2 and if a state agency spends an amount greater than or equal to two  
3 million dollars annually on food or food products then:

4 (i) on or before December thirty-first, two thousand twenty-five, at  
5 least fifteen percent of all food and food products purchased by such  
6 state agency shall be New York state food products;

7 (ii) on or before December thirty-first, two thousand twenty-six, at  
8 least twenty percent of all food and food products purchased by such  
9 state agency shall be New York state food products;

10 (iii) on or before December thirty-first, two thousand twenty-seven,  
11 at least twenty-five percent of all food and food products purchased by  
12 such state agency shall be New York state food products; and

13 (iv) on or before December thirty-first, two thousand twenty-eight and  
14 thereafter, at least thirty percent of all food and food products  
15 purchased by such state agency shall be New York state food products.

16 (b) To meet the goal set forth in this subdivision, when a state agen-  
17 cy's contract for the purchase of food or food products is to be awarded  
18 to the lowest responsible bidder, an otherwise qualified bidder who will  
19 fulfill the contract through the use of New York state food products may  
20 be given preference over other bidders, provided that the cost included  
21 in the bid of New York state food products is not more than ten percent  
22 greater than the cost included in a bid that is not for New York state

24 3. The provisions of this section shall not apply if the head of the  
25 contracting state agency purchasing food or food products, in his or her

27 food products pursuant to the provisions in subdivision one of this  
28 section would be against the public interest; (b) purchasing New York  
29 state food or food products would increase the cost of the contract by  
30 an unreasonable amount; (c) New York state food products cannot be  
31 obtained in sufficient and reasonable available quantities and of satis-  
32 factory quality to meet the contracting state agency's requirements; or  
33 (d) purchasing food or food products grown, harvested, or produced  
34 outside of this state, or food processed in facilities inside or outside  
35 of this state comprising less than fifty-one percent agricultural raw  
36 materials grown, harvested, or produced in this state, by weight or  
37 volume, is necessary to avoid a delay in the delivery of food or food  
38 products.

39 4. Nothing in this section shall be construed to conflict with or  
40 otherwise limit the goals and requirements set forth by section one  
41 hundred sixty-two of the this article and articles fifteen-A and seven-  
42 teen-B of the executive law. Any contracts meeting the goals and  
43 requirements set forth by this section, in addition to requirements set  
44 forth by section one hundred sixty-two of this article and/or articles  
45 fifteen-A and seventeen-B of the executive law, shall be counted toward  
46 all applicable goals and requirements it may satisfy.

47 5. The commissioner, in conjunction with the commissioner of agricul-  
48 ture and markets shall periodically, but no later than every three  
49 years, review the New York state food and food product goals and
