AN ACT to establish a youth development agriculture technology challenge

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. There is hereby established a youth development agricul-
2 ture technology challenge competition ("challenge") for students in
3 elementary, secondary, and higher education. Such challenge shall be
4 coordinated by the department of agriculture and markets ("department")
5 as part of the state fair in conjunction with Cornell cooperative exten-
6 sion and other interested partners, including, but not limited to,
7 institutions of higher education, school districts and boards of cooper-
8 ative education services, youth agricultural organizations promoting
9 leadership and career success in agriculture, and other science, tech-
10 nology, engineering and mathematics and/or robotics competition
11 programs. The department is authorized to utilize funds appropriated for
12 the state fair and received pursuant to section 31-c of the agriculture
13 and markets law and to receive, accept and use gifts and donations for
14 the purpose of this act. All money received as
15 gifts or donations shall be deposited in a special fund pursuant to
16 section 31-c of the agriculture and markets law and disbursed for the
17 purposes of this act or paid to the commissioner of taxation and
18 finance, who together with the state comptroller is hereby constituted
19 and appointed the joint custodian thereof and shall constitute a special
20 fund to be used under the direction of the department for the purposes
21 of this act. The department, Cornell cooperative extension and other
22 participating partners shall work together to establish the challenge to

1 engage students to develop solutions to relevant technological problems
2 and issues faced by farmers and food producers including, but not limit-
3 ed to, increasing food production, increasing energy efficiency and
4 decreasing the cost of farming and food production, and addressing the
5 impact of farming on the environment and the impact of environmental
6 changes such as climate change or pollinator loss on farming. The
7 department and its partners shall identify resources including training
8 or coaching that will assist students in underserved rural and urban
9 communities to participate in the challenge, and develop deadlines,
10 parameters including establishing elementary, secondary, or higher
11 education categories, and relevant judging criteria for the projects
12 submitted for the agriculture technology challenge. Subject to funds
13 available for the purposes of this act prizes may be awarded for the
14 winning submissions of the challenge.

15 § 2. This act shall take effect immediately.
