§ 2. Section 1200 of the private housing finance law, as added by chapter 159 of the laws of 2006, is amended to read as follows:

§ 1200. Statement of legislative findings and purpose. The legislature hereby finds and declares that there exists in New York state a serious need for financial and technical resources to assist renters and property owners to make dwelling units accessible for low and moderate income persons with disabilities. Providing assistance with the cost of adapting homes will enable many New Yorkers with disabilities to safely and comfortably continue to, or return to, live in their residences instead of residing in an institutional setting. **The division of housing and community renewal shall undertake an ongoing effort to promote the availability of the access to home program to all eligible applicants and persons with eligible properties, as those terms are defined under this article, both to encourage participation in the program and gauge unmet need.**

§ 3. This act shall take effect on the one hundred eightieth day after it shall have become a law.
