

STATE OF NEW YORK

6394

2023-2024 Regular Sessions

IN ASSEMBLY

April 6, 2023

Introduced by M. of A. MAMDANI -- read once and referred to the Committee on Corporations, Authorities and Commissions

AN ACT to amend the public authorities law, in relation to requiring the metropolitan transportation authority and the New York city transit authority to implement certain standards pertaining to applying and removing coatings from bridges, trestles, elevated subway and railway tracks and stations

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Section 1266 of the public authorities law is amended by
2 adding a new subdivision 20 to read as follows:

3 20. The authority shall promulgate regulations to require that all
4 application and maintenance of paint and coatings on bridges, trestles,
5 elevated subway tracks, elevated subway stations, elevated railway
6 tracks and elevated railway stations performed by non-employees of the
7 authority have a quality management program and meet applicable industry
8 standards of the society for protective coatings painting contractor
9 certification program to standards QP-1, QP-2, QP-3, or national associ-
10 ation of corrosion engineers NIICAP AS1 and AS2. The removal, surface
11 preparation, and application of all paint and coatings on authority
12 property, facilities and assets shall be performed by certified workers
13 in accordance with the NACE 13/ACS1 Standard.

14 § 2. Section 1209 of the public authorities law is amended by adding a
15 new subdivision 16 to read as follows:

16 16. The authority shall promulgate regulations to require that all
17 application and maintenance of paint and coatings on bridges, trestles,
18 elevated subway tracks, elevated subway stations, elevated railway
19 tracks and elevated railway stations performed by non-employees of the
20 authority have a quality management program and meet applicable industry
21 standards of the society for protective coatings painting contractor
22 certification program to standards QP-1, QP-2, QP-3, or national associ-
