2. No wholesaler or dealer shall engage in zone pricing with respect 1 to any motor fuel of like grade or quality, which is supplied to dealer 2 3 operated retail outlets. § 5. Subdivision 3 of section 399-ee of the general business law is 4 5 amended by adding a new undesignated paragraph to read as follows: 6 Notwithstanding any right of action to the attorney general as 7 provided in this section, a wholesaler or dealer who has been injured by 8 reason of a violation of this section may bring an action in his or her own name to enjoin such unlawful act, however, no damages of any nature 9 10 shall be recoverable in such action. 11 § 6. Section 2 of chapter 579 of the laws of 2008, amending the gener-12 al business law relating to zone pricing of gasoline, is amended to read 13 as follows: 14 § 2. Legislative findings and intent. The legislature hereby finds and 15 declares that for the past several years motor fuel prices have greatly fluctuated. In some cases, price fluctuations are caused by natural 16 17 market conditions. In other cases, fluctuations result from artificial manipulation of the market. One such artificial pricing manipulation is 18 zone pricing. Zone pricing is the setting of different wholesale prices 19 for retail motor fuel [that operate in different geographic areas] based 20 21 on geographic location. Zone pricing increases the price of retail motor 22 fuel for certain consumers, leading to inequities among consumers and 23 regions around the state. Therefore, the legislature hereby declares that while natural market occurrences may lead to price fluctuations, 24 artificial changes in motor fuel prices unfairly harm many consumers 25 around the state. 26 27 § 7. This act shall take effect on the thirtieth day after it shall

28 have become a law.
