2 Relief Act".

3 § 2. The legislative law is amended by adding a new section 51-a to  
4 read as follows:

(iii) an offsetting savings resulting from the diminution or elimination of any other program, project, or activity that state law requires such local government to provide or undertake.

(c) "Unfunded mandate" means:

(i) any state law that requires a local government to provide or undertake any new program, project or activity that results in an annual net additional cost to any local government in excess of ten thousand dollars or an aggregate annual net additional cost to all local governments within the state in excess of one million dollars; or

(ii) any state law that requires a local government to provide a higher level of service or funding for an existing program, project or activity that results in an annual net additional cost to any local government in excess of ten thousand dollars or an aggregate annual net additional cost to all local governments within the state in excess of one million dollars; or

(iii) any state law that requires a local government to grant any new property tax exemption or that broadens the eligibility or increases the dollar amount of any existing property tax exemption, on property that otherwise would have generated revenue under the current property tax rate of such local government in excess of ten thousand dollars in any local government or in excess of one million dollars statewide; or

(iv) any state law with a legal requirement that would otherwise likely have the effect of raising property taxes in excess of ten thousand dollars in any local government or in excess of one million dollars statewide.

2. Moratorium on unfunded mandates. For a three year period beginning the January next succeeding the effective date of this section, and notwithstanding any other provision of law, unfunded mandates shall not be enacted.

3. Exemptions. A state law shall not be considered an unfunded mandate where such law:

(a) is required by a court order or judgment;

(b) is provided at the option of the local government under a law that is permissive rather than mandatory;

(c) results from the passage of a home rule message whereby a local government requests authority to implement the program or service specified in the statute, and the statute imposes costs only upon that local government which requests the authority to impose the program or service;

(d) is required by statute or executive order that implements a federal law or regulation and results from costs mandated by the federal government to be borne at the local level, unless the statute or executive order results in costs which exceed the costs mandated by the federal government;

(e) is imposed on both government and non-government entities in the same or substantially similar circumstances;

(f) repeals or revises a state law to ease an existing requirement that a local government provide or undertake a program, project, or activity, or reapportions the costs of activities between local governments; or

(g) is necessary to protect against an immediate threat to public health or safety.

§ 3. The executive law is amended by adding a new section 50-a to read as follows:

10 moratorium enacted pursuant to section fifty-one-a of the legislative  
11 law shall be extended, made permanent, or allowed to expire.

13 by this section to the legislature no later than the first of January  
14 fourth succeeding the effective date of this section, and shall publish

16 official website.

17 § 4. This act shall take effect immediately.
