STATE OF NEW YORK

3521

2023-2024 Regular Sessions

IN SENATE

January 31, 2023

Introduced by Sen. FERNANDEZ -- read twice and ordered printed, and when printed to be committed to the Committee on Health

AN ACT to amend the public health law, in relation to requiring health practitioners to discuss with patients the risks associated with certain pain medications before prescribing such medications; and in relation to opioid analysesic prescriptions

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

- 1 Section 1. The public health law is amended by adding a new section 2 3309-b to read as follows:
- § 3309-b. Practitioner and patient discussions; opioid prescriptions.

 1. Prior to issuing the initial prescription of a Schedule II controlled

 substance for the treatment of pain or any other opioid drug which is a

 prescription drug for acute or chronic pain and again prior to issuing

 the third prescription of the course of treatment, a practitioner shall

 discuss with the patient, or the patient's parent or guardian if the

 patient is under eighteen years of age and is not an emancipated minor,

 the risks associated with the drugs being prescribed, including but not

 limited to:
- 12 <u>(a) the risks of addiction and overdose associated with opioid drugs</u>
 13 <u>and the dangers of taking opioid drugs with alcohol, benzodiazepines and</u>
 14 <u>other central nervous system depressants;</u>
 - (b) the reasons why the prescription is necessary;
- 16 (c) alternative treatments that may be available; and
- 17 (d) the risks associated with the use of the drugs being prescribed,
- 18 specifically that opioids are highly addictive, even when taken as
- 19 prescribed, that there is a risk of developing a physical or psycholog-
- 20 ical dependence on the controlled substance, and that the risks of
- 21 taking more opioids than prescribed, or mixing sedatives, benzodiaze-
- 22 pines or alcohol with opioids, can result in fatal respiratory
- 23 <u>depression</u>.

15

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

2. The department shall develop and make available to practitioners guidelines for the discussion required by this section.

- § 2. The public health law is amended by adding a new section 3309-c to read as follows:
- § 3309-c. Opioid analgesic prescription. 1. For the first opioid analgesic prescription of a calendar year that is greater than a one week's supply, the prescribing physician shall counsel the patient on the risks of overdose, and inform the patient of the availability of an opioid antagonist, including, but not limited to, naloxone.
- 10 2. For the purposes of this section, the following terms shall have 11 the following meanings:
- (a) "Opioid analgesics" means the medicines buprenorphine, butorphanol, codeine, hydrocodone, hydromorphone, levorphanol, meperidine, 13 methadone, morphine, nalbuphine, oxycodone, oxymorphone, pentazocine, 14 15 propoxyphene as well as their brand names, isomers and combinations.
- (b) "Opioid antagonist" means an FDA-approved drug that, when adminis-16 17 tered, negates or neutralizes in whole or in part the pharmacological effects of an opioid in the body. The opioid antagonist is limited to 18 naloxone or other medications approved by the department for this 19 purpose. 20
- 21 § 3. This act shall take effect on the one hundred twentieth day after 22 shall have become a law. Effective immediately, the addition, amend-23 ment and/or repeal of any rule or regulation necessary for the implementation of this act on its effective date are authorized to be made and 24 completed on or before such effective date.
