(i) (1) For the purposes of this paragraph, "municipality" shall mean a county, city, town, village, special improvement district, fire district, public library, association library, or public library system as defined by section two hundred seventy-two of the education law; provided, however, that for the purposes of this definition, a public library system shall be considered a municipality only in instances where such public library system advances a joint application on behalf of its member libraries, water authority, sewer authority, regional planning and development board, school district, or board of cooperative educational services; provided, however, that for the purposes of this definition, a board of cooperative educational services shall be considered a municipality only in instances where such board of cooperative educational services advances a joint application on behalf of school districts and other municipalities within the board of cooperative educational services region; provided, however, that any agreements with a board of cooperative educational services: shall not generate additional state aid; shall be deemed not to be a part of the program, capital and administrative budgets of the board of cooperative educational services for the purposes of computing charges upon component school districts pursuant to subdivision one and subparagraph seven of paragraph b of subdivision four of section nineteen hundred fifty, and subdivision one of section nineteen hundred fifty-one of the education law; and shall be deemed to be a cooperative municipal service for purposes of subparagraph two of paragraph d of subdivision four of section nineteen hundred fifty of the education law.

(2) For the purposes of this paragraph, "functional consolidation" shall mean one municipality completely providing a service or function for another municipality, which no longer provides such service or function.

(ii) Within the annual amounts appropriated therefor, the secretary of state may award competitive grants to municipalities to cover costs associated with local government efficiency projects, including, but not limited to, planning for or implementation of a municipal consolidation or dissolution, a functional consolidation, a city or county charter revision that includes functional consolidation, shared or cooperative services, and regionalized delivery of services; provided, however, that such local government efficiency projects must demonstrate new opportunities for financial savings and operational efficiencies; provided, further, that eligible local government efficiency projects shall not include studies and plans for a local government re-organization eligible to receive a local government citizens re-organization empowerment grant pursuant to paragraph q of this subdivision. The secretary of state may focus the grant program in specific functional areas, within distressed communities and areas of historically high local government costs and property taxes, or in areas of unique opportunity, in which case such areas of focus shall be detailed in a request for applications.

(iii) Any approved project shall include an examination of financial savings, return on public investment and management improvements resulting from project implementation.

(iv) Local government efficiency grants may be used to cover costs including, but not limited to, legal and consultant services, capital improvements, transitional personnel costs and other necessary expenses related to implementing the approved local government efficiency grant

1 work plan. Grants may be used for capital improvements, transitional
2 personnel costs or joint equipment purchases only where such expenses
3 are integral to implementation of the local government efficiency
4 project. No part of the grant shall be used by the applicant for recur-
5 ring expenses such as salaries, except that the salaries of certain
6 transitional personnel essential for the implementation of the approved
7 local government efficiency grant work plan shall be eligible for a
8 period not to exceed three years. The amounts awarded to a school

25 of state shall be required for planning grants, and local matching funds
26 equal to at least ten percent of the total cost of activities under the
27 grant work plan approved by the department of state shall be required
28 for implementation grants. In the event an applicant is implementing a
29 project that the applicant developed through a successfully completed
30 planning grant funded under the local government efficiency grant
31 program or the shared municipal services incentive grant program, the
32 local matching funds required shall be reduced by the local matching
33 funds required by such successfully completed planning grant up to the
34 amount of local matching funds required for the implementation grant.

35 (vii) In the selection of grant awards, the secretary of state shall
36 give the highest priority to applications: (1) that would result in the
37 dissolution or consolidation of municipalities; (2) that would implement
38 the complete functional consolidation of a municipal service; or (3) by
39 local governments with historically high costs of local government or
40 sustained increases in property taxes. Priority will also be given to
41 municipalities that have previously completed a planning grant pursuant
42 to this program or the shared municipal services incentive grant
43 program, and to local governments currently involved in regional devel-
44 opment projects that have received funds through state community and
45 infrastructure development programs.

