2 also be deemed to be creditable service and shall be included in comput-
3 ing years of total service for retirement pursuant to this section,
4 provided such service was performed by the member while contributing to
5 the retirement system pursuant to the provisions of this article or
6 article eight of this chapter.

7 § 562. Optional twenty year retirement plan for certain state
8 correction officers. (a) Any member of the retirement system may elect
9 to become a member pursuant to the provisions of this section within one
10 year after the effective date of this article or within one year after
11 he or she becomes a member.

12 (b) Elections made pursuant to this section shall be in writing and
13 shall be duly acknowledged and filed with the comptroller. Any member
14 who files such an election pursuant to this section may withdraw it
15 after it has been filed for at least a year. Such withdrawal shall be by
16 written notice duly acknowledged and filed with the comptroller.

17 (c) A member participating on the basis of this section at the time of
18 retirement shall be entitled to retire after the completion of twenty
19 years of total creditable service or upon the attainment of age sixty-
20 two, by filing an application therefor in a manner similar to that
21 provided in this chapter.

22 (i) Upon completion of twenty years of such service and upon retire-
23 ment, each such member shall receive a pension sufficient to provide him
24 or her with a retirement allowance equal to one-fortieth of his or her
25 final average salary for each year of total creditable service for which
26 he or she is otherwise entitled but not exceeding in the aggregate one-
27 half of his or her final average salary.

28 (ii) Upon attainment of age sixty-two and upon retirement without
29 completion of twenty years of such service, each such member shall
30 receive a pension sufficient to provide him or her with a retirement
31 allowance equal to one-fortieth of his or her final average salary for
32 each year of creditable service. Every such member shall also be enti-
33 tled to an additional pension equal to the pension for any other credit-
34 able service rendered as otherwise provided for in this chapter. This
35 latter pension shall not increase the total allowance to more than one-
36 half of his or her final average salary.

38 section, shall be paid from additional contributions made by the state
39 on account of such members. The actuary of the retirement system shall
40 compute the additional contribution required for each member who elects
41 to receive the special benefits provided under this section. Such addi-

43 during the prospective service of such member which will cover the
44 liability of the retirement system for such extra pensions. Upon
45 approval of the comptroller, such additional contributions shall be
46 certified by him or her. The amount thereof shall be included in the
47 annual appropriation of the state. Such amount shall be paid on the
48 warrant of the comptroller to the pension accumulation fund of the

4 separated from the service within three months of such effective date.

5 (g) The provisions of this section shall be controlling notwithstanding
6 any other provision of this article to the contrary.

7 (h) The benefits provided by this section shall be payable to a
8 member, unless at the date of retirement such member would otherwise be
9 entitled to a greater benefit under other provisions of this chapter had
10 he or she withdrawn from this section, in which event such greater bene-
11 fits shall be payable.

12 § 563. Additional pension benefit for members of optional twenty year
13 retirement plan. (a) The legislature may elect to make contributions for
14 the purpose of providing an additional pension pursuant to this section
15 for members in its employ who are entitled to a pension pursuant to
16 section five hundred sixty-two of this article. Every member employed
17 by the state may elect to be covered by the provisions of this section
18 by filing with the comptroller, a duly executed and acknowledged form
19 prepared by the comptroller for that purpose.

20 (b) Upon retirement, each such member shall receive, for each year of
21 service in excess of twenty, an additional pension which shall be equal
22 to one-sixtieth of his or her final average salary; provided, however,
23 that the total allowance payable pursuant to this section shall not
24 exceed three-quarters of such member's final average salary.

25 § 564. Consistent provisions. Nothing contained in this article shall
26 be construed to otherwise affect the applicability of article eleven,
27 fourteen or fifteen of this chapter. Any other provisions of this chap-
28 ter relating to mandatory contribution to the retirement system based
29 upon a member's date of membership in such system shall not be deemed to
30 be affected by the provisions of this article, and any member who on the
31 effective date of this article is not required to contribute shall not
32 be required to make any contributions as a result of this section. For
33 those members required to contribute to the retirement system, such
34 contribution shall be treated in the same manner as specified for such
35 members in article fourteen or fifteen of this chapter.

36 § 2. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would add Article 14-C to the Retirement and Social Security Law, creating optional twenty-year plans covering, upon their election, any New York State (State) correction officers or other State employees engaged directly in correction officer duties. The retirement benefit will be equal to fifty percent of final average salary after twenty years of service. The legislature may further elect to provide for additional sixtieths for service in excess of twenty years. All service rendered as a State correction officer, a member or officer of the State Police, a paid firefighter, a police officer, or an officer of any organized fire department or police force will be creditable. The retirement benefit is not to exceed seventy-five percent of final average salary.

If this bill is enacted during the 2024 Legislative Session, we anticipate that there will be an increase in the annual contributions of the State of New York of approximately \$56 million for the twenty-year plan or \$75 million for the twenty-year plan with additional sixtieths for the fiscal year ending March 31, 2025. In future years, these costs will vary but are expected to average 3.2% and 4.5% of salary annually, respectively.

In addition to the annual contributions discussed above, there will be an immediate past service cost of approximately \$735 million for the twenty-year plan or \$1.26 billion for the twenty-year plan with additional sixtieths which will be borne by the State of New York as a one-time payment. This estimate assumes that payment will be made on March 1, 2025.

These estimated costs are based on 16,999 affected members of the New York State and Local Retirement System employed by the State of New York, with annual salary of approximately \$1.6 billion as of March 31, 2023.

Internal Revenue Service (IRS) plan qualification issues: granting certain State employees engaged directly in correction officer duties, other than State correction officers, service credit towards retirement in a twenty-year plan could jeopardize the governmental plan status of the Retirement System ("the System") and its exemption from the Employees Retirement Income Security Act. This development could result in the loss of qualified status, which would mean the loss of tax benefits. This result would substantially impair the System's value to our more than one million participants.

Prior to the enactment of this legislation, we recommend that a favorable ruling be obtained from the IRS stating that these provisions would not harm the qualification status of the System. It is estimated that the costs to obtain such a ruling would be \$38,000 for the services of the IRS, and \$1,000 per hour for legal consultants.
