Introduced by M. of A. BICHOTTE HERMELYN, SIMON -- read once and referred to the Committee on Higher Education

AN ACT to amend the civil service law, the tax law and the education law, in relation to enacting the "New York state nurse employment, enhancement and dignity act"

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Short title. This act shall be known and may be cited as  
2 the "New York state nurse employment, enhancement and dignity act".

3 § 2. Legislative Findings. The profession of nursing is critical to  
4 the general health and safety of the residents of the state of New York  
5 and the need for nurses has been exacerbated by the COVID-19 pandemic.  
6 The nursing shortage and high attrition rates for nursing titles nega-  
7 tively impacts patients and staff and serves to undermine the quality of  
8 care in this state. The educational requirements for licensure into  
9 certain nursing titles has served as a practical and financial barrier  
10 to too many aspiring health care professionals. As an employer and the  
11 entity charged with the care of the state's most vulnerable, New York  
12 state must lead the way in making this profession more accessible and  
13 attractive so as to ensure the quality and continuity of care for New  
14 York's most at-risk citizens.

15 § 3. Subdivision 14 of section 130 of the civil service law is renum-  
16 bered subdivision 15 and a new subdivision 14 is added to read as  
17 follows:

18 14. Hazard duty payments to nurses during a state emergency disaster  
19 declaration. (a) Any professional or practical nurse, nurse practi-  
20 tioner, or clinical nurse specialist recognized in accordance with  
21 sections six thousand nine hundred five, six thousand nine hundred six,  
22 six thousand nine hundred ten and six thousand nine hundred eleven of  
23 the education law who is employed by the state and provides services in  
24 a licensed medical care or other state-operated agency or facility  
25 during any state disaster emergency declared pursuant to article  
26 two-B of the executive law to provide for the health, safety and welfare  
27 of the public shall be awarded a hazardous duty differential.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets  
[-] is old law to be omitted.

(b) A hazardous duty differential under this subdivision shall be twenty-five hundred dollars. The hazard pay differential provided in this subdivision shall be in addition to and shall not be part of an employee's basic annual salary, and shall not affect or impair any performance advancement payments, performance awards, longevity payments or other rights or benefits to which an employee may be entitled under the provisions of this chapter, provided, however, that any differential payable pursuant to this subdivision shall be included as compensation for retirement purposes. Employees eligible for the hazard duty payments authorized by this subdivision shall also receive thirty-five hours of additional vacation time accrual. The director of the budget shall adopt regulations to carry out the provisions of this subdivision.

§ 4. Section 606 of the tax law is amended by adding a new subsection (ppp) to read as follows:

(ppp) Nurse exemption. (1) Allowance of credit. A taxpayer that is a professional or practical nurse, nurse practitioner, or clinical nurse specialist in the state recognized in accordance with sections six thousand nine hundred five, six thousand nine hundred six, six thousand nine hundred ten and six thousand nine hundred eleven of the education law and who provides services in a licensed medical care or other state-operated agency or facility in this state shall be allowed an annual credit of five hundred dollars against the tax imposed by this article.

(2) Overpayment. If the amount of the credit allowed under this subsection for any taxable year exceeds the taxpayer's tax for the taxable year, the excess shall be treated as an overpayment of tax to be credited or refunded in accordance with the provisions of section six hundred eighty-six of this article, provided, however, no interest will be paid thereon.

The president shall grant student loan forgiveness awards for the purpose of alleviating the burden of student loan debt for nurses in the state. Such awards shall be made on a competitive basis as promulgated by the corporation for such purposes, to applicants who meet the eligibility criteria. Such rules and regulations shall include provisions for the consideration of applicants who are economically disadvantaged.

13 chapter and who is employed by the state and who provides services in a  
14 licensed medical care or other state-operated agency or facility for  
15 purposes of attaining the baccalaureate degree requirements prescribed  
16 by section six thousand nine hundred five of this chapter.

17     § 7. Subdivision 7 of section 6206 of the education law is amended by  
18 adding a new paragraph (g) to read as follows:

19     (g) Notwithstanding the provisions of any other general or special  
20 law, rule or regulation to the contrary, the board of trustees shall  
21 adopt regulations requiring admission of any professional or practical
