STATE OF NEW YORK

455

2023-2024 Regular Sessions

IN ASSEMBLY

January 9, 2023

Introduced by M. of A. ROZIC, RAMOS, WALLACE, FAHY, THIELE, STERN, KELLES, JEAN-PIERRE, JACOBSON, LUNSFORD, McMAHON, BURKE, OTIS, GANDOL-FO -- read once and referred to the Committee on Corporations, Authorities and Commissions

AN ACT to amend the public service law, in relation to enacting the "NY broadband resiliency, public safety and quality act"

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Short title. This act shall be known and may be cited as 2 the "NY broadband resiliency, public safety and quality act".

- § 2. Legislative findings. The legislature hereby finds and declares that access to high-speed broadband service is a necessity and essential to participation in the economy, education and civic life. Closing gaps in broadband availability is a matter of deployment, affordability and ensuring networks are resilient, high quality and facilitate public safety. Because voice over internet protocol has replaced traditional voice telephone service for a large segment of the population, ensuring 10 its reliability is in the public interest and consistent with public safety goals. State regulators require unambiguous authority and a clear 12 mandate to establish and enforce appropriate oversight and regulation of 13 broadband and voice over internet protocol service in order to meet the state's goals of universal, high-quality and affordable access.
- 15 § 3. The public service law is amended by adding a new article 12 to 16 read as follows:

ARTICLE 12

BROADBAND RESILIENCY, PUBLIC SAFETY AND QUALITY ACT

19 <u>Section 250. Definitions.</u>

7

11

17

18

20

21

251. Oversight of broadband and VoIP service.

§ 250. Definitions. For the purposes of this article the following 22 <u>terms shall have the following meanings:</u>

EXPLANATION -- Matter in italics (underscored) is new; matter in brackets [-] is old law to be omitted.

- 1 "Broadband service" shall mean a mass-market retail service that provides the capability to transmit data to and receive data from all or 3 substantially all internet endpoints, including any capabilities that 4 are incidental to and enable the operation of the communications 5 service, but shall not include dial-up service.
 - 2. "Internet service provider" shall mean any person, business or organization qualified to do business in this state that provides individuals, corporations or other entities with the ability to connect to the internet with a broadband service.
- 10 3. "Voice over Internet Protocol" or "VoIP" shall mean an intercon-11 nected voice over internet protocol service that:
 - (a) Enables real-time, two-way voice communications;
 - (b) Requires a broadband connection from the user's location;
- 14 (c) Requires internet protocol-compatible customer premises equipment; 15 and
- (d) Permits users to receive calls that originate on the public 16 17 switched telephone network and to terminate calls to the public switched 18 telephone network.
- § 251. Oversight of broadband and VoIP service. 1. The public service 20 commission shall be authorized to exercise oversight regarding broadband 21 and VoIP service.
 - 2. The public service commission shall promulgate rules and requlations necessary to implement effective oversight of broadband and VoIP service, including but not limited to the following:
- 25 (a) Ensuring the resiliency and reliability of broadband infrastructure and requiring internet service providers to submit information 26 27 related to network reliability.
 - (b) Ensuring the public safety and adequacy of networks by exercising oversight of internet service providers' emergency preparedness and plans for post-emergency network restoration, including establishing minimum power back-up requirements and requiring all internet service providers to maintain networks sufficiently to ensure reliable and safe communications services.
- 34 (c) Requiring internet service providers to report data on the pricing 35 and adoption of VoIP and broadband service.
- 36 3. The public service commission shall conduct evaluations and audits 37 of facilities and infrastructure used to provide high-speed internet service and evaluate facilities and infrastructure in regards to areas 38 of public safety, resiliency, broadband and anything else the commission 39 deems relevant to achieving goals of resiliency, quality and public 40 safety in broadband service, as well as the overall goals of universal 41 42 access and affordability of broadband service.
- 43 4. The public service commission shall report annually to the legislature on progress towards achieving goals of resiliency, public safety 44 45 and quality of broadband and VoIP service.
 - § 4. This act shall take effect immediately.
