	POLICE
Active Members	
- Number Count:	20,176
- Average Age:	32.8
- Average Service:	6.1
- Average Salary:	107,600

IMPACT ON MEMBER BENEFITS: Currently, active Tier 3 POLICE members are eligible for an ODR benefit if they are approved for SSDI benefits and have at least five years of credited service.

Under the proposed legislation, active or separated Tier 3 POLICE members who are determined to be disabled by the POLICE Medical Board would be eligible for an ODR benefit, irrespective of SSDI eligibility and credited service. The safeguards provisions associated with SSDI would be replaced with Tier 1 and Tier 2 safeguards.

The proposed ODR benefit would be equal to the greater of 1/3 of applicable Final Average Salary (FAS) or 2% of applicable FAS multiplied

by credited service. This benefit would be subject to an offset, beginning at age 62, equal to 50% of the primary social security benefit as defined in Retirement and Social Security Law Section (RSSL) 511, if any, and would be subject to annual escalation pursuant to RSSL Section 510.

ASSUMPTIONS AND METHODS: The estimates presented herein have been calculated based on the Revised 2021 Actuarial Assumptions and Methods of the impacted retirement systems. In addition:

* New entrants were assumed to replace exiting members so that total payroll increases by 3% each year for impacted groups. New entrant demographics were developed based on data for recent new hires and actuarial judgement.

* For purposes of this Fiscal Note, it has been assumed that 100% of members exiting for ODR under current ODR rates would be ineligible for SSDI.

RISK AND UNCERTAINTY: The costs presented in this Fiscal Note depend highly on the actuarial assumptions, methods, and models used, demographics of the impacted population, and other factors such as investment, contribution, and other risks. If actual experience deviates from actuarial assumptions, the actual costs could differ from those presented herein. Quantifying these risks is beyond the scope of this Fiscal Note.

This Fiscal Note does not quantify the potential cost for members who may qualify for ordinary disability benefits before enactment.

This Fiscal Note is intended to measure pension-related impacts and does not include other potential costs (e.g., administrative and Other Postemployment Benefits).
