(e) "Proceeding" means a complaint, or investigation, rulemaking, or other formal proceeding before the commission, or alternative dispute resolution procedures in lieu of formal proceedings as may be sponsored or endorsed by the commission, provided however such proceedings shall be limited to those arising under and proceeding pursuant to the following articles of this chapter: (1) the regulation of the price of gas and electricity, pursuant to article four of this chapter except those described in subparagraph (ii) of paragraph (c) of subdivision twelve of section sixty-six of this chapter; (2) the regulation of the price of steam, pursuant to article four-A of this chapter; (3) the submetering, remetering or resale of electricity to residential premises, pursuant to sections sixty-five and sixty-six of this chapter, and pursuant to regulations regarding the submetering, remetering, or resale of electricity adopted by the commission; and (4) such sections of this chapter as are applicable to a proceeding in which the commission makes a finding on the record that the public interest requires the reimbursement of utility intervenor fees pursuant to this section.

(f) "Significant financial hardship" means that the participant will be unable to afford, without undue hardship, to pay the costs of effective participation, including advocate's fees, expert witness fees, and other reasonable costs of participation.

(g) "Small business" means a business with a gross annual revenue of two hundred fifty thousand dollars or less.

(h) "Substantial contribution" means that, in the judgment of the department, the participant's application may substantially assist the commission in making its decision because the decision may adopt in whole or in part one or more factual contentions, legal contentions, or specific policy or procedural recommendations that will be presented by the participant.

2. A participant may apply for an award of compensation under this section in a proceeding in which such participant has sought active party status as defined by the department. The department shall determine appropriate procedures for accepting and responding to such applications. At the time of application, such participant shall serve on every party to the proceeding notice of intent to apply for an award of compensation.

An application shall include:

(a) A statement of the nature and extent and the factual and legal basis of the participant's planned participation in the proceeding as far as it is possible to describe such participation with reasonable specificity at the time the application is filed.

(b) At minimum, a reasonably detailed description of anticipated advocates and expert witness fees and other costs of preparation and participation that the participant expects to request as compensation.

(c) If participation or intervention will impose a significant financial hardship and the participant seeks payment in advance to an award of compensation in order to initiate, continue or complete participation in the hearing or proceeding, such participant must include evidence of such significant financial hardship in its application.

(d) Any other requirements as required by the department.

3. (a) Within thirty days after the filing of an application the department shall issue a decision that determines whether or not the participant may make a substantial contribution to the final decision in the hearing or proceeding. If the department finds that the participant requesting compensation may make a substantial contribution, the department shall describe this substantial contribution and determine the

1 amount of compensation to be paid pursuant to subdivision four of this  
2 section.

3 (b) Notwithstanding subdivision four of this section, if the depart-  
4 ment finds that the participant has a significant financial hardship,  
5 the department may direct the public utility or utilities subject to the  
6 proceeding to pay all or part of the compensation to the department to  
7 be provided to the participant prior to the end of the proceeding. In  
8 the event that the participant discontinues its participation in the  
9 proceeding without the consent of the department, the department shall  
10 be entitled to, in whole or in part, recover any payments made to such  
11 participant to be refunded to the public utility or utilities that  
12 provided such payment.

13 (c) The computation of compensation pursuant to paragraph (a) of this  
14 subdivision shall take into consideration the market rates paid to  
15 persons of comparable training and experience who offer similar  
16 services. The compensation awarded may not, in any case, exceed the  
17 comparable market rate for services paid by the department or the public  
18 utility, whichever is greater, to persons of comparable training and  
19 experience who are offering similar services.

20 (d) Any compensation awarded to a participant and not used by such  
21 participant shall be returned to the department for refund to the public  
22 utility or utilities that provided such payment.

23 (e) The department shall require that participants seeking payment  
24 maintain an itemized record of all expenditures incurred as a result of  
25 such proceeding.

26 (i) The department may use the itemized record of expenses to verify  
27 the claim of financial hardship by a participant seeking payment pursu-  
28 ant to paragraph (c) of subdivision two of this section.

29 (ii) The department may use the record of expenditures in determining,  
30 after the completion of a proceeding, if any unused funds remain.

31 (iii) The department shall preserve the confidentiality of the partic-  
32 ipant's records in making any audit or determining the availability of  
33 funds after the completion of a proceeding.

34 (f) In the event that the department finds that two or more partic-  
35 ipants' applications have substantially similar interests, the depart-  
36 ment may require such participants to apply jointly in order to receive  
37 compensation.

38 4. Any compensation pursuant to this section shall be paid at the  
39 conclusion of the proceeding by the public utility or utilities subject  
40 to the proceeding within thirty days. Such compensation shall be remit-  
41 ted to the department which shall then remit such compensation to the  
42 participant.

43 5. The department shall deny any award to any participant who attempts  
44 to delay or obstruct the orderly and timely fulfillment of the depart-  
45 ment's responsibilities.

46 § 2. The state finance law is amended by adding a new section 97-uuuu  
47 to read as follows:

48 § 97-uuuu. Utility intervenor account. 1. There is hereby established  
49 in the joint custody of the state comptroller and the commissioner of  
50 taxation and finance a fund to be known as the utility intervenor  
51 account.

52 2. Such account shall consist of all utility intervenor reimbursement  
53 monies received from utilities pursuant to section twenty-four-c of the  
54 public service law.

55 § 3. This act shall take effect on the thirtieth day after it shall  
56 have become a law.
