4 contracts, is amended by adding a new subdivision (f) to read as  
5 follows:

6 (f) "Qualifications-based" shall mean the basis for awarding a

1 have demonstrated the general capability to perform the design-build  
2 contract. Such list shall consist of a specified number of responding  
3 entities, as determined by an authorized entity, and shall be generated  
4 based upon the authorized entity's review of responses to a publicly  
5 advertised request for qualifications. The authorized entity's request  
6 for qualifications shall include a general description of the public  
7 work, the maximum number of responding entities to be included on the  
8 list, the selection criteria to be used and the relative weight of each  
9 criteria in generating the list. Such selection criteria shall include  
10 the qualifications and experience of the design and construction team,  
11 organization, demonstrated responsibility, ability of the team or of a  
12 member or members of the team to comply with applicable requirements,  
13 including the provisions of articles 145, 147 and 148 of the education  
14 law, past record of compliance with the labor law, and such other quali-

17 record of past performance. ~~[The]~~ Unless the authorized entity is  
18 utilizing a one-step method, the authorized entity shall evaluate and  
19 rate all responding entities to the request for qualifications. Based  
20 upon such ratings, the authorized entity shall list the responding enti-  
21 ties that shall receive a request for proposals in accordance with para-  
22 graph two of this subdivision. If the authorized entity is utilizing a  
23 one-step method, the authorized entity shall evaluate and rate all  
24 statements of qualification submitted in response to the request for  
25 qualifications and shall award the design-build contract to the best  
26 qualified contractor with a commitment to thirty percent of city-wide  
27 contracts awarded to minority and women-owned businesses. Notwithstand-  
28 ing any contrary provision of law, any authorizing entity awarding a  
29 design-build contract to a contractor determined to be the best quali-  
30 fied contractor in accordance with this paragraph may elect either to  
31 enter into a single contract with two phases or separate contracts for  
32 each of the two phases. To the extent consistent with applicable federal  
33 law, the authorized entity shall consider, when awarding any contract  
34 pursuant to this section, the participation of (i) responding entities  
35 that are certified as minority- or women-owned business enterprises  
36 pursuant to article 15-A of the executive law, or certified pursuant to  
37 local law as minority- or women-owned business enterprises, or, where  
38 the New York city school construction authority acts as the authorized  
39 entity, certified pursuant to section 1743 of the public authorities  
40 law; and (ii) small business concerns identified pursuant to subdivision  
41 (b) of section 139-g of the state finance law. In addition, nothing in  
42 this section shall be deemed to supersede any pre-qualification guide-  
43 lines or requirements otherwise authorized by law for an authorized  
44 entity.

45 (2) Step two. Selection of the proposal which is the best value to the  
46 authorized entity. The authorized entity shall issue a request for  
47 proposals to the responding entities listed pursuant to paragraph one of  
48 this subdivision. If such a responding entity consists of a team of  
49 separate entities, the entities that comprise such a team must remain  
50 unchanged from the responding entity as listed pursuant to paragraph one  
51 of this subdivision unless otherwise approved by the authorized entity.  
52 The request for proposals shall set forth the public work's scope of  
53 work, and other requirements, as determined by the authorized entity,  
54 which may include separate goals for work under the contract to be  
55 performed by businesses certified as minority- or women-owned business  
56 enterprises pursuant to article 15-A of the executive law or section

1 1743 of the public authorities law, or certified pursuant to local law  
2 as minority- or women-owned business enterprises. The request for  
3 proposals shall also specify the criteria to be used to evaluate the  
4 responses and the relative weight of each of such criteria. Such crite-  
5 ria shall include the proposal's cost, the quality of the proposal's  
6 solution, the qualifications and experience of the proposer, and other  
7 factors deemed pertinent by the authorized entity, which may include,  
8 but shall not be limited to, the proposal's manner and schedule of  
9 project implementation, the proposer's ability to complete the work in a  
10 timely and satisfactory manner, maintenance costs of the completed  
11 public work, maintenance of traffic approach, and community impact.

12 (3) Any contract awarded pursuant to this act shall be awarded to a  
13 responsive and responsible proposer, which, in consideration of these  
14 and other specified criteria deemed pertinent, offers the best value, or  
15 in the case of a contract awarded utilizing a one-step method, is the  
16 best-qualified contractor, as determined by the authorized entity in  
17 accordance with this section. The request for proposals, or the request  
18 for qualifications if the contract is awarded utilizing a one-step meth-  
19 od, shall include a statement that proposers shall designate in writing  
20 those portions of the proposal that contain trade secrets or other  
21 proprietary information that are to remain confidential; that the mate-  
22 rial designated as confidential shall be readily separable from the  
23 proposal. Nothing in this subdivision shall be construed to prohibit the  
24 authorized entity from negotiating final contract terms and conditions  
25 including cost. All proposals or responses submitted shall be scored  
26 according to the criteria listed in the request for proposals, or the  
27 request for qualifications if the contract is awarded utilizing a one-  
28 step method, and such final scores shall be published on the authorized  
29 entity's website after registration of such contract or the date upon  
30 which such contract may be implemented, if registration requirements do  
31 not apply.

32 § 3. This act shall take effect immediately; provided, however, that  
33 the amendments to chapter 749 of the laws of 2019 made by sections one  
34 and two of this act shall not affect the repeal of such chapter and  
35 shall be deemed repealed therewith.
