22 § 5801. Statement of objectives and legislative findings. New York's
23 existing system of voting and election administration has developed over

30 Therefore, the legislature finds that it is in the public interest to
31 establish a central institution to reduce the burden on boards of
32 elections, local governments and school districts with regard to storing
33 and sharing election data, provide a nonpartisan and accurate set of
34 data that the public can rely upon, encourage the enactment of
