IN ASSEMBLY

May 11, 2023

Introduced by M. of A. STERN -- read once and referred to the Committee on Local Governments

AN ACT to amend the general business law, in relation to requiring towers to clean up any debris in the surrounding area resulting from the vehicles they are towing

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative intent. The legislature finds and determines
2 that often the delay caused by investigation and removal process of
3 damaged and disabled motor vehicles from vehicle accident crash scenes
4 results in congestion of traffic and can cause additional accidents.

5 The legislature further finds and determines that it is of vital
6 importance to remove damaged and disabled vehicles from the roads as
7 promptly as possible.

8 The legislature also finds and determines that motor vehicle accident
9 and disablement sites, are often left in an unsafe and unclean condition
10 after tow truck operators and emergency personnel leave the scene.

11 The legislature determines that clean up standards and enforcement are
12 needed to ensure public/vehicle safety is maintained and to ensure that
13 accident and disablement scenes are left free of debris and are safe
14 thoroughfares.

15 Therefore, the purpose of this law is to ensure that following motor
16 vehicle accidents and disablements, and as part of the towing services
17 involved, that the surrounding area/scene will be swept and left clean
18 and free from debris so as to protect the public and future vehicles
19 traveling in the area.
