AN ACT to amend the private housing finance law, in relation to the mobile and manufactured home replacement program

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The private housing finance law is amended by adding a new article 27-A to read as follows:

ARTICLE XXVII-A

MOBILE AND MANUFACTURED HOME REPLACEMENT PROGRAM

Section 1240. Statement of legislative findings and purpose.

1241. Definitions.

1242. Mobile and manufactured home replacement contracts.

§ 1240. Statement of legislative findings and purpose. The legislature hereby finds and declares that there exists in New York state a serious need to eliminate older, dilapidated mobile and manufactured homes and replace them with new manufactured, modular or site-built homes. Older mobile or manufactured home units with rusted, leaking metal roofs, metal-framed windows with interior take-out storms, and metal siding, are those that most need replacement. No matter the amount of rehabilitation investment, the end result is unsatisfactory in terms of longevity, energy efficiency and affordability. The legislature therefore finds that the state should establish a program to fund the replacement of mobile or manufactured homes with new affordable and energy efficient manufactured, modular or site-built homes.

§ 1241. Definitions. For the purposes of this article the following terms shall have the following meanings:

1. "Corporation" shall mean the housing trust fund corporation established in section forty-five-a of this chapter.

2. "Dilapidated" shall mean a housing unit that does not provide safe and adequate shelter, and in its present condition endangers the health, safety or well-being of the occupants. Such a housing unit shall have one or more critical defects, or a combination of intermediate defects in sufficient number or extent to require considerable repair or

9 4. "Eligible property" shall mean a mobile or manufactured home that
10 is the primary residence of a homeowner with a total household income
11 that does not exceed eighty percent of area median income for the county
12 in which a project is located as calculated by the United States depart-
13 ment of housing and urban development.

14 5. "Manufactured home" shall have the same meaning as is set forth for
15 such term in subdivision seven of section six hundred one of the execu-
16 tive law.

18 shall mean a proposal by an eligible applicant for the replacement of a

31 Within the limit of funds available in the mobile and manufactured home

13 funds will be recaptured from the proceeds of the sale of the home, on a
14 declining balance basis, unless an income-eligible immediate family
15 member accepts ownership of, and resides in the new replacement home for
16 the remainder of the regulatory term. In addition the mobile and manu-
