§ 805. Instruction in water safety. 1. All public school districts 4 within the state shall have the opportunity to opt-in to a program to 5 provide students in grades kindergarten through twelve with instruction in water safety. Such program shall be defined by the commissioner in regulations after consultation with the department of health and be designed to educate students about water safety in grades kindergarten through twelve. Such age appropriate instruction shall include, but not 10 be limited to, the proper use of flotation devices, awareness of water conditions, how to respond if caught in a rip current, the proper supervision of swim areas, safe behaviors in and around the water, the impor-12 tance of pool barriers and fencing, the importance of formal swim 13 14 lessons, the importance of avoiding alcohol and substance use with water 15 recreation, the importance of cardiopulmonary resuscitation for drowning victims and the importance of the order of administering such aid. 16 Nothing in this section shall prevent the department from making model 17 curriculum and resource materials available on the department's website. Each school district shall notify the commissioner prior to the beginning of each school year if they choose to opt-in to such program to 20 21 provide instruction in water safety.

2. The commissioner may provide technical assistance to assist in the 23 development of curricula for such instruction program which shall be age appropriate and developed according to the needs and abilities of pupils 25 at successive grade levels in order to provide awareness, skills, infor-

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [-] is old law to be omitted.
