated by the mayor of such city charging a violation of section 27-3403 or 27-3409 of this title shall be returnable to the environmental control board of such city. Such environmental control board shall have the power to impose the civil penalties set forth in subdivision one of this section. All civil penalties collected for any violation of this title that have been imposed by the environmental control board of such city shall be paid into the general fund of such city.

§ 27-3417. Preemption.

Nothing in this title shall be deemed to preempt chapter four-E of title sixteen of the administrative code of the city of New York.

§ 27-3419. Rules and regulations.

The department is authorized to promulgate any rules and regulations necessary to implement this title.

§ 2. The state finance law is amended by adding a new section 97-uuuu to read as follows:

§ 97-uuuu. Household appliances and regulated refrigerant extended producer responsibility fund. 1. There is hereby established in the joint custody of the state comptroller and the commissioner of environmental conservation a special fund to be known as the "household appliances and regulated refrigerant extended producer responsibility fund".

2. Such fund shall consist of all revenues received by the comptroller, pursuant to the provisions of section 27-3411 of the environmental conservation law and all other moneys appropriated thereto from any other fund or source pursuant to law. Nothing contained in this section shall prevent the state from receiving grants, gifts, or bequests for the purposes of the fund as defined in this section and depositing them into the fund according to law.

3. The moneys of the household appliances and regulated refrigerant extended producer responsibility fund, following appropriation by the legislature, shall be allocated for the direct costs associated with extended producer responsibility for household appliances and regulated refrigerants pursuant to title thirty-four of article twenty-seven of the environmental conservation law.

4. The state comptroller may invest any moneys in the household appliances and regulated refrigerant extended producer responsibility fund not expended for the purpose of this section as provided by law. The state comptroller shall credit any interest and income derived from the deposit and investment of moneys in the household appliances and regulated refrigerant extended producer responsibility fund to the household appliances and regulated refrigerant extended producer responsibility fund.

5. Any unexpected and unencumbered moneys remaining in the household appliances and regulated refrigerant extended producer responsibility fund at the end of a fiscal year shall remain in the household appliances and regulated refrigerant extended producer responsibility fund and shall not be credited to any other fund.

§ 3. Section 71-1701 of the environmental conservation law, is amended to read as follows:

§ 71-1701. Applicability of this title.

This title shall be applicable to the enforcement of titles 1 through 11 and titles 15 through 19 of article 17; article 19; and [~~title~~ titles 1 and 34 of article 27 of this chapter.

§ 4. Section 71-1701 of the environmental conservation law, as amended by chapter 795 of the laws of 2022, is amended to read as follows:

§ 71-1701. Applicability of this title.

1 This title shall be applicable to the enforcement of titles 1 through
2 11 and titles 15 through 19 of article 17; article 19; and titles 1
3 [~~and~~, 33 and 34 of article 27 of this chapter.
4 § 5. This act shall take effect immediately; provided, however, the
5 amendments to section 71-1701 of the environmental conservation law made
6 by section four of this act shall take effect on the same date and in
