§ 899-ee. Definitions. For purposes of this article, the following terms shall have the following meanings:

1. "Covered user" shall mean a user of a website, online service, online application, mobile application, or connected device, or portion thereof, in the state of New York who is:

(a) actually known by the operator of such website, online service, online application, mobile application, or connected device to be a minor; or

(b) using a website, online service, online application, mobile application, or connected device primarily directed to minors.

2. "Minor" shall mean a natural person under the age of eighteen.

3. "Operator" shall mean any person who operates or provides a website on the internet, online service, online application, mobile application, or connected device, and who, alone or jointly with others, controls the purposes and means of processing personal data. A person that acts as both an operator and processor shall comply with the applicable obligations of an operator and the obligations of a processor, depending on its role with respect to each specific processing of personal data.

4. "Personal data" shall mean any data that identifies or could reasonably be linked, directly or indirectly, with a specific natural person or device.

5. "Process" or "processing" shall mean an operation or set of operations performed on personal data, including but not limited to the collection, use, access, sharing, sale, monetization, analysis, retention, creation, generation, derivation, recording, organization, structuring, storage, disclosure, transmission, disposal, licensing, destruction, deletion, modification, or deidentification of personal data.

6. "Primarily directed to minors" shall mean a website, online service, online application, mobile application, or connected device, or a portion thereof, that is targeted to minors. A website, online service, online application, mobile application, or connected device, or portion thereof, shall not be deemed directed primarily to minors solely because such website, online service, online application, mobile application, or connected device, or portion thereof refers or links to any other website, online service, online application, mobile application, or connected device directed to minors by using information location tools, including a directory, index, reference, pointer, or hypertext link. A website, online service, online application, mobile application, or connected device, or portion thereof, shall be deemed directed to minors when it has actual knowledge that it is collecting personal data of users directly from users of another website, online service, online application, mobile application, or connected device primarily directed to minors.

7. "Sell" shall mean to share personal data for monetary or other valuable consideration. "Selling" shall not include the sharing of personal data for monetary or other valuable consideration to another person as an asset that is part of a merger, acquisition, bankruptcy, or other transaction in which that person assumes control of all or part of the operator's assets or the sharing of personal data with a processor.

1 8. "Processor" shall mean any person who processes data on behalf of
2 the operator. A person that acts as both an operator and processor shall
3 comply with the applicable obligations of an operator and the obli-
4 gations of a processor, depending on its role with respect to each
5 specific processing of personal data.

6 9. "Third-party operator" shall mean an operator who is not the oper-
7 ator:

8 (a) with whom the user intentionally and directly interacts; or

9 (b) that collects personal data from the direct and current inter-
10 actions with the user.

11 § 899-ff. Privacy protection by default. 1. Except as provided for in
12 subdivision six of this section and section eight hundred ninety-nine-jj
13 of this article, an operator shall not process, or allow a processor to
14 process, the personal data of a covered user collected through the use
15 of a website, online service, online application, mobile application, or
16 connected device, or allow a third-party operator to collect the
17 personal data of a covered user collected through the operator's
18 website, online service, online application, mobile application, or
19 connected device unless and to the extent:

20 (a) the covered user is twelve years of age or younger and processing
21 is permitted under 15 U.S.C. § 6502 and its implementing regulations; or

22 (b) the covered user is thirteen years of age or older and processing
23 is strictly necessary for an activity set forth in subdivision two of
24 this section, or informed consent has been obtained as set forth in
25 subdivision three of this section.

26 2. For the purposes of paragraph (b) of subdivision one of this
27 section, the processing of personal data of a covered user is permissi-
28 ble where it is strictly necessary for the following permissible
29 purposes:

30 (a) providing or maintaining a specific product or service requested
31 by the covered user;

32 (b) conducting the operator's internal business operations. For
33 purposes of this paragraph, such internal business operations shall not
34 include any activities related to marketing, advertising, research and
35 development, providing products or services to third parties, or prompt-
36 ing covered users to use the website, online service, online applica-
37 tion, mobile application, or connected device when it is not in use;

38 (c) identifying and repairing technical errors that impair existing or
39 intended functionality;

40 (d) protecting against malicious, fraudulent, or illegal activity;

41 (e) investigating, establishing, exercising, preparing for, or defend-
42 ing legal claims;

43 (f) complying with federal, state, or local laws, rules, or regu-
44 lations;

45 (g) complying with a civil, criminal, or regulatory inquiry, investi-
46 gation, subpoena, or summons by federal, state, local, or other govern-
47 mental authorities;

48 (h) detecting, responding to, or preventing security incidents or
49 threats; or

50 (i) protecting the vital interests of a natural person.

