1 Section 1. The executive law is amended by adding a new section 296-e
2 to read as follows:

3 § 296-e. Workforce demographics and equity measurements. 1. Any
4 employer with greater than one hundred persons in employ per calendar
5 year or who bids, applies, is awarded or receives any combination of
6 state or municipal contracts or grant funds directly or indirectly in
7 excess of fifty thousand dollars per calendar year shall file an annual
8 report documenting employee demographics and equity measurements with
9 the division. Such demographic data shall include each employee's race,
10 ethnicity, age, and sex or gender identity or expression. The equity
11 measurements shall include each employee's job category, date of hire,

14 benefits or privileges such as flexible scheduling, the ability to work
15 from home, or the ability to bring children to work.

16 2. The division shall develop electronic reporting forms to be filed
17 for each employee's data and for the employer's general data.

4. The division shall provide the aggregated report to each employer along with a simplified report in plain language. The employer shall provide such simplified report in plain language to each current employee and any former employee employed during the reporting year. The report shall be accompanied by a summary in plain language of employees' rights under Title VII Civil Rights Act Title of 1964, this article, and any applicable local statutes for which the employer falls under jurisdiction including instructions and deadlines for filing a complaint to the equal employment opportunity commission, the division, and any other fair employment protection agency or similarly tasked authority with jurisdiction over the employer. The employer shall make the aggregated report available to the public upon request.

5. The division shall aggregate all data on a statewide level and provide an annual report to the governor and the legislature that shall be made public on the division's website.

6. Failure to comply with the reporting provisions of this section or providing false information may be offered as proof of employment discrimination in a complaint and offered as proof in probation, suspension, and debarment rulings pursuant to subdivision twenty of section two hundred ninety-five of this article.

7. Failure to comply with the reporting provisions of this section or providing false information shall require an employer to file an amended disaggregated report with the division and provide an amended aggregated report to all current and former employees employed during the reporting year. The statutory period for filing personal claims with the division and any other New York fair employment protection agency shall begin to run on the day after the amended aggregated report has been provided to all current and former employees who were employed during the reporting year.

8. Any board member or officer of the employer who knowingly provides false information, including by encouraging or instructing subordinates to do so, or who knowingly manipulates their corporate structure for the purpose of producing favorable aggregate report outcomes shall be subject to the penalties under section two hundred ninety-nine of this article.

§ 2. Section 295 of the executive law is amended by adding two new subdivisions 19 and 20 to read as follows:

19. To require of any employer reports pursuant to section two hundred ninety-six-e of this article and to carry out the duties set forth in such section.

20. To set forth rules and regulations that include standards for probation, suspension and debarment of employers from all state and municipal contracts and grants as direct or indirect awardees and recipients on the basis of excessive discrimination claims, selection procedures found to have adverse impact, failure to file workforce demographics and equity measurements reports as required in section two hundred ninety-six-e of this article, apparent and probable discriminatory employment and promotion practices discovered through review of workforce demographics and equity measurements reports required in section two hundred ninety-six-e of this article, or by other investigative methods. Employer probationary periods included in the standards promulgated pursuant to this subdivision shall last no less than one year, during which time the employer may demonstrate to the division that he or she has complied with rules and regulations regarding employee selection procedure and employment and promotion practices promulgated pursuant to this article. If after this period the division finds

1 that the employer still exhibits discriminatory practices in employee
2 selection procedure or employment and promotion practices, suspension
3 periods of six to eighteen months or debarment periods of eighteen
4 months to three years from state and municipal contracts and grants as
5 direct or indirect recipients may be issued. Consecutive probations,
6 suspensions, and debarments may be issued based on continued failure to
7 comply.

8 § 3. Subdivision 5 of section 297 of the executive law, as amended by
9 chapter 160 of the laws of 2019, is amended to read as follows:

10 5. Any complaint filed pursuant to this section must be so filed with-
11 in one year after the alleged unlawful discriminatory practice or one
12 year after an employer makes reasonable attempts to provide a workforce
13 demographics and equity measurements report pursuant to section two
14 hundred ninety-six-e of this article, whichever occurs later. In cases
15 of sexual harassment in employment, any complaint filed pursuant to this
16 section must be so filed within three years after the alleged unlawful
17 discriminatory practices.

18 § 4. Subdivision 5 of section 292 of the executive law, as amended by
19 chapter 139 of the laws of 2022, is amended to read as follows:
