(ii) any state law that requires a local government to provide a higher level of service or funding for an existing program, project or activity that results in an annual net additional cost to any local government in excess of ten thousand dollars or an aggregate annual net additional cost to all local governments within the state in excess of one million dollars; or

(iii) any state law that requires a local government to grant any new property tax exemption or that broadens the eligibility or increases the dollar amount of any existing property tax exemption, on property that otherwise would have generated revenue under the current property tax rate of such local government in excess of ten thousand dollars in any local government or in excess of one million dollars statewide; or

(vi) repeals or revises a state law to ease an existing requirement that a local government provide or undertake a program, project, or activity, or reapportions the costs of activities between local governments; or

(vii) is necessary to protect against an immediate threat to public health or safety.
