AN ACT to amend the vehicle and traffic law, in relation to requiring photographs of all parking violations

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. The vehicle and traffic law is amended by adding a new
2 section 223-b to read as follows:

3 § 223-b. Camera technology required for purchases or upgrades of park-
4 ing violation devices. 1. On and after the effective date of this
5 section, the commissioner shall require that all purchases, upgrades or
6 replacements of devices used to identify parking violations at the site
7 of the violation shall contain a camera capable of conspicuously photo-
8 graphing the vehicle, producing a time/date stamp, and any other factors
9 relevant to the enforcement of parking violations pursuant to article
10 two-B of this title. The commissioner shall also require any state or
11 local entity that currently possesses such camera technology to imme-
12 diately implement the technology and comply with the provisions of this
13 section.

14 2. Nothing in this section shall interfere with any rights, benefits,
15 including the terms and conditions of employment, or the civil service
16 and collective bargaining status of any existing or new employees.

17 § 2. The vehicle and traffic law is amended by adding a new section
18 223-c to read as follows:

19 § 223-c. Photographs required for parking violations. 1. The commis-
20 sioner shall require that all parking violations issued pursuant to

1 2. Such photographs shall be stored with the bureau to be furnished
2 whenever requested by the person charged pursuant to subdivision six-a
3 of section two hundred thirty-seven of this title.

4 3. The commissioner shall ensure, to the extent practicable, that
5 photographs required pursuant to subdivision one of this section shall
6 not include images that identify the driver, the passengers, the
7 contents of the vehicle, pedestrians or cyclists. Provided, however,
8 that no violation issued pursuant to this section shall be dismissed
9 solely because a photograph allows for the identification of the
10 contents of a vehicle, provided that the bureau has made a reasonable
11 effort to comply with the provisions of this subdivision. Provided,
12 further, that the use or dissemination of the vehicle's license plate
13 information and other information and images captured by such photo-
14 graphs shall not be permitted except: (a) as required to establish
15 liability under this section or to collect payment of penalties; (b) as
16 required by court order; or (c) as otherwise required by law.

17 § 3. Section 237 of the vehicle and traffic law is amended by adding a
18 new subdivision 6-a to read as follows:

19 6-a. To compile and maintain the photographs associated with each
20 parking violation issued. The bureau shall furnish within a reasonable
21 period of time to the person charged on his or her request, a copy of
22 such photograph;

23 § 4. Subdivision 2 of section 238 of the vehicle and traffic law, as
24 amended by chapter 224 of the laws of 1995, is amended to read as
25 follows:

26 2. A notice of violation shall be served personally upon the operator
27 of a motor vehicle who is present at the time of service, and his name,
28 together with the plate designation and the plate type as shown by the
29 registration plates of said vehicle and the expiration date; the make or
30 model, and body type of said vehicle; a description of the charged
31 violation, including but not limited to a reference to the applicable
32 traffic rule or provision of this chapter; information as to the days
33 and hours the applicable rule or provision of this chapter is in effect,
34 unless always in effect pursuant to rule or this chapter and where
35 appropriate the word ALL when the days and/or hours in effect are every-
36 day and/or twenty-four hours a day; the meter number for a meter
37 violation, where appropriate; ~~and~~ the date, time and particular place
38 of occurrence of the charged violation; and a notice and information
39 regarding how the person charged may request a photograph of the alleged
40 violation, shall be inserted therein. A mere listing of a meter number
41 in cases of charged meter violations shall not be deemed to constitute a
42 sufficient description of a particular place of occurrence for purposes
43 of this subdivision. The notice of violation shall be served upon the
44 owner of the motor vehicle if the operator is not present, by affixing
45 such notice to said vehicle in a conspicuous place. Whenever such notice
46 is so affixed, in lieu of inserting the name of the person charged with
47 the violation in the space provided for the identification of said
48 person, the words "owner of the vehicle bearing license" may be inserted
49 to be followed by the plate designation and plate type as shown by the
50 registration plates of said vehicle together with the expiration date;
51 the make or model, and body type of said vehicle; a description of the
52 charged violation, including but not limited to a reference to the
53 applicable traffic rule or provision of this chapter; information as to
54 the days and hours the applicable rule or provision of this chapter is
55 in effect unless always in effect pursuant to rule or this chapter and
56 where appropriate the word ALL when the days and/or hours in effect are

1 every day and/or twenty-four hours a day; the meter number for a meter
2 violation where appropriate; ~~and~~ the date, time and particular place
3 of occurrence of the charged violation; and a notice and information
4 regarding how the person charged may request a photograph of the alleged
5 violation. Service of the notice of violation, or a duplicate thereof
6 by affixation as herein provided shall have the same force and effect
7 and shall be subject to the same penalties for disregard thereof as
8 though the same was personally served with the name of the person
9 charged with the violation inserted therein.

10 § 5. Subdivision 2-a of section 238 of the vehicle and traffic law is
11 amended by adding a new paragraph (b-1) to read as follows:

12 (b-1) The time/date stamped photograph required pursuant to section
13 two hundred twenty-three-c of this title shall be preserved to use as
14 evidence until a final determination on the notice is made pursuant to
15 this article.

16 § 6. This act shall take effect on the one hundred eightieth day after
17 it shall have become a law. Effective immediately, the addition, amend-
18 ment and/or repeal of any rule or regulation necessary for the implemen-
19 tation of this act on its effective date are authorized to be made and
20 completed on or before such effective date.
