STATE OF NEW YORK

3062

2023-2024 Regular Sessions

IN SENATE

January 27, 2023

Introduced by Sens. KRUEGER, COMRIE, LIU, PARKER, RAMOS, SANDERS -- read twice and ordered printed, and when printed to be committed to the Committee on Investigations and Government Operations

AN ACT to amend the public officers law, the arts and cultural affairs law, the executive law and the legislative law, in relation to the retention of state electronic records; to repeal subdivision 1 of section 88 of the public officers law, relating to rules and regulations governing access to state legislative records; to repeal section 5 of the executive law, relating to executive records; and to repeal section 70-0113 of the environmental conservation law, relating to information confidentially disclosed by applicants

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative intent. The legislature finds that procedures 2 and practice that promote transparency and accountability in the execu-3 tive and legislative branches serve the public interest and encourage 4 public faith in government. Government policies which allow for the 5 destruction of emails and other electronic governmental records and 6 exempt the legislature from the Freedom of Information Law (FOIL) run 7 counter to these principles of transparency and accountability.

8 Computers and other electronic devices create many of the new records 9 we use today, most commonly via email. These records, although electron-10 ic in format, are the same as records produced in other formats. Elec-11 tronic records show how one conducts business, makes decisions, and 12 carries out the people's work. They are evidence of decisions and 13 actions. Fundamental records management principles should apply to 14 electronic records, as they apply to any record formats.

The executive branch has adopted a policy allowing automatic deletion of emails after 90 days, which has the potential to severely limit the public availability of vital information regarding the operations of agencies. The consequences of such a policy are illustrated in a 2015

1 judicial proceeding where the former Deputy Secretary for Gaming and 2 Racing indicated he was "aghast" to find that emails dating from 2013 3 relevant to the case had been deleted. The deletion of these emails 4 undermines the ability of the plaintiff in the case to seek redress. An 5 administration spokesman defended deletion of the emails on the ground 6 they had not been the subject of a FOIL request.

7 This legislation would ensure that under the guidance of the State 8 Archives, agencies and legislative bodies must take a proactive approach 9 to the preservation of electronic records. It would establish strict 10 standards for permanent preservation of the records of policymakers, and 11 prohibit deletion of emails from government officials for at least seven 12 years. It is modeled on federal policies adopted after extensive study of appropriate practices for handling electronic records. The state 13 14 already uses email management software that would enable implementation 15 of such a policy at minimal cost.

16 Moreover, the exemption of the legislature from presumption of access 17 in the Freedom of Information Law also undermines transparency and accountability. The public should have access to the same types of 18 information from the legislature that it can already access from the 19 20 Executive Branch and local government agencies through the FOIL process. 21 Recent scandals involving individual legislators only highlight the need 22 for increasing the availability of information regarding legislative records. This act would establish the same standards for treating the 23 Executive and Legislative branches under FOIL. This act would also 24 25 extend to the legislature the various exemptions from disclosure in the FOIL law, including records that would compromise personal privacy 26 27 rights or that are related to internal deliberations of the body or 28 agency.

29 § 2. Subdivision 3 of section 86 of the public officers law, as added 30 by chapter 933 of the laws of 1977, is amended and a new subdivision 12 31 is added to read as follows:

32 3. "Agency" means any state or municipal department, board, bureau, 33 division, commission, committee, public authority, public corporation, 34 council, office or other governmental entity performing a governmental 35 or proprietary function for the state or any one or more municipalities 36 thereof, except the judiciary [or the state legislature].

37 <u>12. "Archives" means any institution as defined by section 57.05 of</u>
 38 <u>the arts and cultural affairs law.</u>

39 § 3. Subdivision 1 of section 88 of the public officers law is 40 REPEALED.

41 § 4. The public officers law is amended by adding a new section 88-a 42 to read as follows:

43 <u>§ 88-a. Electronic records retention. 1. Each state agency, as</u> 44 <u>defined by paragraph (b) of subdivision four of section eighty-seven of</u> 45 <u>the public officers law, and the state legislature in conjunction with</u> 46 <u>the state archives, shall preserve electronic records in accordance with</u> 47 <u>the provisions of this section.</u>

2. Each agency shall identify the accounts of policy makers subject to the provisions of this article. For the purpose of this section, "policy maker" means any statewide elected official, state officer or employee, member of the legislature, or legislative employee subject to section seventy-three-a of the public officers law.
3. (a) The provisions of this section and article six of this chapter shall apply to all email accounts of any policy maker, including

55 <u>accounts managed by other staff, including, but not limited to personal</u> 56 <u>assistants, confidential assistants, or administrative assistants.</u> S. 3062

