AN ACT to amend the social services law, in relation to establishing the mothers and infants lasting change allowance

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. This act shall be known and may be cited as the "mothers and infants lasting change ("MILC") allowance".

§ 2. Legislative findings and intent. The legislature hereby finds and declares that child poverty in New York city and cities across New York state is shamefully high and will likely worsen if current economic trends continue. Half of the top six cities in the United States with the highest child poverty rates are in New York state, disproportionately affecting communities and children of color. In New York city, nearly 1 in 4 children live in poverty. In Rochester and Buffalo, that number is even higher: 1 in 2 children live in poverty.

11 The legislature hereby finds and declares that New Yorkers are unable 12 to cover their basic necessities and support their families, particularly in the face of rising interest rates and inflation. Most notably, the 13 cost of childcare, which already consumes a massive portion of family 14 income, rose 41% during the pandemic, and the total cost of raising a 15 child through high school has risen to more than \$300,000, which is a 16 17 \$26,000 increase from five years ago and is likely to present a heavier 18 burden for low-income parents and families for whom expenses such as 19 food, housing, and gas comprise an even larger portion of their income. 20 The legislature hereby finds and declares there is overwhelming 21 evidence that the prenatal-to-three and early childhood development

period are critical for a child's future prospects and affects their 1 physical, mental, emotional and social outcomes over a lifetime. A 2 program targeting infants in this formative phase would help break the 3 4 intergenerational cycle of poverty rather than attempting to mitigate it 5 later on, creating a positive impact on children's lives and saving 6 government funds down the road. 7 The legislature hereby finds and declares it is proven that unre-8 stricted cash is a direct and effective solution to alleviating poverty 9 and meeting needs for families. This was shown on a national level with 10 the overwhelming success of the expanded Child Tax Credit, which lifted 11 millions of children out of poverty with its monthly payments and led to 12 a 41% spike in child poverty the first month it expired. The unrestricted cash intervention further proved how an investment in the 13 14 earliest days of life can have multiplying effects: studies have found 15 that a permanent expansion of the expanded Child Tax Credit would have 16 generated 10 times as much revenue as it cost. New York state has 17 recently made a commitment through the Child Poverty Reduction Act in December 2021 to reduce child poverty by 50% over the course of ten 18 years, with the support of the Child Poverty Reduction Advisory Council, 19 20 and there is an opportunity for unrestricted cash to support this goal 21 and help the state reach its target. 22 Therefore, the legislature hereby finds and declares that New York 23 state has an opportunity and obligation to invest in its most vulnerable residents by leading the fight against childhood poverty, and toward an 24 25 equitable economy for all, through a guaranteed income program for 26 infants. 27 § 3. Article 6 of the social services law is amended by adding a new 28 title 4-C to read as follows: 29 TITLE 4-C 30 MOTHERS AND INFANTS LASTING CHANGE ("MILC") ALLOWANCE 31 Section 409-o.
