AN ACT to amend the cannabis law, in relation to authorizing conditional adult-use cultivator and processor licensees to sell tested, packaged, and sealed cannabis products and cannabis to a cannabis dispensing facility licensed by a tribal nation for retail sale

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. This act shall be known and may be cited as the "cannabis crop rescue act".

§ 2. Legislative findings. Chapter 18 of the laws of 2022 created the conditional adult-use cultivator license. Due to a variety of circumstances beyond the control of New York's cannabis farmers, many licensees cannot afford to process their cannabis or sell their finished products. As a result, their 2022 crops are losing value while in storage due to diminished potency, color and aroma. Without sales, many are unable to plant a crop for the upcoming growing season, and are in severe financial stress.

§ 3. Section 68-c of the cannabis law is amended by adding a new subdivision 16 to read as follows:

16. Notwithstanding any other provision of this chapter, a conditional adult-use cultivator or processor licensee shall be authorized to sell tested, packaged, and sealed cannabis products or cannabis grown during the two thousand twenty-two growing season, to a cannabis dispensing facility licensed by a tribal nation for retail sale. Nothing in this subdivision shall be construed to alter, modify, abrogate, or otherwise impede or interfere with such tribal nation's sovereign authority to license, sell, cultivate, process, manufacture, distribute, deliver, or transport cannabis product on or among its territories. Any product sold by a conditional-use cultivator or processor licensee shall be subject to the provisions of article twenty-C of the tax law; and

provided, further, that the licensee shall bear the cost of all such taxes imposed by such article and shall remit such taxes to the department of taxation and finance. The office is authorized to issue emergency regulations, if necessary, to implement this subdivision.

§ 4. A conditional adult-use cultivator licensee may select to operate under subdivision 16 of section 68-c of the cannabis law until December 31, 2023.

§ 5. This act shall take effect immediately; provided, however, that the amendments to section 68-c of the cannabis law made by section three of this act shall not affect the repeal of such section and shall be deemed repealed therewith.
