§ 2. This act shall take effect immediately and shall be deemed to have been in full force and effect on and after September 11, 2001.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would expand the definition of a member who participated in World Trade Center (WTC) rescue, recovery or cleanup operations to include those who worked at the Verrazano Bridge Toll Facility.

Insofar as this bill would affect the New York State and Local Employees' Retirement System (NYSLERS) and the New York State and Local Police and Fire Retirement System (NYSLPFRS), if this bill is enacted during the 2024 Legislative Session, it would (a) reclassify certain retiree benefits as accidental disability, (b) lead to an increased number of accidental disability benefits for future retirees, and (c) also lead to more deaths being classified as "accidental". The cost of the revised benefit will depend upon the applicant's age, service, salary, plan and benefit type otherwise payable.

Benefit prior to enactment:	None	Ordinary Disability	Performance of Duty
NYSLERS cost for proposed benefit:	10 times salary	5.5 times salary	3 times salary
NYSLPFRS cost for proposed benefit:	10 times salary	5.5 times salary	3 times salary

Benefit prior to enactment:	Service Retirement	Ordinary Death

NYSLERS cost for proposed benefit:	2 times salary	4.5 times salary
NYSLPFRS cost for proposed benefit:	2 times salary	13 times salary

The exact number of current members as well as future members who could be affected by this legislation cannot be readily determined. Pursuant to Section 25 of the Retirement and Social Security Law, the costs arising in the NYSLERS will be borne entirely by the State of New York and will require an itemized appropriation sufficient to pay the cost of the provision. The costs arising in the NYSLPFRS will be shared by the State of New York and the local participating employers of the NYSLPFRS.

Further, we anticipate additional administrative costs to implement the provisions of this legislation.