46 (viii) Within one week of the receipt of an application, the depart-
47 ment of state shall review the application to ensure the applicant has
48 filed the correct application, and to determine if any required sections
49 of the application contain no information. Within one business day of
50 determining an applicant has filed an incorrect application, or deter-
51 mining an application contains no information in a section required to
52 contain information, the department shall so notify the applicant.
53 Applicants shall be permitted to amend an application found to be miss-
54 ing information, and such application shall be reconsidered for approval
55 if it is amended by the application deadline. If an applicant has
56 submitted an incorrect application, the applicant may submit the correct

application to the appropriate program by the deadline for such program for consideration. Under no circumstances shall this subparagraph be deemed to require the extension of any application deadline established by the department, nor shall it obligate the department to conduct a substantive review of the contents of any application outside of the procedures established by the department for the purposes of maintaining the competitive integrity of the grant program.

(ix) Written notice shall be provided to an applicant of a decision regarding the grant or denial of an award under this paragraph, within thirty days after such decision.

(x) The department of state shall prepare an annual report to the governor and the legislature on the effectiveness of the local government efficiency grant program and the local government citizens re-organization empowerment grant program. Such report shall be provided on or before October first of each year and shall include, but not be limited to, the following: a summary of applications and awards for each grant category, an assessment of progress in implementing initiatives that received grant awards, and estimated financial savings and significant improvements in service realized by municipalities that have received grants.

The dormitory authority is authorized to issue bonds, at the request of the commissioner of education, to finance eligible library construction projects pursuant to section two hundred seventy-three-a of the education law, in amounts certified by such commissioner not to exceed a total principal amount of ~~[three hundred sixty-seven million dollars \$367,000,000]~~ four hundred thirty-five million dollars \$435,000,000.

§ 33. Paragraph (c) of subdivision 19 of section 1680 of the public authorities law, as amended by section 31 of part PP of chapter 56 of the laws of 2023, is amended to read as follows:

(c) Subject to the provisions of chapter fifty-nine of the laws of two thousand, the dormitory authority shall not issue any bonds for state university educational facilities purposes if the principal amount of bonds to be issued when added to the aggregate principal amount of bonds issued by the dormitory authority on and after July first, nineteen hundred eighty-eight for state university educational facilities will exceed ~~[eighteen billion one hundred ten million nine hundred sixty-four thousand dollars \$18,110,964,000]~~ nineteen billion five hundred ninety-three million nine hundred sixty-four thousand dollars \$19,593,964,000;

provided, however, that bonds issued or to be issued shall be excluded from such limitation if: (1) such bonds are issued to refund state university construction bonds and state university construction notes previously issued by the housing finance agency; or (2) such bonds are issued to refund bonds of the authority or other obligations issued for state university educational facilities purposes and the present value of the aggregate debt service on the refunding bonds does not exceed the present value of the aggregate debt service on the bonds refunded thereby; provided, further that upon certification by the director of the budget that the issuance of refunding bonds or other obligations issued between April first, nineteen hundred ninety-two and March thirty-first, nineteen hundred ninety-three will generate long term economic benefits to the state, as assessed on a present value basis, such issuance will be deemed to have met the present value test noted above. For purposes of this subdivision, the present value of the aggregate debt service of the refunding bonds and the aggregate debt service of the bonds refunded, shall be calculated by utilizing the true interest cost of the refunding bonds, which shall be that rate arrived at by doubling the semi-annual interest rate (compounded semi-annually) necessary to discount the debt service payments on the refunding bonds from the payment dates thereof to the date of issue of the refunding bonds to the purchase price of the refunding bonds, including interest accrued thereon prior to the issuance thereof. 13 Section 1. The retirement and social security law is amended by adding
14 a new section 383-e to read as follows:

15 § 383-e. Retirement of officers of state law enforcement; twenty year
16 retirement plan. a. Membership. Every non-seasonally appointed sworn
17 member or officer of the division of law enforcement in the department
18 of environmental conservation, a forest ranger in the service of the
19 department of environmental conservation, which shall mean a person who
20 serves on a full-time basis in the title of forest ranger I, forest
21 ranger II, forest ranger III, assistant superintendent of forest fire
22 control, superintendent of forest fire control or any successor titles
23 or new titles in the forest ranger title series in the department of

26 police officers who enter or re-enter service in any such title shall be
27 covered by the provisions of this section, and every member described in
28 this subdivision in such service on or before one year prior to the
29 effective date of this section may elect to be covered by the provisions
30 of this section by filing an election therefor with the comptroller. To
31 be effective, such election must be duly executed and acknowledged on a
32 form prepared by the comptroller for that purpose.

