form shall require the petitioner to set forth their name, mailing address, telephone number, and email address, the name of the agency the freedom of information law request was made to, or the name of the public body alleged to have violated the open meetings law, a concise statement of the ground or grounds upon which review is sought and any such other information as may be required by the office of court administration.

- 7. No petition for freedom of information law or open meetings law review shall relate to more than one request.
- 8. The petition may be made by a person who has knowledge of the facts stated therein and who is authorized in writing by the requestor to file such petition. Such written authorization shall be made a part of such petition.
 - 9. Commencement of a proceeding under this article shall not stay the requirements for filing a proceeding under article seventy-eight of the civil practice law and rules.
 - 10. The petitioner shall mail a copy of the petition within five days from the date of filing with the clerk of the supreme court to the records access officer of the agency or public body named in the petition, or if there is no such officer, then to the head, chief executive or governing body of such entity. In the event that service is made by personal delivery, the records access officer or other appropriate person shall provide a receipt for such service to the petitioner stating the date and time of service.
- 25 § 122. Appointment of hearing officers. 1. The chief administrator of the courts shall appoint a panel of hearing officers selected from 26 27 persons requesting to serve as such hearing officers who shall have submitted resumes of qualifications. Hearing officers to be appointed to 28 the panel shall be qualified by training, interest, experience, temper-29 30 ament and knowledge of New York's freedom of information law and open 31 meetings law but need not be attorneys. The chief administrator of the 32 court shall randomly assign a hearing officer or hearing officers, or 33 may assign a judicial hearing officer designated pursuant to article 34 twenty-two of the judiciary law, to conduct an informal hearing on the 35 petition for review with the applicants and a representative of the 36 agency which made the determination sought to be reviewed or the public 37 body for which an open meetings law violation has been alleged. Hearing officers assigned shall not possess any conflict of interest with regard 38 39 to the petitions to be heard. Hearing officers shall be compensated at least one hundred dollars per hearing for their services in accordance 40 with a fee schedule to be established by the chief administrator of the 41 42 courts.
 - 2. A hearing officer shall disqualify himself or herself from a hearing where such officer possesses a conflict of interest. Such hearing officer shall also disqualify himself or herself from a hearing where such hearing officer has a direct or indirect interest in any agency or public body for which a petition has been filed or a direct or indirect interest with a petitioner. For the purposes of this article, a hearing officer shall be deemed to have a direct or indirect interest in any agency or public body for which a petition has been filed or with a petitioner, when the hearing officer, spouse, registered domestic partner, any of his or her children, mother, father, brother, or sister:

(c) serves on the board of directors of the agency or is an elected official of the public body.

