2 automation or technical services thereto, or (G) principally used as a
3 qualified film production facility including qualified film production
4 facilities having a situs in an empire zone designated as such pursuant
5 to article eighteen-B of the general municipal law, where the taxpayer
6 is providing three or more services to any qualified film production
7 company using the facility, including such services as a studio lighting
8 grid, lighting and grip equipment, multi-line phone service, broadband
9 information technology access, industrial scale electrical capacity,
10 food services, security services, and heating, ventilation and air
11 conditioning. For purposes of clauses (D), (E) and (F) of this subpara-
12 graph, property purchased by a taxpayer affiliated with a regulated
13 broker, dealer, registered investment advisor, national securities
14 exchange or board of trade, is allowed a credit under this subdivision
15 if the property is used by its affiliated regulated broker, dealer,
16 registered investment advisor, national securities exchange or board of
17 trade in accordance with this subdivision. For purposes of determining
18 if the property is principally used in qualifying uses, the uses by the
19 taxpayer described in clauses (D) and (E) of this subparagraph may be
20 aggregated. In addition, the uses by the taxpayer, its affiliated regu-
21 lated broker, dealer and registered investment advisor under either or
22 both of those clauses may be aggregated. Provided, however, a taxpayer
23 shall not be allowed the credit provided by clauses (D), (E) and (F) of
24 this subparagraph unless the property is first placed in service before
25 October first, two thousand fifteen and (i) eighty percent or more of
26 the employees performing the administrative and support functions
27 resulting from or related to the qualifying uses of such equipment are
28 located in this state or (ii) the average number of employees that
29 perform the administrative and support functions resulting from or

31 state during the taxable year for which the credit is claimed is equal
32 to or greater than ninety-five percent of the average number of employ-
33 ees that perform these functions and are located in this state during
34 the thirty-six months immediately preceding the year for which the cred-
35 it is claimed, or (iii) the number of employees located in this state
36 during the taxable year for which the credit is claimed is equal to or
37 greater than ninety percent of the number of employees located in this
38 state on December thirty-first, nineteen hundred ninety-eight or, if the
39 taxpayer was not a calendar year taxpayer in nineteen hundred ninety-
40 eight, the last day of its first taxable year ending after December
41 thirty-first, nineteen hundred ninety-eight. If the taxpayer becomes
42 subject to tax in this state after the taxable year beginning in nine-
43 teen hundred ninety-eight, then the taxpayer is not required to satisfy
44 the employment test provided in the preceding sentence of this subpara-
45 graph for its first taxable year. For purposes of clause (iii) of this
46 subparagraph the employment test will be based on the number of employ-
47 ees located in this state on the last day of the first taxable year the
48 taxpayer is subject to tax in this state. If the uses of the property
49 must be aggregated to determine whether the property is principally used
50 in qualifying uses, then either each affiliate using the property must
51 satisfy this employment test or this employment test must be satisfied
52 through the aggregation of the employees of the taxpayer, its affiliated
53 regulated broker, dealer, and registered investment advisor using the
54 property. For purposes of clause (A) of this subparagraph, tangible
55 personal property and other tangible property shall not include property
56 principally used by the taxpayer in the production or distribution of

1 electricity, natural gas after extraction from wells, steam, or water
2 delivered through pipes and mains. For purposes of this subdivision,
3 tangible personal property and other tangible property does not include
4 property that directly produces, transmits, distributes, transports, or
5 stores fossil fuels as defined in section 1-103 of the energy law, or
6 directly utilizes fossil fuels for the production of on-site energy,
7 including thermal energy, for any purpose.

8 § 7. Subdivision (m) of section 301-a of the tax law, as added by
9 section 20 of part K of chapter 61 of the laws of 2011, is amended to
10 read as follows:

11 (m) Special rate adjustment for certain vessels. Notwithstanding any
12 provision of this section to the contrary, the use of non-highway diesel
13 motor fuel in the engine of a vessel to propel such vessel shall be
14 subject to tax at the motor fuel and highway diesel motor fuel rate
15 provided for in this section, and shall be subject to the provisions of
16 section three hundred one-j of this article, including the adjustment
17 set forth in paragraph [~~four~~] three of subdivision (a) of such section
18 three hundred one-j. A credit or refund shall be available to the extent
19 tax paid on gallonage used to propel any such vessel exceeds the amount
20 of tax due based on the tax rate set forth herein. Provided, however,
21 that the commissioner shall require such documentary proof to qualify
22 for any credit or reimbursement provided hereunder as the commissioner
23 deems appropriate.

27 applicable to the taxes imposed by sections three hundred one-a and
28 three hundred one-e of this article, shall apply with respect to the
29 supplemental tax imposed by this section to the same extent as if it
30 were respectively imposed by such sections.