33 b. Retirement allowance. A member, covered by the provisions of this
34 section at the time of retirement, shall be entitled to retire upon
35 completion of twenty years of total creditable service in such titles,
36 and shall retire upon the attainment of the mandatory retirement age
37 prescribed by this section, by filing an application therefor in a
38 manner similar to that provided in section three hundred seventy of this
39 article.

40 1. Upon completion of twenty years of such service and upon retire-
41 ment, each such member shall receive a pension which, together with an
42 annuity for such years of service as provided in paragraph four of this
43 subdivision, shall be sufficient to provide him or her with a retirement
44 allowance of one-half of his or her final average salary.

45 2. Upon completion of more than twenty years of such service and upon
46 retirement, each such member shall receive, for each year of service in
47 excess of twenty, an additional pension which, together with an annuity

This latter pension shall not increase the total allowance to more than one-half of his or her final average salary.

4. The annuity provided under paragraphs one, two and three of this subdivision shall be the actuarial equivalent, at the time of retirement, of the member's accumulated contributions based upon the rate of contribution fixed under section three hundred eighty-three of this title and upon the salaries earned while in such service. Such annuity shall be computed as it would be if it were not reduced by the actuarial equivalent of any outstanding loan nor by reason of the member's election to decrease his or her contributions toward retirement in order to apply the resulting amount toward payment of contributions for old age and survivor's insurance. Any accumulated contributions in excess of the amount required to provide the annuity computed pursuant to this paragraph shall be used to increase the member's retirement allowance.

c. Credit for previous service. In computing the years of total creditable service for each member described herein, full credit shall be given and full allowance shall be made for service rendered as a police officer or state university peace officer or member of a police force or department of a state park authority or commission or an organized police force or department of a county, city, town, village, police district, authority or other participating employer or member of the capital police force in the office of general services while a member of the New York state and local police and fire retirement system, of the New York state and local employees' retirement system or of the New York city police pension fund and for all service for which full credit has been given and full allowance made pursuant to the provisions of section three hundred seventy-five-h of this article provided, however, that full credit pursuant to the provisions of such section shall mean only such service as would be creditable service pursuant to the provisions of section three hundred eighty-three, three hundred eighty-three-a, three hundred eighty-three-b, as added by chapter six hundred seventy-four of the laws of nineteen hundred eighty-six, three hundred eighty-three-b, as added by chapter six hundred seventy-seven of the laws of nineteen hundred eighty-six, three hundred eighty-three-c or three hundred eighty-three-d of this title or pursuant to the provisions of title thirteen of the administrative code of the city of New York for any member contributing pursuant to this section who transferred to the jurisdiction of the department of environmental conservation including but not limited to environmental conservation officers and forest rangers, regional state park police or state university of New York peace officers.

d. Retirement for cause. Upon receipt of a certificate from the head of the entity where such member is employed or his or her designee, a member as described in subdivision a of this section, who has accrued twenty-five or more years of service credit under this section shall be retired on the first day of the second month next succeeding the date such certificate was filed with the comptroller.

e. Credit for military service. In computing the years of total creditable service full credit shall be given and full allowance shall be

1 made for service of such member in war after world war I as defined in
2 section three hundred two of this article, provided such member at the
3 time of his or her entrance into the armed forces was in police service
4 as defined in subdivision eleven of section three hundred two of this
5 article.

6 f. Transfer of membership to employees' retirement system. Any member
7 currently enrolled pursuant to this section and who previously trans-
8 ferred service credit from the New York state and local employees'
9 retirement system to the New York state and local police and fire
10 retirement system, may elect to transfer such previously transferred
11 service credit back to the New York state and local employees' retire-
12 ment system, and such member shall have the option to retroactively
13 transfer his or her membership into such employees' retirement system.

14 g. The provisions of this section shall be controlling, notwithstand-
15 ing any provision of this article to the contrary.

16 § 2. All past service costs associated with implementing the
17 provisions of this act shall be borne by the state of New York and may
18 be amortized over a period of ten years.