- 3. Where a hearing officer disqualifies himself or herself, such hearing officer shall notify the chief administrator of the court who shall reassign the case to another hearing officer.
- § 123. Hearing procedures. 1. Hearings under this article shall be held within forty-five days of the filing of a petition. In the event all such hearings cannot be held within forty-five days, hearings may be held at a later date in accordance with the rules promulgated pursuant to section one hundred twenty-seven of this article. Such hearing, where practicable, shall be held virtually/remotely via video conferencing or telephone conferencing. If for any reason it is not possible to conduct a hearing virtually/remotely then the hearing shall occur at a location within the county in which the petitioner resides. A hybrid hearing may be held where some parties including the hearing officer appear in person and others appear remotely/virtually. The petitioner and agency or public body shall be advised by mail and/or email of the time and place of such hearing and how to appear electronically via video or telephone at least ten business days prior to the date of the hearing; provided, however, that failure to receive such notice in such time period shall not bar the holding of a hearing.
 - 2. The petitioner shall not be required to present expert witnesses nor be represented by an attorney at such hearing. Such proceedings shall be conducted on an informal basis in such manner as to do substantial justice between the parties. The petitioner shall not be bound by statutory provisions or rules of practice, procedure, pleading or evidence. All statements and presentation of evidence made at the hearing by either party shall be made or presented to the hearing officer who shall assure that decorum is maintained at the hearing. The hearing officer shall consider the best evidence presented in each particular case. Such evidence may include, but shall not be limited to, the request made and response provided thereto. The agency or public body shall have the burden of proving why the information sought is exempt from disclosure under the freedom of information law or made available as required by the open meetings law, and if fees are being charged the burden of proving why such fees are proper.
- 3. All parties shall be required to appear at the hearing in person or in accordance with subdivision two of this section. Failure to appear shall result in the petition being determined upon inquest by the hearing officer based upon the available evidence submitted.
- 41 <u>4. The hearing officer shall determine all questions of fact and law</u>
 42 <u>de novo.</u>
 - § 124. Decision of petition for freedom of information law and open meetings law review. 1. The hearing officer shall make a decision in writing with respect to the petition within thirty days after conclusion of the hearing conducted with respect thereto. The hearing officer's decision may grant the petition in full or in part or may deny the petition. The hearing officer may award the petitioner costs against the respondent agency or public body in an amount not to exceed the fee paid by the petitioner to file the petition for review. In unusual circumstances, the hearing officer may extend the thirty-day time limit by sending written notice to the petitioning party and a copy to the denying agency or public body, setting forth the reasons for the extension, and the day on which a decision is expected to be issued, which shall not exceed an additional thirty days. As used in this section, the term "unusual circumstances" shall mean, but only to the extent reasonably

necessary to the proper resolution of a petition: (a) the need to obtain additional documentation from the agency and a copy of the records involved; or (b) the need to conduct extensive research on issues of first impression.

- 2. If the hearing officer determines from the petition and upon the evidence presented at the hearing that the determination by the agency or public body being reviewed to withhold information is improper or the fees being sought are excessive, he or she shall order a correction of the decision made in whole or in part, in such manner as shall be in accordance with law.
- 3. If the hearing officer determines that the petitioner did not qualify for review pursuant to section one hundred twenty-one of this article, the petition shall be denied without prejudice and the petitioner, notwithstanding any other provision of law, shall be permitted to commence a proceeding pursuant to article seventy-eight of the civil practice law and rules with the understanding that the statute of limitations for such a proceeding shall not be tolled by petitions filed under this article.
- 4. The decision of the hearing officer shall state the findings of fact and the evidence upon which it is based. Such decisions shall be attached to and made part of the petition for review and shall be dated and signed. Where the decision of the hearing officer determines that the petitioner did not qualify for review pursuant to section one hundred twenty-one of this article, a notice shall be attached to such decision stating that the petitioner may seek judicial review of their freedom of information law request pursuant to article seventy-eight of the civil practice law and rules, and that the last day to file for judicial review is one hundred twenty days after having been served with a copy of such decision. Where the decision of the hearing officer determines that the petition is granted in full or in part, a notice shall be attached to such decision stating that the determination of the freedom of information law request shall be changed in compliance with such decision and that such change shall be followed by name, telephone number and/or address of the agency.
- 5. The hearing officer shall promptly transmit the decision to the clerk of the court, who shall file and enter it in accordance with the rules promulgated pursuant to section one hundred twenty-seven of this article.
- 6. The hearing officer shall promptly mail a copy of the decision to the petitioner, the agency or public body named in the petition.
- § 125. Determination not precedent. No transcript of testimony shall be made of a hearing held under this article. The hearing officer's decision of a petition under this article shall not constitute precedent for any purpose or proceeding involving the parties or any other person or persons.
- § 126. Waiver of other remedies and right to judicial review. A petitioner to an action pursuant to this article may seek judicial review pursuant to article seventy-eight of the civil practice law and rules, provided that such review shall be maintained against the same parties named in the freedom of information law or open meetings law petition.
- § 127. Rules of practice and procedure. The chief administrator of the courts shall adopt such rules of practice and procedure, consistent with this article, as may be necessary to implement the freedom of information law and open meetings law review procedure established under this article. Such rules shall provide for the scheduling of evening hearings where practicable, the availability of petition forms, and the proce-