51 3. (a) For the purposes of paragraph (b) of subdivision one of this
52 section, to process personal data of a covered user where such process-
53 ing is not strictly necessary under subdivision two of this section,
54 informed consent must be obtained from the covered user either through a
55 device communication or signal pursuant to the provisions of subdivision

two of section eight hundred ninety-nine-ii of this article or through a request. Requests for such informed consent shall:

(i) be made separately from any other transaction or part of a transaction;

(ii) be made in the absence of any mechanism that has the purpose or substantial effect of obscuring, subverting, or impairing a covered user's decision-making regarding authorization for the processing;

(iii) clearly and conspicuously state that the processing for which the consent is requested is not strictly necessary, and that the covered user may decline without preventing continued use of the website, online service, online application, mobile application, or connected device; and

(iv) clearly present an option to refuse to provide consent as the most prominent option.

(b) Such informed consent, once given, shall be freely revocable at any time, and shall be at least as easy to revoke as it was to provide.

(c) If a covered user declines to provide or revokes informed consent for processing, another request may not be made for such processing for the following calendar year, however an operator may make available a mechanism that a covered user can use unprompted and at the user's discretion to provide informed consent.

(d) If a covered user's device communicates or signals that the covered user declines to provide informed consent for processing pursuant to the provisions of subdivision two of section eight hundred ninety-nine-ii of this article, an operator shall not request informed consent for such processing, however an operator may make available a mechanism that a covered user can use unprompted and at the user's discretion to provide informed consent.

4. Except where processing is strictly necessary to provide a product, service, or feature, an operator may not withhold, degrade, lower the quality, or increase the price of any product, service, or feature to a covered user due to the operator not obtaining verifiable parental consent under 15 U.S.C. § 6502 and its implementing regulations or informed consent under subdivision three of this section.

5. Except as provided for in section eight hundred ninety-nine-jj of this article, an operator shall not purchase or sell, or allow a processor or third-party operator to purchase or sell, the personal data of a covered user.

6. Within thirty days of determining or being informed that a user is a covered user, an operator shall:

(a) dispose of, destroy, or delete and direct all of its processors to dispose of, destroy, or delete all personal data of such covered user that it maintains, unless processing such personal data is permitted under 15 U.S.C. § 6502 and its implementing regulations, is strictly necessary for an activity listed in subdivision two of this section, or informed consent is obtained as set forth in subdivision three of this section; and

(b) notify any third-party operators to whom it knows it disclosed personal data of that covered user, and any third-party operators it knows it allowed to process the personal data that may include the personal data of that user, that the user is a covered user.

7. Except as provided for in section eight hundred ninety-nine-jj of this article, prior to disclosing personal data to a third-party operator, or permitting a third-party operator to collect personal data from the operator's website, online service, online application, mobile

1 application, connected device, or portion thereof, the operator shall
2 disclose to the third-party operator:

3 (a) when their website, online service, online application, mobile
4 application, connected device, or portion thereof, is primarily directed
5 to minors; or

6 (b) when the personal data concerns a covered user.

7 § 899-gg. Processors. 1. Except as provided for in section eight
8 hundred ninety-nine-jj of this article, no operator or processor shall
9 disclose the personal data of a covered user to a third party, or allow
10 the processing of the personal data of a covered user by a third party,
11 without a written, binding agreement governing such disclosure or proc-
12 essing. Such agreement shall clearly set forth instructions for the
13 nature and purpose of the processor's processing of the personal data,
14 instructions for using or further disclosing the personal data, and the
15 rights and obligations of both parties.

16 2. Processors shall process the personal data of covered users only
17 when permitted by the terms of the agreement pursuant to subdivision one
18 of this section, unless otherwise required by federal, state, or local
19 laws, rules, or regulations.

20 3. A processor shall, at the direction of the operator, dispose of,
21 destroy, or delete personal data, and notify any other processor to
22 which it disclosed the personal data of the operator's direction, unless
23 retention of the personal data is required by federal, state, or local
24 laws, rules, or regulations. The processor shall provide evidence of
25 such deletion to the operator within thirty days of the deletion
26 request.

27 4. A processor shall delete or return to the operator all personal
28 data of covered users at the end of its provision of services, unless
29 retention of the personal data is required by federal, state, or local
30 laws, rules, or regulations. The processor shall provide evidence of
31 such deletion to the operator within thirty days of the deletion
32 request.

33 5. An agreement pursuant to subdivision one of this section shall
34 require that the processor:

35 (a) process the personal data of covered users only pursuant to the
36 instructions of the operator, unless otherwise required by federal,
37 state, or local laws, rules, or regulations;

38 (b) assist the operator in meeting the operator's obligations under
39 this article. The processor shall, taking into account the nature of
40 processing and the information available to them, assist the operator by
41 taking appropriate technical and organizational measures, to the extent
42 practicable, for the fulfillment of the operator's obligation to delete
43 personal data pursuant to section eight hundred ninety-nine-ff of this
44 article;

45 (c) upon reasonable request of the operator, make available to the
46 operator all information in its possession necessary to demonstrate the
47 processor's compliance with the obligations in this section;

48 (d) allow, and cooperate with, reasonable assessments by the operator
49 or the operator's designated assessor for purposes of evaluating compli-
50 ance with the obligations of this article. Alternatively, the processor
51 may arrange for a qualified and independent assessor to conduct an
52 assessment of the processor's policies and technical and organizational
53 measures in support of the obligations under this article using an
54 appropriate and accepted control standard or framework and assessment
55 procedure for such assessments. The processor shall provide a report of
56 such assessment to the operator upon request; and

1 (e) notify the operator a reasonable time in advance before disclosing
2 or transferring the personal data of covered users to any further
3 processors, which may be in the form of a regularly updated list of
4 further processors that may access personal data of covered users.