19 § 3. This act shall take effect on the sixtieth day after it shall
20 have become a law.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would allow any non-seasonally appointed sworn member or officer of the division of law enforcement, police officer, or forest ranger in the department of environmental conservation; any regional state park police officer; or any university police officer to become covered by the provisions of a special 20-year retirement plan, which will provide a benefit of one-half of final average salary upon retirement and an additional benefit of one-sixtieth of final average salary for each year of creditable service in excess of 20 years, not to exceed 12 years.

If this bill is enacted during the 2024 Legislative Session, we anticipate that there will be an increase of approximately \$6.6 million in the annual contributions of the State of New York for the fiscal year ending March 31, 2025. In future years this cost will vary but is expected to average 3.9% of salary annually.

In addition to the annual contributions discussed above, there will be an immediate past service cost of approximately \$70.3 million which will be borne by the State of New York as a one-time payment. This estimate assumes that payment will be made on March 1, 2025. If the State of New York elects to amortize this cost over a 10-year period, the cost for each year including interest would be \$8.98 million.

These estimated costs are based on 1,228 affected members employed by the State of New York, with annual salary of approximately \$131 million as of March 31, 2023.

PART BB

2 Section 1. Legislative findings and declaration. The legislature here-
3 by finds and declares that an adjustment to pensionable earnings of
4 first grade police officers is necessary to enhance public safety and

7 inter alia, the historic police officer recruitment and retention
8 crisis, the increase in police overtime, and the rise in crime impacting
9 New Yorkers. Therefore, the legislature declares the necessity for the
10 enactment of this act to enhance public safety and protect against

19 as detective of the third grade who shall have served as such for a
20 period of time aggregating two years at the highest salary rate for a
21 detective of the third grade.

23 department shall have served in the rank of police officer for a period
24 of thirty years, he or she shall have the same rights in respect to the
25 New York state and local police and fire retirement system or the New
26 York city police pension fund as a sergeant who shall have served as
27 such for a period of time aggregating two years at the highest salary
28 rate for a sergeant.

29 § 3. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

SUMMARY: This proposed legislation, as it relates to the New York City Police Pension Fund (POLICE), would increase the salary used for determining pension benefits for first grade NYPD officers who have served in such rank for 25 or 30 years, to salaries equivalent to detective 3rd grade or sergeant, respectively.

| 2049 | 11.1 |

Projected contributions are based on historical experience for Tier 2 members. Future retirement patterns may differ due to a larger Tier 3 population (e.g., Tier 2 is expected to retire at 20 years of service, and Tier 3 is expected to retire at 25 years of service).

The entire increase in employer contributions will be allocated to New York City.

EXPECTED INCREASE (DECREASE) IN ACTUARIAL LIABILITIES

The enactment of this proposed legislation is expected to increase the Present Value of Future Benefits (PVFB) by approximately \$8.2 million in the first year and every year thereafter. Each year's PVFB increase will depend on the actual experience of benefiting retirees and will be recognized in the year benefits are first payable.

AMORTIZATION OF UNFUNDED ACCRUED LIABILITY

| Recognized as Ongoing Gain/Loss | POLICE |
| Number of Payments: | 14 |
| Fiscal Year of Last Payment: | N/A |
| First-year Amortization Payment: | \$ 1.0 M |

CENSUS DATA: The estimates presented herein are based on preliminary census data collected as of June 30, 2023. The census data for POLICE active members is summarized below.

| | |
|--------------------|---------|
| | POLICE |
| Active Members | |
| - Number Count: | 33,800 |
| - Average Age: | 37.6 |
| - Average Service: | 11.3 |
| - Average Salary: | 128,600 |

The salaries used in this analysis were provided by the Police Benevolent Association of the City of New York and reflect the latest contract negotiations. Below is a summary of the salary data provided:

- * Police Officer 1st Grade - \$105,146

- * Detective 3rd Grade - \$111,999

- * Sergeant - \$125,852

Data from prior actuarial valuations was used to estimate the number of retirees who could potentially benefit from this proposed legislation and is summarized below.

- * Police Officer 1st Grade who retired with 25-29 years in rank - 930 retired over the past 10 years.

- * Police Officer 1st Grade who retired with 30+ years in rank - 218 retired over the past 10 years.

