AN ACT to amend the executive law, in relation to enacting the New York State Resident Experience Act of 2024

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Short title. This act shall be known and may be cited as
2 the "New York State Resident Experience Act of 2024".

3 § 2. Legislative intent. The legislature finds that the New York state
4 government serves the people of the state of New York and should seek to
5 continually improve the provision of services based on resident feed-
6 back. While many state agencies, offices, and programs provide excel-
7 lent service to New Yorkers, there are many areas ripe for improvement,
8 particularly within agencies that provide extensive resident-facing
9 services. Providing quality services to residents improves the confi-
10 dence of New Yorkers in their government and helps agencies achieve
11 greater impact and fulfill their missions. Improving services to resi-
12 dents requires agencies to leverage technology, collect and share stand-
13 ardized data, and develop customer-centered mindsets and service strate-
14 gies. It is the legislature's belief that all agencies should strive to
15 provide high-quality, courteous, effective, and efficient services to
16 New Yorkers and seek to measure, collect, report, and utilize metrics
17 relating to the experience of residents interacting with agencies to
18 continually improve provision of services to the people of the state of
19 New York.

20 § 3. The executive law is amended by adding a new section 170-h to
21 read as follows:

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.