31 § 17. Subparagraph (A) of paragraph 2 of subsection (a) of section 606
32 of the tax law, as amended by section 3 of part P of chapter 59 of the
33 laws of 2017, is amended to read as follows:

34 (A) A credit shall be allowed under this subsection with respect to
35 tangible personal property and other tangible property, including build-
36 ings and structural components of buildings, which are: depreciable
37 pursuant to section one hundred sixty-seven of the internal revenue
38 code, have a useful life of four years or more, are acquired by purchase
39 as defined in section one hundred seventy-nine (d) of the internal
40 revenue code, have a situs in this state and are (i) principally used by
41 the taxpayer in the production of goods by manufacturing, processing,
42 assembling, refining, mining, extracting, farming, agriculture, horti-
43 culture, floriculture, viticulture or commercial fishing, (ii) indus-
44 trial waste treatment facilities or air pollution control facilities,
45 used in the taxpayer's trade or business, (iii) research and development
46 property, (iv) principally used in the ordinary course of the taxpayer's
47 trade or business as a broker or dealer in connection with the purchase
48 or sale (which shall include but not be limited to the issuance, enter-
49 ing into, assumption, offset, assignment, termination, or transfer) of
50 stocks, bonds or other securities as defined in section four hundred
51 seventy-five (c)(2) of the Internal Revenue Code, or of commodities as
52 defined in section 475(e) of the Internal Revenue Code, (v) principally
53 used in the ordinary course of the taxpayer's trade or business of
54 providing investment advisory services for a regulated investment compa-
55 ny as defined in section eight hundred fifty-one of the Internal Revenue
56 Code, or lending, loan arrangement or loan origination services to

1 customers in connection with the purchase or sale (which shall include
2 but not be limited to the issuance, entering into, assumption, offset,
3 assignment, termination, or transfer) of securities as defined in
4 section four hundred seventy-five (c)(2) of the Internal Revenue Code,
5 or (vi) principally used as a qualified film production facility includ-
6 ing qualified film production facilities having a situs in an empire
7 zone designated as such pursuant to article eighteen-B of the general
8 municipal law, where the taxpayer is providing three or more services to
9 any qualified film production company using the facility, including such
10 services as a studio lighting grid, lighting and grip equipment, multi-
11 line phone service, broadband information technology access, industrial
12 scale electrical capacity, food services, security services, and heat-
13 ing, ventilation and air conditioning. For purposes of clauses (iv) and
14 (v) of this subparagraph, property purchased by a taxpayer affiliated
15 with a regulated broker, dealer, or registered investment adviser is
16 allowed a credit under this subsection if the property is used by its
17 affiliated regulated broker, dealer or registered investment adviser in
18 accordance with this subsection. For purposes of determining if the
19 property is principally used in qualifying uses, the uses by the taxpay-
20 er described in clauses (iv) and (v) of this subparagraph may be aggre-
21 gated. In addition, the uses by the taxpayer, its affiliated regulated
22 broker, dealer and registered investment adviser under either or both of
23 those clauses may be aggregated. Provided, however, a taxpayer shall not
24 be allowed the credit provided by clauses (iv) and (v) of this subpara-
25 graph unless (I) eighty percent or more of the employees performing the
26 administrative and support functions resulting from or related to the
27 qualifying uses of such equipment are located in this state, or (II) the
28 average number of employees that perform the administrative and support
29 functions resulting from or related to the qualifying uses of such
30 equipment and are located in this state during the taxable year for
31 which the credit is claimed is equal to or greater than ninety-five
32 percent of the average number of employees that perform these functions
33 and are located in this state during the thirty-six months immediately
34 preceding the year for which the credit is claimed, or (III) the number
35 of employees located in this state during the taxable year for which the
36 credit is claimed is equal to or greater than ninety percent of the
37 number of employees located in this state on December thirty-first,
38 nineteen hundred ninety-eight or, if the taxpayer was not a calendar
39 year taxpayer in nineteen hundred ninety-eight, the last day of its
40 first taxable year ending after December thirty-first, nineteen hundred
41 ninety-eight. If the taxpayer becomes subject to tax in this state after
42 the taxable year beginning in nineteen hundred ninety-eight, then the
43 taxpayer is not required to satisfy the employment test provided in the
44 preceding sentence of this subparagraph for its first taxable year. For
45 the purposes of clause (III) of this subparagraph the employment test
46 will be based on the number of employees located in this state on the
47 last day of the first taxable year the taxpayer is subject to tax in
48 this state. If the uses of the property must be aggregated to determine
49 whether the property is principally used in qualifying uses, then either
50 each affiliate using the property must satisfy this employment test or
51 this employment test must be satisfied through the aggregation of the
52 employees of the taxpayer, its affiliated regulated broker, dealer, and
53 registered investment adviser using the property. For purposes of clause
54 (i) of this subparagraph, tangible personal property and other tangible
55 property shall not include property principally used by the taxpayer in
56 the production or distribution of electricity, natural gas after

1 extraction from wells, steam, or water delivered through pipes and
2 mains. For purposes of this subsection, tangible personal property and
3 other tangible property does not include property that directly produc-
4 es, transmits, distributes, transports, or stores fossil fuels as
5 defined in section 1-103 of the energy law, or directly utilizes fossil
6 fuels for the production of on-site energy, including thermal energy,
7 for any purpose.

8 § 18. Paragraph 3 of subdivision (b) of section 21 of the tax law, as
9 amended by chapter 420 of the laws of 2006, clause (i) of subparagraph

39 under this subparagraph shall be deemed to have been placed in service
40 for the purposes of paragraph three of subdivision (a) of this section