5 § 899-hh. Ongoing coverage. 1. Upon learning that a user is no longer
6 a covered user, an operator:

7 (a) shall not process the personal data of the covered user that would
8 otherwise be subject to the provisions of this article until it receives
9 informed consent pursuant to subdivision three of section eight hundred
10 ninety-nine-ff of this article, and

11 (b) shall provide notice to such user that they may no longer be enti-
12 tled to all of the protections and rights provided under this article.

13 2. Upon learning that a user is no longer a covered user, an operator
14 shall provide notice to such user that such user is no longer covered by
15 the protections and rights provided under this article.

16 § 899-ii. Respecting user-provided age flags. 1. For the purposes of
17 this article, an operator shall treat a user as a covered user if the
18 user's device communicates or signals that the user is or shall be
19 treated as a minor, including through a browser plug-in or privacy
20 setting, device setting, or other mechanism that complies with regu-
21 lations promulgated by the attorney general.

22 2. For the purposes of subdivision three of section eight hundred
23 ninety-nine-ff of this article, an operator shall adhere to any clear
24 and unambiguous communications or signals from a covered user's device,
25 including through a browser plug-in or privacy setting, device setting,
26 or other mechanism, concerning processing that the covered user consents
27 to or declines to consent to. An operator shall not adhere to unclear or
28 ambiguous communications or signals from a covered user's device, and
29 shall instead request informed consent pursuant to the provisions of
30 paragraph a of subdivision three of section eight hundred ninety-nine-ff
31 of this article.

32 § 899-jj. Protections for third-party operators. Sections eight
33 hundred ninety-nine-ff and eight hundred ninety-nine-gg of this article
34 shall not apply where a third-party operator is processing the personal
35 data of a covered user of another website, online service, online appli-
36 cation, mobile application, or connected device, or portion thereof,
37 provided that the third-party operator received reasonable written
38 representations that the covered user provided informed consent for such
39 processing, or:

40 1. the operator does not have actual knowledge that the covered user
41 is a minor; and

42 2. the operator does not have actual knowledge that the other website,
43 online service, online application, mobile application, or connected
44 device, or portion thereof, is primarily directed to minors.

45 § 899-kk. Rulemaking authority. The attorney general may promulgate
46 such rules and regulations as are necessary to effectuate and enforce
47 the provisions of this article.

48 § 899-ll. Scope. 1. This article shall apply to conduct that occurs in
49 whole or in part in the state of New York. For purposes of this article,
50 commercial conduct takes place wholly outside of the state of New York
51 if the business collected such information while the covered user was
52 outside of the state of New York, no part of the use of the covered
53 user's personal data occurred in the state of New York, and no personal
54 data collected while the covered user was in the state of New York is
55 used.

1 2. Nothing in this article shall be construed to prohibit an operator
2 from storing a covered user's personal data that was collected pursuant
3 to section eight hundred ninety-nine-ff of this article when such
4 covered user is in the state.

5 3. Nothing in this article shall be construed to impose liability for
6 commercial activities or actions by operators subject to 15 U.S.C. 6501
7 that is inconsistent with the treatment of such activities or actions
8 under 15 U.S.C. 6502.

9 § 899-mm. Remedies. Whenever it appears to the attorney general,
10 either upon complaint or otherwise, that any person, within or outside
11 the state, has engaged in or is about to engage in any of the acts or
12 practices stated to be unlawful in this article, the attorney general
13 may bring an action or special proceeding in the name and on behalf of
14 the people of the state of New York to enjoin any violation of this
15 article, to obtain restitution of any moneys or property obtained
16 directly or indirectly by any such violation, to obtain disgorgement of
17 any profits or gains obtained directly or indirectly by any such
18 violation, including but not limited to the destruction of unlawfully
19 obtained data, to obtain damages caused directly or indirectly by any
20 such violation, to obtain civil penalties of up to five thousand dollars
21 per violation, and to obtain any such other and further relief as the
22 court may deem proper, including preliminary relief.

23 § 2. Severability. If any clause, sentence, paragraph, subdivision,
24 section or part of this act shall be adjudged by any court of competent
25 jurisdiction to be invalid, such judgment shall not affect, impair, or
26 invalidate the remainder thereof, but shall be confined in its operation
27 to the clause, sentence, paragraph, subdivision, section or part thereof
28 directly involved in the controversy in which such judgment shall have
29 been rendered. It is hereby declared to be the intent of the legislature
30 that this act would have been enacted even if such invalid provisions
31 had not been included herein.

32 § 3. This act shall take effect one year after it shall have become a
33 law. Effective immediately, the addition, amendment and/or repeal of any
34 rule or regulation necessary for the implementation of this act on its
35 effective date are authorized to be made and completed on or before such
36 effective date.
