AN ACT to amend the tax law, in relation to establishing the work opportunity tax credit

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section 210-B of the tax law is amended by adding a new subdivision 59 to read as follows:

59. Work opportunity tax credit. (a) Allowance of credit. A taxpayer shall be allowed a credit, against the tax imposed by this article, of two thousand four hundred dollars for each long term unemployed person hired during a taxable year. Such tax credit shall be applicable only to businesses employing fifty or fewer employees. For the purposes of this subdivision, a "long term unemployed person" shall be an individual who has been a resident of New York for three years immediately preceding hiring and who, prior to being hired by the business eligible for the credit established pursuant to this subdivision, had been unemployed and receiving public assistance for six consecutive months or more, and is retained for full-time employment by such business for at least one year.

(b) Application of credit. The credit allowed under this subdivision for any taxable year shall not reduce the tax due for such year to less than the fixed dollar minimum amount prescribed in paragraph (d) of subdivision one of section two hundred ten of this article. However, if the amount of credit allowed under this subdivision for any taxable year reduces the tax to such amount or if the taxpayer otherwise pays tax based on the fixed dollar minimum amount, any amount of credit thus not deductible in such taxable year shall be treated as an overpayment of tax to be credited or refunded in accordance with the provisions of section one thousand eighty-six of this chapter. Provided, however, the
