1 Section 1. The election law is amended by adding a new article 18 to

6 18-102. Ranked choice voting method for state elections.

7 18-104. Ranked choice voting method permitted for local
8 elections.

12 18-112. Construction.

13 § 18-100. Definitions. 1. "Ranked choice voting method" shall mean a
14 method of casting and tabulating votes that simulates the ballot counts
15 that would occur if all voters participated in a series of runoff
16 elections, whereby the voters rank candidates according to the order of
17 their choice and, if no candidate has received a majority of votes cast,
18 then the candidate with the fewest first choice votes is eliminated and
19 the remaining candidates advance to another counting round. In every
20 round, each ballot is counted as one vote for the highest ranked advanc-
21 ing candidate.

22 2. "Local government" shall mean a county, city, town, village, or
23 school district.

1 § 18-102. Ranked choice voting method for state elections. 1. The
2 state board of elections is hereby authorized to promulgate rules and
3 regulations mandating all county board of elections to conduct all state
4 elections, including general elections, special elections and primaries,
5 to be held in the year two thousand twenty-five and for all state
6 elections held thereafter, utilizing the ranked choice voting method.

7 2. The provisions of this article shall apply only when three or more
8 candidates have been nominated or designated for a state elected office
9 enumerated in subdivision one of this section.

10 § 18-104. Ranked choice voting method permitted for local elections.
11 1. For all local elections to be held in the year two thousand twenty-
12 five and for all local elections held thereafter, local governments are
13 hereby permitted to conduct elections utilizing the ranked choice voting
14 method for all local elections in the state.

15 2. In order to implement the ranked choice voting method as provided
16 in subdivision one of this section, the governing body of the local
17 government shall adopt a resolution implementing the ranked choice meth-
18 od as authorized by this article. Such resolution shall be subject to a
19 permissive referendum.

20 3. Such resolution shall be adopted by the governing board of the
21 local government at least one hundred eighty days before the local
22 election for which ranked choice voting shall be utilized.

23 4. The provisions of this article shall apply only when three or more
24 candidates have been nominated or designated for an office enumerated in
25 subdivision one of this section, and the governing body of the local
26 government has enacted a resolution implementing the ranked choice
27 voting method.

28 § 18-106. Ranked choice voting method; ballots. 1. For offices subject
29 to the ranked choice voting method, the ballot shall be simple and easy
30 to understand and allow a voter to rank candidates for an office in
31 order of choice. A voter may include no more than one write-in candidate
32 among that voter's ranked choices for each office. If feasible, ballots
33 shall be designed so that a voter may mark that voter's first choices in
34 the same manner as that for offices not elected by the ranked choice
35 voting method.

36 2. Instructions on the ballot shall conform substantially to the
37 following specifications, although subject to modification, based on
38 ballot design and voting machine:

39 "Vote for candidates by indicating your first-choice candidates in
40 order of preference. Indicate your first choice by marking the number
41 "1" beside a candidate's name, your second choice by marking the number
42 "2" beside a candidate's name, your third choice by marking the number
43 "3" beside a candidate's name and so on, for as many choices as you
44 wish. You may choose to rank only one candidate, but ranking additional
45 candidates will not hurt the chances of your first-choice candidate. Do
46 not mark the same number beside more than one candidate. Do not skip
47 numbers."

48 3. A sample ballot for an office subject to the ranked choice voting
49 method shall illustrate the voting procedure for the ranked choice
50 voting method. Such a sample ballot shall be included with each absen-
51 tee ballot.

52 4. The appropriate election official for a local government where the
53 ranked choice voting method has been authorized by such local government
54 shall insure that the necessary voting system, vote tabulation system,
55 or other similar or related equipment shall be available to accommodate
56 the ranked choice voting method.

1 § 18-108. Ranked choice voting method; procedures. The following
2 procedures shall apply in determining the winner in an election for an
3 office subject to the ranked choice voting method:

4 1. The first choice marked on each ballot shall be counted initially
5 by election officials. If one candidate receives a majority of the votes
6 cast, excluding blank and void ballots, that candidate shall be declared
7 elected.

8 2. If no candidate receives a majority of first-choice votes cast at
9 the end of the initial count, the candidate receiving the fewest first-
10 choice votes shall be eliminated. Each vote cast for the eliminated
11 candidate shall be transferred to the candidate who was the voter's next
12 choice on the ballot.

13 3. Candidates with the fewest votes shall continue to be eliminated,
14 with the votes for such candidates transferred to the candidate who was
15 each voter's next choice on the ballot until a candidate receives a
16 majority of the votes cast, excluding blank and void ballots. When a
17 candidate receives a majority of the votes cast, that candidate shall be
18 declared elected.

19 4. If a ballot has no more available choices ranked on it, that ballot
20 shall be declared exhausted. Where a ballot skips one or more numbers,
21 that ballot shall be declared exhausted when the skipping of numbers is
22 reached. A ballot with the same number for two or more candidates shall
23 be declared exhausted when these double numbers are reached.

24 5. In the case of a tie between candidates for last place, and thus
25 elimination, occurring at any stage in the tabulation, the tie shall be
26 resolved so as to eliminate the candidate who received the least number
27 of votes at the previous stage of tabulation. In the case of a tie to
28 which a previous stage does not apply, or such previous stage was also a
29 tie, the tie shall be resolved by drawing lots. However, if the tie
30 occurs when there are only two candidates remaining, the tie shall be
31 resolved in accordance with the provisions of this chapter.

32 § 18-110. Voter education. Where a local government shall pass a
33 resolution authorizing the ranked choice voting method, the governing
34 body shall conduct a voter education campaign on the ranked choice
35 voting system to familiarize voters with the ballot design, method of
36 voting, and advantages of determining a majority winner in a single
37 election. The governing body shall use public service announcements, as
38 well as seek other media cooperation to the maximum extent practicable.

39 § 18-112. Construction. All state and local elections held by the
40 ranked choice voting method pursuant to this article shall be subject to
41 all the other provisions of this chapter and all other applicable laws
42 relating to elections, so far as is applicable and not inconsistent with
43 this chapter.

44 § 2. This act shall take effect immediately and shall apply to all
45 elections held in the state on or after January 1, 2025.