IMPACT ON MEMBER BENEFITS: The proposed legislation would permit first grade police officers, who have met certain service requirements, to have their pension calculations based on a higher assumed salary.

For example, under this proposed legislation a Tier 2 Police Officer 1st Grade who holds such position for at least 25, or 30, years would receive an increase in their annual pension benefit of approximately \$4,300 or \$12,200 per year, respectively, due to the higher assumed pensionable salary.

Based on an estimate of the number of POLICE members who are expected to be impacted by the increased pensionable salary, it is estimated that if this proposed legislation is enacted, the annual increase in POLICE pension benefits paid will be approximately \$0.7 million in the first year and increase in every year thereafter.

With respect to an individual member, the impact on benefits due to this proposed legislation could vary greatly depending on the member's age, years of service, retirement cause, and Tier.

ASSUMPTIONS AND METHODS: The estimates presented herein have been calculated based on the actuarial assumptions and methods to be used for the Preliminary Fiscal Year 2025 employer contributions of the impacted retirement systems. In addition:

- * New entrants were assumed to replace exiting members so that total payroll increases by 3% each year for impacted groups. New entrant demographics were developed based on data for recent new hires and actuarial judgement.

- * Future contribution impacts have been developed assuming a homogeneous population and consistent retirement pattern.

RISK AND UNCERTAINTY: The costs presented in this Fiscal Note depend highly on the actuarial assumptions, methods, and models used, demographics of the impacted population and other factors such as investment, contribution, and other risks. If actual experience deviates from actuarial assumptions, the actual costs could differ from those presented herein. Quantifying these risks is beyond the scope of this Fiscal Note.

This Fiscal Note is intended to measure pension-related impacts and does not include other potential costs (e.g., administrative and Other Postemployment Benefits).

Section 1. Section 390 of the education law is amended by adding a new subdivision 10 to read as follows:

10. 6. Membership of transferring employees. (a) Notwithstanding the foregoing provisions of this section or any provision of law to the contra-

1 ry, on and after January first, two thousand twenty-five and no later
2 than December thirty-first, two thousand twenty-five, a transferring

5 employees' retirement system or the New York state teachers' retirement
6 system without a break in continuous employment as provided herein:

7 (i) a transferring employee shall terminate their membership in the
8 optional retirement program and surrender their contracts in the
9 optional retirement program as provided in section three hundred nine-
10 ty-three-a of this article, subject to regulations promulgated by the

17 employee is seeking membership, and shall be irrevocable.

27 ment system, as the case may be, shall enroll the transferring employee

38 (d) A transferring employee whose title makes them eligible for
39 membership in the New York state employees' retirement system shall not
40 be eligible to enroll in the New York state teachers' retirement system
41 while such transferring employee remains employed in such title, unless
42 it is determined by the retirement board of the New York state teachers'
43 retirement system that an employee in such title shall be eligible for
44 membership in the New York state teachers' retirement system. A trans-
45 ferring employee whose title makes such transferring employee eligible
46 for membership in the New York state teachers' retirement system shall
47 not be eligible to enroll in the New York state employees' retirement
48 system while such transferring employee remains employed in such title,
49 unless it is determined by the comptroller that an employee in such

51 retirement system. When a transferring employee has terminated their
52 membership in the optional retirement program and enrolls in the New
53 York state employees' retirement system or the New York state teachers'
54 retirement system, all provisions of the retirement and social security
55 law and this chapter as would apply to a member of a public retirement
56 system of the state, including provisions relating to transfers between

2 ferring employee.

3 (e) The value of a transferring employee's surrendered contracts shall

5 ferring employee in the retirement system and the granting of retroac-
6 tive service credit. All additional costs associated with the enrollment
7 of and crediting of retroactive service credit to a transferring employ-
8 ee in the retirement system shall be borne by the retirement system in
9 which the transferring employee has enrolled.

10 § 4. The education law is amended by adding a new section 393-a to
11 read as follows:

12 § 393-a. Termination of membership of transferring employees. On and

14 ber thirty-first, two thousand twenty-five, a transferring employee
15 shall be able to terminate such transferring employee's membership in
16 the optional retirement program. Such transferring employee shall
17 surrender the value of such transferring employee's contracts in the
18 optional retirement program. Upon the surrender of such contracts, a
19 transferring employee shall forfeit all rights and benefits to which
20 such transferring employee was entitled while enrolled as a member in
21 the optional retirement program.

