## IN ASSEMBLY

January 13, 2023

---

Introduced by M. of A. PEOPLES-STOKES, STECK, WALLACE, DINOWITZ --  
Multi-Sponsored by -- M. of A. THIELE -- read once and referred to the  
Committee on Higher Education

AN ACT to amend the education law, in relation to requiring public and  
private colleges and universities to provide all incoming and current  
students with information about depression and suicide prevention and  
resources available to them on campus

The People of the State of New York, represented in Senate and Assem-  
bly, do enact as follows:

1 Section 1. Legislative intent. The legislature hereby finds and  
2 declares that there is a need to address the growing number of students  
3 at the collegiate level who are suffering from psychiatric stressors  
4 that may lead to suicide. The legislature further recognizes that such  
5 psychiatric stressors also contribute to difficulties in learning and  
6 success on the collegiate level. Early detection and identification of  
7 at-risk individuals may not only prevent suicide, but may also allow  
8 such other students suffering from psychiatric stressors to get the  
9 support needed to be successful in their academic endeavors. The support  
10 necessary to achieve these goals may often require collaboration between  
11 college officials and parents and/or guardians in such a manner as to be  
12 consistent with the needs of each student.

13 Therefore, to achieve the above-stated goals, the legislature hereby  
14 finds and declares that every college within the state shall establish a  
15 suicide prevention program.

16 § 2. The education law is amended by adding a new section 6438-b to  
17 read as follows:

18 § 6438-b. The collegiate suicide prevention program. 1. The trustees  
19 or governing board of each college shall inform incoming students about  
20 suicide prevention measures through programs which may include work-  
21 shops, seminars, discussion groups, and film presentations, in order to  
22 disseminate information about pressures and matters that may place a

1 person at risk of suicide, promote discussion, encourage reporting of  
2 persons at risk of suicide, and facilitate prevention of such incidents.  
3 Such information shall include, but not be limited to:

- 4 a. the mental health services available to students,
- 5 b. how to identify an at risk person,
- 6 c. the procedures in effect at the college for dealing with attempted  
7 suicide,
- 8 d. the availability of counseling and other support services for  
9 persons at risk and those affected by suicide,
- 10 e. the nature of and common circumstances relating to suicide on  
11 college campuses, and
- 12 f. the methods the college employs to support at risk students.

13 2. Pursuant to the requirements set forth in subdivision one of this  
14 section, each college shall file a report annually on its compliance of  
15 such program with the commissioner.

16 3. If the trustees or other governing board of a college fails to file  
17 the rules and regulations within the time required by this section such  
18 college shall not be eligible to receive any state aid or assistance  
19 until such rules and regulations are duly filed.

20 4. a. The president or chief administrative officer of each college,  
21 except those independent colleges ineligible to receive state aid under  
22 section sixty-four hundred one of this title, which maintains a campus  
23 and is chartered by the regents or incorporated by special act of the  
24 legislature shall appoint an advisory committee on mental health.

25 b. Such committee shall consist of a minimum of six members, one indi-  
26 vidual shall be a professional in the area of mental health, at least  
27 one member shall be an employee of the campus based medical facility,  
28 two members of the committee shall be appointed from a list of students  
29 that are participants in the student governance organization on such  
30 campus, and at least two members shall be appointed from a list of  
31 faculty members. All appointments shall be made by the president or  
32 chief administrative officer of the college.

33 c. The committee shall review current campus mental health policies  
34 and procedures and make recommendations for their improvement. It shall  
35 specifically review current policies and procedures (1) for educating  
36 the campus community, including mental health and medical personnel and  
37 those persons who advise or supervise students, about mental health  
38 issues pursuant to subdivision one of this section, (2) for educating  
39 the campus community about mental health issues and suicide prevention,  
40 (3) for reporting persons in crisis and dealing with persons in need,  
41 (4) for referring individuals in crisis to appropriate professionals,  
42 (5) for counseling individuals, and (6) for responding to inquiries from  
43 concerned persons.

44 d. The committee shall report, in writing, to the college president or  
45 chief administrative officer on its findings and recommendations at  
46 least once each academic year, and such report shall be available upon  
47 request.

48 5. Any health care professional who is employed by, or affiliated with  
49 the college, and who through their employment is in a position to iden-  
50 tify a student who is potentially at risk for suicide, is hereby  
51 required to report such belief to the college president or chief admin-  
52 istrative officer. The college president or chief administrative officer  
53 of the college may, after consultation with mental health professionals,  
54 notify the parents or guardians of such student as to the concern of  
55 such student's mental well being.

1     § 3. This act shall take effect on the first of July next succeeding  
2 the date on which it shall have become a law. Effective immediately, the  
3 addition, amendment and/or repeal of any rule or regulation necessary  
4 for the implementation of this act on its effective date are authorized  
5 to be made and completed on or before such effective date.
