

STATE OF NEW YORK

6321--A

2023-2024 Regular Sessions

IN ASSEMBLY

April 4, 2023

Introduced by M. of A. CRUZ -- read once and referred to the Committee on Economic Development -- recommitted to the Committee on Economic Development in accordance with Assembly Rule 3, sec. 2 -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee

AN ACT in relation to requiring the Empire State development corporation in consultation with the department of agriculture and markets and the office of new Americans to study the economic impact of optimizing and creating kitchen incubators in New York state

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative intent. The legislature hereby finds that in
2 order to improve the economic opportunities for its citizens and entre-
3 preneurs, New York state must use and expand its capabilities to offer
4 space and resources to the next generation of food manufacturing busi-
5 nesses.
6 It has been documented that the chief obstacle for start-up food manu-
7 facturing businesses is their inability to access affordable commercial
8 kitchen space. Currently, in New York state, there are only a few kitch-
9 en incubators, which face high demand and are unable to meet the needs
10 of the many potential start-up businesses.
11 Kitchen incubators are valuable resources for New York state in it's
12 efforts to promote new jobs, business and increased tax revenues.
13 In New York city alone, there are more than 900 food firms, with over
14 16,000 employees and another 2,500 who are self-employed, making entre-
15 preneurs' intent on developing their food manufacturing ideas into full
16 scale functional business business evident.
17 Minority and immigrant populations are growing significantly through-
18 out the state and so is their involvement in entrepreneurship, including
19 production of foods from their place of origin, which creates growing

[-] is old law to be omitted.

LBD06515-02-4

1 demand for such foods. This directly benefits minority and immigrant
2 communities.

3 Increased capacity for kitchen incubators throughout New York state
4 will help new entrepreneurs succeed and increase the economic benefits
5 for the entire state.

6 New York must do more to propel these business start-ups and potential
7 manufacturers into full scale operations, and should move to allow its
8 university systems to expand their regional economic catalyst activities
9 to serve entrepreneurs looking to enter the food manufacturing sector.

10 § 2. For purposes of this act, the term "kitchen incubator" shall mean
11 a food preparation facility that provides kitchen space and access to
12 commercial grade equipment to prepare food at a shared or leased
13 location.

14 § 3. a. Using available appropriations, the Empire State Development
15 Corporation, in consultation with the department of agriculture and
16 markets and the office of new Americans shall study and examine the
17 potential economic impact for optimizing kitchen incubators in New York
18 state, including establishing and/or expanding such opportunities at
19 public or private locations with appropriate kitchen preparation space
20 for a kitchen incubator that the corporation may identify.

21 b. The study conducted pursuant to this section shall evaluate the
22 impact of such optimization on entrepreneurship efforts in growing
23 women, minority and immigrant populations.

24 c. The Empire State Development Corporation shall work with the
25 department of agriculture and markets and the office of new Americans to
26 convene a group of stakeholders to provide further insight into optimiz-
27 ing and expanding kitchen incubators and entrepreneurship efforts for
28 women, minority, and immigrant populations in New York state.

29 d. The Empire State Development Corporation shall create a report
30 containing recommendations for the creation, funding and future expan-
31 sion of kitchen incubators throughout the state, and increasing entre-
32 preneurial success in the culinary industry, by providing comprehensive
33 advisory and business development services along with access to facili-
34 ties and equipment in a co-working shared environment conducive to
35 collaboration, networking, mentorship, and food safety education.

36 e. The report compiled by the Empire State Development Corporation
37 pursuant to subdivision d of this section shall be submitted to the
38 governor and the legislature not later than one year after the effective
39 date of this act.

40 § 4. This act shall take effect immediately.