22 § 5. Section 800 of the retirement and social security law is amended
23 by adding a new subdivision (d) to read as follows:

24 (d) "Optional retirement program" shall mean the retirement program
25 established pursuant to article eight-b of the education law.

26 § 6. The retirement and social security law is amended by adding a new
27 section 803-b to read as follows:

28 § 803-b. Membership of previous members of the optional retirement
29 program. a. A previous member of the optional retirement program who
30 was, at the time of enrollment in the optional retirement program, and
31 is, at the time in which membership in the New York state employees'
32 retirement system or the New York state teachers' retirement system is
33 sought, excluded from or not encompassed within a negotiating unit with-
34 in the meaning of article fourteen of the civil service law initially
35 hired on or after July first, two thousand thirteen shall be eligible
36 for membership in the New York state employees' retirement system or the
37 New York state teachers' retirement system pursuant to the procedure set
38 forth in subdivision six of section three hundred ninety-three of the
39 education law upon the receipt by the retirement system of an applica-
40 tion for membership filed by a former member of the optional retirement
41 program and any additional forms as may be required by the retirement
42 system to effectuate such membership. A previous member of the optional
43 retirement program seeking membership in the New York state employees'
44 retirement system or the New York state teachers' retirement system
45 shall be required to file all forms required by the retirement system to
46 effectuate enrollment in the retirement system no later than December
47 thirty-first, two thousand twenty-five.

48 b. Such member shall be granted retroactive membership in the retire-
49 ment system with a starting date of such member's original enrollment in
50 the optional retirement program and shall receive credit in the retire-
51 ment system for all service rendered with a public employer while
52 enrolled in the optional retirement program provided that such member:

53 (1) shall have surrendered all contracts in the optional retirement
54 program and withdrawn the value of such contracts; and

(2) files a written request for retroactive membership in a public retirement system with the retirement system of which such member is a member no later than December thirty-first, two thousand twenty-five.

Service credit in the retirement system shall be granted only for periods in which a member was employed by a participating employer in the optional retirement program, was employed in a title in which the member would have been eligible for membership in the New York state and local employees' retirement system or the New York state teachers' retirement system had such member not elected to enroll in the optional retirement program, and made all required contributions to the optional retirement program.

c. A member shall be required to pay to the retirement system the value of such member's surrendered contracts in the optional retirement program, less any penalties imposed upon the surrender of such contracts as may be required under the internal revenue code. A member may contribute the value of such contracts as a single payment to the retirement system, or the comptroller or the retirement board shall allow for the payment of the required funds over time through payroll deduction. If the value of surrendered contracts has not been paid at the time of a member's retirement, the outstanding balance shall be treated as and paid in the same manner as provided for in section fifty of the retirement and social security law or section five hundred twelve-b of the education law.

d. No credit shall be granted for periods where service was not rendered with a public employer or where service was rendered with a public employer in a title in which a member would not have been eligible for enrollment in the New York state employees' retirement system or the New York state teachers' retirement system.

e. The value of surrendered contracts under the optional retirement program as is required to be contributed by the member shall be used to offset any costs associated with the enrollment of such member in the retirement system and the granting of retroactive service credit. Any additional costs incurred as a result of the enrollment of the member and the granting of retroactive service credit, and any other costs associated with the implementation of this section, shall be borne by the retirement system in which the member has enrolled.

§ 7. The comptroller, the board of the New York state teachers' retirement system, and the board of trustees of the state university of New York are hereby authorized to promulgate such rules and regulations as may be necessary to effectuate this act.

§ 8. This act shall take effect on January 1, 2025 and shall expire and be deemed repealed on January 1, 2026.

47 its operation to the clause, sentence, paragraph, subdivision, section
48 or part thereof directly involved in the controversy in which such judg-
49 ment shall have been rendered. It is hereby declared to be the intent of
50 the legislature that this act would have been enacted even if such
51 invalid provisions had not been included herein.

52 § 3. This act shall take effect immediately provided, however, that
53 the applicable effective date of Parts A through FF of this act shall be
54 as specifically set forth in the last section of such Parts.
