Section 1. Section 69-l of the general business law is amended by adding four new subdivisions 6, 7, 8 and 9 to read as follows:

6. "Alarm system" means a system installed to detect intrusion, break-in, movement, sound or fire.

7. "False alarm" means the activation of any alarm system that results in a request for police or fire or other emergency for which the responding public safety agency finds no evidence of criminal activity, fire, or emergency.

8. "Municipality" means a county, town, city or village.

9. "Alarm system company" means a company licensed to engage in the business of installing, servicing, or maintaining security or fire alarm systems pursuant to this article.

§ 2. The general business law is amended by adding a new section 69-vvv to read as follows:

§ 69-vvv. Fines for false alarms. 1. Notwithstanding any other provision of law, a municipality may enact, adopt or enforce any ordinance, resolution or regulation requiring any alarm system company to pay for or be responsible for any fines, fees or other penalties relative to false alarms only when the false alarm is attributed to a deficiency in the alarm system or an error of the alarm system company or central station. Nothing in this section shall prevent a municipality from imposing any fine, fee or other penalties for a false alarm when such false alarm is attributable to, or caused by, the property owner, lessee, occupant or other person or persons.

EXPLANATION--Matter in *italics* (underscored) is new; matter in brackets [-] is old law to be omitted.
