STATE OF NEW YORK

2912

2023-2024 Regular Sessions

IN SENATE

January 25, 2023

Introduced by Sen. MURRAY -- read twice and ordered printed, and when printed to be committed to the Committee on Transportation

AN ACT to amend the vehicle and traffic law, in relation to yellow signals at traffic intersections

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Paragraphs 1 and 2 of subdivision (b) of section 1111 of the vehicle and traffic law, as amended by chapter 356 of the laws of 1971, are amended to read as follows:

1. Traffic, except pedestrians, facing a steady circular yellow signal may enter the intersection; however, said traffic is thereby warned that the related green movement is being terminated or that a red indication will be exhibited [immediately] a minimum of four seconds thereafter.

- Traffic, except pedestrians, facing a steady yellow arrow signal may cautiously enter the intersection only to complete the movement indicated by such arrow or make such other movement as is permitted by other indications shown at the same time; however, said traffic is thereby warned that the related green arrow movement is being terminated 13 or that a red indication will be exhibited [immediately a minimum of 14 **four seconds** thereafter.
- § 2. Subdivision (c) of section 1681 of the vehicle and traffic law, 16 as amended by chapter 689 of the laws of 1985, the opening paragraph as amended by chapter 560 of the laws of 2006, is amended to read as follows:
- (c) 1. Except as otherwise provided the cost of providing, erecting, 19 20 maintaining and removing traffic-control devices ordered by the department of transportation shall be paid from any moneys available for the 22 maintenance, repair or reconstruction of state highways upon vouchers approved by the department of transportation. However, the work of 24 providing, erecting and removing such traffic-control devices may be 25 performed by contract in the same manner as provided for state highways

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [-] is old law to be omitted.

in article three of the highway law, or, by the use of department of transportation forces and equipment and all materials purchased therefor, or by a combination of such methods, and the cost of such work may be paid from such moneys available for the construction of state high-5 ways. Except as herein provided, nothing shall be paid from such moneys for providing, erecting or maintaining traffic-control signals or flash-7 ing signals used in connection with regulating traffic upon a highway under the jurisdiction of the department of transportation at entrances 9 to private property, and nothing shall be paid from such moneys for 10 maintaining traffic-control signals or flashing signals 11 connection with regulating traffic upon a highway under the jurisdiction 12 of the department of transportation at entrances to schools. Upon determination by the department of transportation of the need for such a 13 14 signal, the department of transportation may permit any person, firm, 15 association, corporation or public body to provide and erect such signal 16 in accordance with standards and specifications established by the 17 department of transportation. The department of transportation may require that some or all of the control equipment used in the signal 18 construction be supplied by the state to ensure equipment quality and 19 compatibility with state practices and the cost of such furnished equip-20 21 shall be reimbursed to the state by the party receiving permission 22 to provide and erect the signal. 23

2. All signals erected on or after the first day of April, nineteen hundred eighty-six with permission of the department of transportation and in accordance with the standards and specifications established by the department of transportation shall be maintained by the state. The party which erected such signals shall pay the state an annual fee to be determined by the commissioner of transportation. Such fees shall cover the cost of normal signal maintenance, but shall not include the cost of electrical energy or major modifications or replacements which shall remain the responsibility of the party which erected the signal. department of transportation may, in its discretion, agree to assume the same maintenance responsibility for signals erected with the permission of the department of transportation prior to the first day of April, nineteen hundred eighty-six, if the department of transportation determines that such signal substantially meets established standards and a satisfactory state of repair. The party which erected such signals shall also pay the state an annual fee which shall be calculated in the same manner as fees for signals erected on or after the first day of April, nineteen hundred eighty-six. The department of transportation shall further ensure that all traffic-control signals in its jurisdiction shall be examined and certified to be accurate every two years.

- 3. No such traffic signal or flashing signal erected with permission of the department of transportation shall be removed except with the written consent of the department of transportation.
- $\underline{4.}$ The department of transportation shall have the right to revoke its permission to provide, erect or maintain such a signal and shall have the right to require that the signal be removed without a hearing or necessity of showing cause.
- § 3. Section 1682 of the vehicle and traffic law, as amended by chapter 979 of the laws of 1962, is amended to read as follows:
- § 1682. Local traffic-control devices. Local authorities in their respective jurisdiction shall: (a) place and maintain such traffic-control devices, conforming to the state manual and specifications, as they may deem necessary to indicate and carry out the provisions of this chapter or local traffic ordinances, orders, rules or regulations or to