1	
	(b) The provisions of this section and of article six of this chapter
2	shall apply to all email accounts of any policy maker, regardless of the
3	address names used by the public official for agency business.
4	4. Electronic records shall be maintained in accordance with the
5	following general records retention schedule:
6	(a) Email and other electronic records of policy makers. Agencies
7	shall transfer documentation adequate to identify, service, and inter-
8	pret the permanent electronic records, which includes the position title
9	and begin and end dates for each email account captured in this subdivi-
10	sion. The disposition of electronic records described in this paragraph
11	is permanent. Such electronic records shall be transferred to the state
12	archives no sooner than fifteen years after the date of the creation of
13	the electronic record and no later than twenty-five years after the
14	creation of the electronic record.
15	(b) Email and other electronic records of other officials. Agencies
16	shall transfer documentation adequate to identify, service, and inter-
17	pret the permanent electronic records, which includes the position title
18	and begin and end dates for each email account captured in this subdivi-
19	sion. The disposition of electronic records described in this paragraph
20	is temporary. Such electronic records shall be transferred to the state
21	archives no sooner than seven years after the date of creation of the
22	electronic record, provided, however, that longer retention is author-
23	ized if required for business use by the agency.
24	5. Production of electronic records by agencies shall comply with the
25	following provisions:
26	(a) Agencies shall transfer to the state archives documentation
27	adequate to identify, service, and interpret the permanent electronic
28	records.
29	(b) Documentation for data files and data bases must include record
30	layouts, data element definitions, and code translation tables (code-
31	books) for coded data. Data element definitions, codes used to represent
32	data values, and interpretations of these codes must match the actual
33	format and codes as transferred.
33 34	format and codes as transferred. (c) Digital geospatial data files must include the documentation spec-

action for declaratory judgment and injunctive relief. In any such 1 action or proceeding, if a court determines that an agency failed to 2 comply with the provisions of this section, the court shall have the 3 4 power, in its discretion, upon good cause shown, to declare that the 5 agency violated the provisions of this section. If the court determines 6 that an agency has violated the provisions of this section, the court 7 may require the members of the agency to participate in a training 8 session concerning the obligations imposed by this section conducted by 9 the staff of the state archives. 10 (b) In any proceeding brought pursuant to this section, costs and 11 reasonable attorney's fees may be awarded by the court, in its 12 discretion, to the successful party. If a court determines that an electronic record was not retained in material violation of this article, 13 14 the court shall award costs and reasonable attorney's fees to the 15 successful petitioner, unless there was a reasonable basis for the agency to believe that it acted in compliance with the provisions of this 16 17 section. (c) The statute of limitations in an article seventy-eight proceeding 18 19 with respect to an action taken at executive session shall commence to 20 run from the date the electronic record at issue has been made available 21 to the public. 22 7. Nothing in this section shall bar an employee of an agency from maintaining a record slated for destruction under the retention sched-23 ules developed pursuant to section 57.06 of the arts and cultural 24 25 affairs law, if such record is relevant to an ongoing matter and such disclosure would not violate any privilege or confidentiality interest. 26 27 § 5. Subparagraphs vii and viii of paragraph (b) of subdivision 2 of 28 section 89 of the public officers law, as amended by section 2 of part GGG of chapter 59 of the laws of 2019, are amended and a new subpara-29 30 graph ix is added to read as follows: 31 vii. disclosure of electronic contact information, such as an e-mail 32 address or a social network username, that has been collected from a 33 taxpayer under section one hundred four of the real property tax law; 34 [er] 35 viii. disclosure of law enforcement arrest or booking photographs of 36 an individual, unless public release of such photographs will serve a 37 specific law enforcement purpose and disclosure is not precluded by any 38 state or federal laws[+]; and 39 ix. communications of a personal nature between state legislators and 40 their constituents. § 6. The arts and cultural affairs law is amended by adding a new 41 42 section 57.06 to read as follows: 43 § 57.06. Electronic records retention. 1. The state archives shall 44 develop and implement a protocol for the preservation of electronic 45 records of the state in accordance with the provisions of this article. 46 Such protocol shall include: 47 (a) a process by which senders and recipients of electronic mail can 48 categorize such mail into records that will be retained, and those that 49 will be subject to procedures for regular disposition of such records in 50 the ordinary course of business; 51 (b) the delineation of such other standards or procedures which will 52 assist in the identification and preservation of electronic records; (c) the identification of software and other technological aids that 53 54 would facilitate records preservation and review, and which may be purchased within available resources; and 55
