Licensed athletic trainers who do not satisfy such mandatory continuing education requirements shall not practice until they have met such requirements, and have been issued a registration certificate, except that a licensed athletic trainer may practice without having met such requirements if he or she is issued a conditional registration certificate pursuant to subdivision three of this section.

(b) Each licensed athletic trainer shall be exempt from the mandatory continuing education requirement for the triennial registration period during which he or she is first licensed. In accordance with the intent of this section, adjustment to the mandatory continuing education requirement may be granted by the department for reasons of health certified by an appropriate health care professional, for extended active duty with the armed forces of the United States, or for other good cause acceptable to the department which may prevent compliance.

(c) A licensed athletic trainer not engaged in practice, as determined by the department, shall be exempt from the mandatory continuing education requirement upon the filing of a statement with the department declaring such status. 15 the department and shall not practice unless and until a conditional
16 registration certificate is issued as provided for in subdivision three
17 of this section. Continuing education hours taken during one triennium
18 shall not be transferred to a subsequent triennium.

19 3. The department, in its discretion, may issue a conditional regis-

21 requirements established in subdivision two of this section but who
22 agrees to make up any deficiencies and complete any additional education
23 which the department may require. The fee for such a conditional regis-

47 to the health and welfare of the public, require the completion of
48 continuing education credits in specific subjects to fulfill the manda-
49 tory continuing education requirement under this section.

50 6. A licensed athletic trainer shall maintain adequate documentation
51 of completion of acceptable formal continuing education and shall
52 provide such documentation at the request of the department. Failure to
53 provide such documentation upon the request of the department shall be
54 an act of misconduct subject to disciplinary proceedings pursuant to
55 section sixty-five hundred ten of this title.

7. The mandatory continuing education fee shall be payable on or before the first day of each triennial registration period, and shall be paid in addition to the triennial registration fee required by section eighty-three hundred fifty-five of this article.
